⚠ WARNINGS AND CAUTIONS

- Prepare everything in a clear area
- Read instructions carefully before you start assembly
- Keep this installation sheet for future reference

Please Note:

- For your safety this lamp is outfitted with a polarized plug (one blade is wider than the other). If the plug does not fit securely into the outlet, do not force it - contact a licensed electrician. The plug can be used with an extension cord only if it can be fully inserted into the cord's socket. Never alter the plug in any way
- 120V input

NOTICE

- The important safeguards and instructions outlined in this sheet cannot cover all possible conditions and situations that may occur. It must be understood that caution and certain care factors must be followed. These instructions are provided for your safety and we highly recommend that a licensed, trained electrician install this unit.

ASSEMBLY INSTRUCTIONS

Step 1

Remove fixture from its original package

Step 2

Install recommended lamps (1a) (not provided) (referred on the socket label for maximum wattage and type) into fixture sockets.

Step 3

Insert plug (1c) into outlet.

Step 4

Use switch (1b) to turn ON/OFF.

You are now ready to enjoy your fixture.
