

LED Multi Pendant

MP3004-04

INSTALLATION SHEET

START FROM HERE

- Make sure **POWER** is **COMPLETELY OFF** at the fuse box
- Have your fixture installed by a qualified licensed electrician
- Prepare everything in a clear area
- Wear gloves at all time during this installation
- Read instructions carefully before you start assembly
- Keep this installation sheet for future reference

Technical Support: 1-855-855-8926

Please Note:

- This Kuzco LED fixture comes with pre-wired LED module(s)
- Unless instructed, Do Not touch any part of the LED module(s) as any unnecessary contact with the module could cause permanent damage
- Use ELV (Electronic Low Voltage) type of dimmer for dimming application
- 120V input

1. Remove the fixture from it's original packaging
2. Separate the mounting plate (1c) from the canopy (2a) by removing the decorative nuts (2c)
3. Align mounting plate screws (1d) to desired orientation, and then attach mounting plate (1c) to electrical junction box (1a) using junction box screws provided (1e) in hardware package
4. Make sure to reinforce the wood behind the drywall and secure mounting plate (1c) to mounting surface with screws (1g) and anchors (1f)
5. To change fixture height, push and hold wire gripper (2g), slide wire to desired length and then release wire gripper (2g) to secure
6. Make proper electrical connections (black to hot "L", white to neutral "N", ground to "GND") with wire nuts (1b) provided in hardware package
7. Attach glass (3b) to LED engine (3a) and secure by threading clockwise.
8. Align and insert mounting plate screws (1d) through holes on canopy (2a), secure with decorative nuts (2c)
9. Fine tune wire length if necessary, by push and hold wire gripper (2g) and then adjust wire to desired length
