LED Vanity

START FROM HERE

- Make sure **POWER** is **COMPLETELY OFF** at the fuse box
- Have your fixture installed by a qualified licensed electrician
- Prepare everything in a clear area
- Wear gloves at all time during this installation
- Read instructions carefully before you start assembly
- Keep this installation sheet for future reference

Technical Support: 1-855-855-8926

Please Note:
- This Kuzco LED fixture comes with pre-wired LED module(s)
- Unless instructed, Do Not touch any part of the LED module(s) as any unnecessary contact with the module could cause permanent damage
- For dimming, an ELV (Electronic Low Voltage) or TRIAC type of dimmer is required
- 120-277V input

1. Remove the fixture from its original packaging. Next, remove the mounting plate **(1c)** from the canopy **(2b)** by removing the screws **(2a)**. Secure the mounting plate **(1c)** to the electrical junction box **(1a)** (through backplate **(1e)**,in case of illustration-2) with screws **(1d)** provided in the hardware package.

2. You are now ready to mount the canopy to the mounting bar. First connect all wires **(1b)** correctly black to black "L", white to white "N" and the ground wire with provided marrettes from the hardware package. Attach the canopy **(2b)** to mounting plate **(1c)** and secure with screws **(2a)**

3. You have now completed the installation of your fixture, enjoy.
