Corporation

Customer Coating Data Sheet

Liner Description/Color: 36S67AA/Gold

Film Resin: Epoxy Phenolic

Use: Solvent based products

Component: Plug, ring, body & bottom

FDA Status: Compliant 175.300

Application Method: Roll coat

Cure Temperature: 385°F PMT

Compatibility

Formulated products have different characteristics and do not always perform the same. In the absence of commercial packaging history, commodity testing is suggested to confirm liner and product compatibility. Testing should be conducted prior to commercial filling.
