21-1053

CORE ATTRIBUTES

SKU	21-1053
Name	Oil Only Pillows 50cm x 40cm

MARKETING

Features & Benefits	• SHighly effective for spill response, with a large surface area that accelerates absorption and reduces overall clean-up time on both land and water • Bright white outer cover provides excellent visibility and makes it easy to identify when the pillow is fully saturated, helping prevent premature disposal and saving costs • Versatile performance on land or water, the pillow remains buoyant even when saturated, making it ideal for marine or shoreline applications • Exceptional fluid retention ensures captured oils remain inside the pillow • Clips positioned 60cm from each end enable fast, reliable connection and improve deployment efficiency • Constructed from premium polypropylene, delivering high absorbency, durability, and consistent performance in demanding environments
