

CORE ATTRIBUTES

SKU	2GLBOOM133
Name	Maintenance Land Boom 13cm x 3m

MARKETING

Features & Benefits	• Tough spunbond outer cover enhances strength and durability, ensuring the boom holds its shape and performance throughout use • High-retention absorbent core locks in liquids securely and prevents leaks or dripping, even at full capacity • Heavy-duty design ideal for managing medium to large spills in industrial and maintenance environments • Flexible, easy-to-position tubular form allows the boom to curve neatly around spill zones and machinery bases for efficient control • 13cm diameter format offers versatile placement while maintaining strong absorption volume • Manufactured from high-quality polypropylene, delivering reliable absorption and consistent performance across a wide range of non-aggressive liquids
