

CORE ATTRIBUTES

SKU	75-2055
Name	Maintenance Socks 7.5cm x 3m- Knitted

MARKETING

Features & Benefits	• Durable cotton-knitted outer sleeve provides excellent strength, flexibility and long-lasting performance while enhancing liquid retention • High fluid retention ensures spills are absorbed and contained effectively without dripping, even when the sock is fully saturated • Premium polypropylene absorbent core delivers reliable absorption • Flexible tubular design allows the sock to be shaped easily around machinery bases, workstations or spill edges for fast, effective containment • Available in both 1.2m and 3m lengths, offering versatility for small spills through to extended perimeter containment
