

77-2000

77-2000

CORE ATTRIBUTES

SKU	77-2000
Name	Maintenance Socks 7.5cm x 1.2m

MARKETING

Features & Benefits	• Durable spunbond outer skin provides excellent strength and abrasion resistance while maximising liquid retention during use • High fluid retention performance ensures spills are contained effectively without dripping, even when the sock is fully saturated • Premium polypropylene absorbent fill delivers reliable absorption • Flexible tubular design allows the sock to wrap easily around machinery bases, spill perimeters or equipment to control and prevent spreading • Available in 1.2m and 3m lengths, offering adaptable solutions for both small-scale incidents and extended containment requirements
