

CORE ATTRIBUTES

SKU	48-06MP
Name	Site Mate Absorbent Mat 600 x 400mm - 5pk

MARKETING

Features & Benefits	• Selective oil-absorbing core captures hydrocarbons while repelling water • Durable surface mesh protects internal absorbent layers from wear and traffic • Reinforced perimeter edge maintains shape and prevents fluid escape • High-capacity fibre matrix maximises oil uptake and retention • Secondary oil-locking layer reduces surface pooling and migration • Tough backing layer contains absorbed liquids and helps prevent ground contamination • Convenient 5-pack format provides multiple mats for wider coverage, staged placement, or easy replacement in high-use areas
