## Booklet & curriculum material storage

Gratnells trays can be purchased separately to keep booklets and teacher resources together with the kits they belong to.

Compact Deep Tray in Translucent

|                |                      |
|----------------|----------------------|
| Product code   | N0220                |
| Dimensions     | H6 x W12.2 x D14.7in |
| Product weight | 1.23lb               |

Gratnells Compact Deep Tray will fit Lego booklets for up to 8 kits and can be placed on top of the cart.

## Clever selling with full kit solutions

### Top 3 reasons to sell in bundles

1

#### Turn individual kit sales into full-class orders

Gives schools a clear reason to move to 6–8 kits per class

2

#### Increase order value instantly

The cart costs less than one kit but enables a significantly larger sale

3

#### Offer a complete school solution

Central storage makes it practical to share kits across classrooms, helping schools justify spend and maximize value per student

Bundle

1

6 kits + cart

Bundle

2

8 kits + cart + pockets

Clear upgrade path

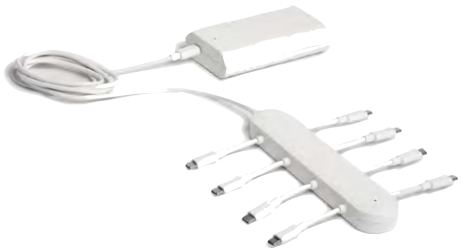

Supports higher-value orders

Easy to present and specify

## Flexible Storage. Official Charging. Outstanding Value.

8-port USB-C docking station. Charge 8 devices simultaneously.

Combine the Gratnells Cart with the Official LEGO® Education Multi Charger to offer a complete storage and charging solution at an attractive price point. Devices can be placed in a Gratnells tray and charged with the LEGO® Education Multi Charger enabling it to be moved between classrooms as needed.

The result is a lighter, more affordable solution that can be scaled across classrooms and whole-school deployments, while creating valuable add-on sales opportunities for distributors and resellers.

Official LEGO® Education Multi Charger available separately through LEGO® Education distributors.

# One system. Whole school impact.

Gratnells brings order to the chaos of creativity, giving every LEGO® brick, bot and bright idea a place to belong.
