

Declaration of Conformity Metalwork

We hereby declare that, to the best of our knowledge and based on information provided by our approved raw material and component suppliers, our metalwork products, including metal frames, trolleys, storage systems and associated metal components, comply with the applicable requirements of the following standards (latest editions):

BS EN 16121 – Storage furniture – Strength, durability and stability requirements

BS EN 10305-3 – Precision steel tubes (welded, square and rectangular)

BS EN 10305-5 – Precision steel tubes (cold drawn, round and oval)

BS EN 12530 – Castors and wheels

ISO 22196:2011 - Determination of Antibacterial Activity – Antimicrobial Coating

In addition, we declare that the above products comply with the applicable chemical regulatory requirements of:

REACH Regulation (EC) No 1907/2006

POPs Regulation (EU) 2019/1021

PFAS, in accordance with current European Union regulatory restrictions

This declaration is based on compliance documentation and declarations provided by approved suppliers, selected verification testing performed as part of our quality and compliance assurance activities, and our knowledge of the manufacturing processes, which involve mechanical fabrication and surface finishing operations.

We do not intentionally use any substances restricted or prohibited under the above-mentioned regulations in the manufacture of our products. The absence of restricted substances has not been verified through comprehensive analytical testing of every batch. Compliance is primarily declared based on supplier information, which they are legally obliged to provide. Therefore, trace levels of restricted substances cannot be completely excluded as unintentional impurities.

This declaration is issued in good faith based on the information available at the date of issue and remains valid unless the product design, materials, manufacturing processes or applicable legislation and standards are updated.
