

Next Generation Flex-Phones™ Virtually Indestructible Foam Headphones with USB-C

KIDS-BBC2

Flex-Phones™: The Unbreakable Sound Adventure for Kids – Now Introducing the Next-Generation Flex-Phones™ with USB-C!

Built for nonstop energy and designed for the way kids learn and play today, the next-generation Flex-Phones™ take durability and convenience to a whole new level. Made from a single piece of ultra-flexible EVA foam, these headphones are engineered to bend, twist, and handle everyday classroom or playtime chaos—without ever missing a beat.

Whether it's learning, gaming, or exploring music, Flex-Phones™ deliver safe, reliable sound in a design that grows with your child.

Next-Generation Highlights:

- **Virtually Indestructible Design:** Crafted from non-toxic, BPA-free EVA foam that stands up to drops, bends, and everyday wear
- **Kid-Safe Audio:** Volume-limited to a maximum of 85dB to help protect developing ears
- **Adjustable, Grow-With-Me Fit:** Includes a snap-on headband extension for long-term comfort
- **Modern USB-C Connectivity:** Easy, universal compatibility with today's devices—no adapters needed
- **Certified Safe:** Meets major U.S. and international child safety standards for peace of mind

Let imagination run wild without worrying about wear and tear. With the next-generation Flex-Phones™, kids get the freedom to play, learn, and listen—while you get headphones built to last!
