

HamiltonBuhl®

Deluxe Active Noise-Cancelling 3.5mm Headphone with USB-C Headset Conversion Cable & Case

NCHBC13

One Headphone. Two Ways to Connect.

The HamiltonBuhl® NCHBC13 is a versatile active noise-cancelling headphone that quickly converts into a USB-C headset using the included detachable USB-C cable with in-line microphone. Use the removable 3.5mm cable for standard headphone listening or switch to the USB-C cable for calls, meetings, online learning, and more. Compatible with laptops, desktops, tablets, and smartphones. Includes a protective carry case. Prop 65 compliant.

THIS KIT CONTAINS:

**HamiltonBuhl® Deluxe Active Noise-Cancelling Headphones
with removable USB-C Conversion Cable**

Active Noise-Cancelling Headphones (NCHBC1) are expertly engineered to reduce disruptive background noise so you can focus, listen, and think clearly. Advanced active noise-cancelling technology targets and minimizes low-frequency sounds commonly found in busy classrooms, offices, and other noisy settings.

Headset Conversion Cord for HamiltonBuhl® Deluxe Active Noise-Cancelling Headphones (Removable)

With this cord in hand, easily convert HamiltonBuhl® Deluxe Noise-Cancelling Headphones (NCHBC1) into a headset with an in-line microphone! Whether taking a test requiring verbal responses, or joining a conference call, you are free to participate and be heard clearly while the Deluxe Noise-Cancelling headphones, converted into a headset, actively cancels out distracting and disruptive noises around you! With its amazing active noise-cancelling technology, this converted headset is ideal for use with tablets, mobile devices and any unit with a USB-C port.
