

Burn Sheet

Sterile 60"x 90"

Dealmed Burn Sheets provide immediate sterile coverage to help protect burn patients from contamination and additional trauma. Made from durable, tear-resistant spunbonded material, this generously sized sheet is designed to wrap completely around a patient for effective full-body protection. Each sheet is individually sealed in an airtight poly bag for improved hygiene and convenient storage, making it a dependable choice for EMS teams, hospitals, and trauma response kits.
