PRELIMINARY OFFICIAL STATEMENT DATED FEBRUARY 9, 2016

NEW ISSUE BOOK-ENTRY ONLY

BOOK-ENTRY ONLY

See "RATING"

In the opinion of Sherman & Howard L.L.C., Bond Counsel, assuming continuous compliance with certain covenants

RATING: "S&P": "AA-"

In the opinion of Sherman & Howard L.L.C., Bond Counsel, assuming continuous compliance with certain covenants described herein, interest on the Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date of delivery of the Bonds (the "Tax Code"), and interest on the Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code except that such interest is required to be included in calculating the "adjusted current earnings" adjustment applicable to corporations for purposes of computing the alternative minimum taxable income of corporations as described herein. See "TAX MATTERS."

\$18,800,000* CITY OF SPARKS, NEVADA GENERAL OBLIGATION (LIMITED TAX) MEDIUM-TERM FLOOD CONTROL BONDS SERIES 2016

Dated: Date of Delivery

Due: March 1, as shown herein

The Bonds are issued as fully registered bonds in denominations of \$5,000 or any integral multiple thereof. The Bonds initially will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), securities depository for the Bonds. Purchases of the Bonds are to be made in book-entry form only. Purchasers will not receive certificates representing their beneficial ownership interest in the Bonds. See "THE BONDS – Book-Entry Only System." The Bonds bear interest at the rates set forth herein payable semiannually on March 1 and September 1 of each year, commencing September 1, 2016. Interest will be paid to and including the maturity dates shown herein (unless the Bonds are redeemed earlier), to the registered owners of the Bonds (initially Cede & Co.). The principal of the Bonds will be payable upon presentation and surrender at the principal operations office of U.S. Bank National Association, or its successor as the paying agent for the Bonds. See "THE BONDS – Payment Provisions."

The maturity schedule for the Bonds appears on the inside cover page of this Official Statement.

The Bonds are subject to redemption prior to maturity at the option of the City as described in "THE BONDS – Redemption Provisions." At the option of the winning bidder, certain of the Bonds may also be subject to mandatory sinking fund redemption.

Proceeds of the Bonds will be used to: (i) acquire, construct, improve and equip flood control and drainage projects in the City; and (ii) pay the costs of issuing the Bonds. See "SOURCES AND USES OF FUNDS."

The Bonds constitute direct and general obligations of the City and the full faith and credit of the City is pledged for the payment of principal and interest thereon, subject to the limitations imposed by the constitution and laws of the State of Nevada (including limitations on the City's operating levies with respect to the Bonds). See "SECURITY FOR THE BONDS – General Obligations."

This cover page contains certain information for quick reference only. It is not a summary of the issue. Investors must read the entire Official Statement to obtain information essential to making an informed investment decision.

The Bonds are offered when, as, and if issued and accepted by the initial purchaser, subject to the approval of legality of the Bonds by Sherman & Howard L.L.C., Reno, Nevada, Bond Counsel, and the satisfaction of certain other conditions. Sherman & Howard L.L.C. has also acted as special counsel to the City in connection with the preparation of this Official Statement. Certain legal matters will be passed upon for the City by the City Attorney. JNA Consulting Group, LLC, Boulder City, Nevada, is acting as the Financial Advisor to the City. It is expected that the Bonds will be available for delivery through the facilities of DTC, on March 3, 2016.*

^{*} Preliminary, subject to change.

USE OF INFORMATION IN THIS OFFICIAL STATEMENT

This Official Statement, which includes the cover page, the inside cover page and the appendices, does not constitute an offer to sell or the solicitation of an offer to buy any of the Bonds in any jurisdiction in which it is unlawful to make such offer, solicitation, or sale. No dealer, salesperson, or other person has been authorized to give any information or to make any representations other than those contained in this Official Statement in connection with the offering of the Bonds, and if given or made, such information or representations must not be relied upon as having been authorized by the City. The City maintains an internet website; however, the information presented there is not a part of this Official Statement and should not be relied upon in making an investment decision with respect to the Bonds.

The information set forth in this Official Statement has been obtained from the City and from the other sources referenced throughout this Official Statement, which the City believes to be reliable. No guarantee is made by the City, however, as to the accuracy or completeness of information provided from sources other than the City. This Official Statement contains, in part, estimates and matters of opinion that are not intended as statements of fact, and no representation or warranty is made as to the correctness of such estimates and opinions, or that they will be realized.

The information, estimates, and expressions of opinion contained in this Official Statement are subject to change without notice, and neither the delivery of this Official Statement nor any sale of the Bonds shall, under any circumstances, create any implication that there has been no change in the affairs of the City, or in the information, estimates, or opinions set forth herein, since the date of this Official Statement.

This Official Statement has been prepared only in connection with the original offering of the Bonds, and not in connection with any subsequent sale or transfer of the Bonds, and may not be reproduced or used in whole or in part for any other purpose.

The Bonds have not been registered with the Securities and Exchange Commission due to certain exemptions contained in the Securities Act of 1933, as amended. The Bonds have not been recommended by any federal or state securities commission or regulatory authority, and the foregoing authorities have neither reviewed nor confirmed the accuracy of this document.

THE PRICES AT WHICH THE BONDS ARE OFFERED TO THE PUBLIC BY THE INITIAL PURCHASER (AND THE YIELDS RESULTING THEREFROM) MAY VARY FROM THE INITIAL PUBLIC OFFERING PRICES OR YIELDS APPEARING ON THE INSIDE COVER PAGE HEREOF. IN ADDITION, THE INITIAL PURCHASER MAY ALLOW CONCESSIONS OR DISCOUNTS FROM SUCH INITIAL PUBLIC OFFERING PRICES TO DEALERS AND OTHERS. IN ORDER TO FACILITATE DISTRIBUTION OF THE BONDS, THE INITIAL PURCHASER MAY ENGAGE IN TRANSACTIONS INTENDED TO STABILIZE THE PRICE OF THE BONDS AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

OFFICIAL STATEMENT

\$18,800,000* CITY OF SPARKS, NEVADA GENERAL OBLIGATION (LIMITED TAX) MEDIUM-TERM FLOOD CONTROL BONDS SERIES 2016

INTRODUCTION

General

This Official Statement, including the cover page, the inside cover page and the appendices, is furnished by the City of Sparks, Nevada (the "City" and the "State," respectively), to provide information about the City and its \$18,800,000* General Obligation (Limited Tax) Medium-Term Flood Control Bonds, Series 2016 (the "Bonds"). The Bonds will be issued pursuant to an ordinance (the "Bond Ordinance") to be adopted by the City Council of the City (the "City Council") on February 8, 2016. Capitalized terms used herein that are otherwise not defined have the meanings ascribed to them in the Bond Ordinance.

The offering of the Bonds is made only by way of this Official Statement, which supersedes any other information or materials used in connection with the offer or sale of the Bonds. The following introductory material is only a brief description of and is qualified by the more complete information contained throughout this Official Statement. A full review should be made of the entire Official Statement and the documents summarized or described herein. Detachment or other use of this "INTRODUCTION" without the entire Official Statement, including the cover page, the inside cover page and the appendices, is unauthorized.

The Issuer

The City is a political subdivision of the State. The City was incorporated in 1905 and is the second-largest city in Washoe County (the "County"). The City encompassed approximately 35.81 square miles as of April 2011 (most recent figure available) and is located at the base of the Sierra Nevada Mountains. The City is located on Interstate 80 approximately 220 miles east of San Francisco, California, and is about 25 miles east of Lake Tahoe. The State Demographer's office estimated the City's population to be 92,396 as of July 1, 2014 (most recent figure available). See "THE CITY."

Purpose

The proceeds of the Bonds will be used to: (i) finance the acquisition, construction, improvement and equipment of flood control and drainage projects in the City (the "Project"); and (ii) pay the costs of issuing the Bonds. See "SOURCES AND USES OF FUNDS."

Authority for Issuance

The Bonds are issued pursuant to the laws of the State, including: Chapter 470, Statutes of Nevada 1975, as amended (the "Charter"); Nevada Revised Statutes ("NRS") 268.672 through 268.740, inclusive (the "City Bond Law"); NRS 350.087 through 350.095, as amended (the "Bond Act"); NRS Chapter 348 (the "Supplemental Bond Law"); and the Bond Ordinance.

-

^{*} Preliminary, subject to change.

Security for the Bonds

General Obligations. The Bonds are direct and general obligations of the City, payable as to principal and interest from annual general (ad valorem) taxes levied against all taxable property within the City (except to the extent any other moneys are made available therefor), subject to State constitutional and statutory limitations on the City's operating levies and on the aggregate amount of ad valorem taxes. See "SECURITY FOR THE BONDS – General Obligations" and "PROPERTY TAX INFORMATION – Property Tax Limitations."

The Bonds; Redemption Provisions

The Bonds are issued in denominations of \$5,000 or integral multiples thereof and initially will be registered in the name of "Cede & Co.," as nominee of The Depository Trust Company ("DTC"), the securities depository for the Bonds. Purchases of the Bonds are to be made in book-entry form only. Purchasers will not receive certificates evidencing their beneficial ownership interest in the Bonds. See "THE BONDS – Book-Entry Only System."

The Bonds are dated as of their date of delivery and mature and bear interest (calculated based on a 360-day year consisting of twelve 30-day months) as set forth on the inside cover page of this Official Statement. See "THE BONDS." The payment of the principal of and interest on the Bonds is described in "THE BONDS – Payment Provisions."

The Bonds are subject to optional redemption prior to maturity at the option of the City as described in "THE BONDS – Redemption Provisions." At the option of the winning bidder, certain of the Bonds may also be subject to mandatory redemption.

Tax Matters

In the opinion of Sherman & Howard L.L.C., Bond Counsel, assuming continuous compliance with certain covenants described herein, interest on the Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date of delivery of the Bonds (the "Tax Code"), and interest on the Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code except that such interest is required to be included in calculating the "adjusted current earnings" adjustment applicable to corporations for purposes of computing the alternative minimum taxable income of corporations. See "TAX MATTERS – Federal Tax Matters."

Under the laws of the State in effect as of the date of delivery of the Bonds, the Bonds, their transfer, and the income therefrom are free and exempt from taxation by the State or any subdivision thereof except for the tax on estates imposed pursuant to Chapter 375A of NRS, and the tax on generation-skipping transfers imposed pursuant to Chapter 375B of NRS. See "TAX MATTERS – State Tax Exemption."

Professionals

Sherman & Howard L.L.C., Reno, Nevada, has acted as Bond Counsel in connection with the Bonds and also has acted as special counsel to the City in connection with this Official Statement. Certain legal matters will be passed on for the City by its City Attorney. The financial advisor to the City in connection with the issuance of the Bonds is JNA Consulting Group, LLC, Boulder City, Nevada (the "Financial Advisor"). See "FINANCIAL ADVISOR." The Comprehensive Annual Financial Report ("CAFR") of the City (contained in Appendix A to this Official Statement) includes the report of Eide Bailly, certified public accountants, Reno, Nevada. See "INDEPENDENT AUDITORS."

U.S. Bank National Association, Phoenix, Arizona, will act as Registrar and Paying Agent for the Bonds (the "Registrar" and "Paying Agent").

Continuing Disclosure Undertaking

The City will execute a continuing disclosure certificate (the "Disclosure Certificate") at the time of the closing for the Bonds. The Disclosure Certificate will be executed for the benefit of the beneficial owners of the Bonds and the City will covenant in the Bond Ordinance to comply with the terms of the Disclosure Certificate. The Disclosure Certificate will provide that so long as the Bonds remain outstanding, the City will provide the following information to the Municipal Securities Rulemaking Board, through the Electronic Municipal Market Access ("EMMA") system: (i) annually, certain financial information and operating data; and (ii) notice of the occurrence of certain material events; each as specified in the Disclosure Certificate. The form of the Disclosure Certificate is attached hereto as Appendix C. The City has never failed to materially comply with any prior continuing disclosure undertakings entered into pursuant to Rule 15c2-12 promulgated under the Securities Exchange Act of 1934.

Forward-Looking Statements

This Official Statement, particularly (but not limited to) any statements referring to budgeted or anticipated or unaudited financial information for fiscal years 2016 or future years, contains statements relating to future results that are "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. When used in this Official Statement, the words "estimate," "forecast," "intend," "expect" and similar expressions identify forward-looking statements. Any forward-looking statement is subject to uncertainty. Accordingly, such statements are subject to risks that could cause actual results to differ, possibly materially, from those contemplated in such forward-looking statements. Inevitably, some assumptions used to develop forward-looking statements will not be realized or unanticipated events and circumstances may occur. Therefore, investors should be aware that there are likely to be differences between forward looking statements and actual results. Those differences could be materially adverse to the owners of the Bonds and could impact the availability of revenues to pay debt service on the Bonds.

Bondholder Risks

The purchase of the Bonds involves certain investment risks that are discussed throughout this Official Statement. Accordingly, each prospective purchaser of the Bonds should make an independent evaluation of all of the information presented in this Official Statement in order to make an informed investment decision.

Secondary Market

No guarantee can be made that a secondary market for the Bonds will develop or be maintained by the initial purchaser of the Bonds (the "Initial Purchaser") or others. Thus, prospective investors should be prepared to hold their Bonds to maturity.

Additional Information

This introduction is only a brief summary of the provisions of the Bonds and the Bond Ordinance; a full review of the entire Official Statement should be made by potential investors. Brief descriptions of the City, the Project, the Bonds, the Bond Ordinance and other documents are included in this Official Statement. All references herein to the Bonds, the Bond Ordinance, and other documents are

qualified in their entirety by reference to such documents. This Official Statement speaks only as of its date and the information contained herein is subject to change.

Additional information and copies of the documents referenced above are available from the City and the Financial Advisor:

SOURCES AND USES OF FUNDS

Sources and Uses of Funds

The proceeds from the sale of the Bonds are expected to be applied in the following manner:

Sources and Uses of Funds

	<u>Amount</u>
SOURCES:	
Principal Amount of Bonds	
Plus/Less: net original issue premium/discount	
Total	
USES:	
The Project	
Costs of issuance (including u/w discount)	
Total	

Source: The Financial Advisor.

The Project

The net proceeds of the Bonds will be used to finance the Project, which includes the acquisition, construction, improvement and equipping of flood control and drainage projects in the City.

THE BONDS

General

The Bonds will be issued as fully registered bonds in denominations of \$5,000 or any integral multiple thereof. The Bonds will be dated as of their date of delivery and will bear interest (calculated on the basis of a 360-day year of twelve 30-day months) and mature as set forth on the inside cover page of this Official Statement. The Bonds initially will be registered in the name of "Cede & Co.," as nominee for DTC, the securities depository for the Bonds. Purchases of the Bonds are to be made in book-entry only form. Purchasers will not receive certificates evidencing their beneficial ownership interest in the Bonds. See "Book-Entry Only System" below.

Payment Provisions

Interest on the Bonds is payable on each March 1 and September 1 (each an "Interest Payment Date"), commencing on September 1, 2016, by check or draft mailed by the Paying Agent on or before the Interest Payment Date (or if such day is not a business day, on or before the next succeeding business day) to the person in whose name each Bond is registered (i.e., Cede & Co.) on the 15th day of the calendar month preceding the Interest Payment Date (the "Regular Record Date"), but any such interest not so timely paid or duly provided for shall cease to be payable to the person who is the registered owner thereof at the close of business on the Regular Record Date and shall be payable to the person who is the registered owner thereof at the close of business on a Special Record Date for the payment of any such defaulted interest. The Special Record Date shall be fixed by the Paying Agent whenever money becomes available for payment of the defaulted interest, and notice of the Special Record Date shall be given to the registered owners of the Bonds not less than 10 days prior thereto by first class mail to each such registered owner as shown on the Registrar's registration records on a date selected by the Registrar, stating the date of the Special Record Date and the date fixed for the payment of such defaulted interest. The Paying Agent may make payments of interest on any Bond by such alternative means as may be mutually agreed upon between the owner of such Bond and the Paying Agent. The principal of and redemption premium, if any, on any Bond, shall be payable to the registered owner thereof as shown on the registration records kept by the Registrar, upon maturity or prior redemption thereof and upon presentation and surrender at the Paying Agent. If any Bond shall not be paid upon such presentation and surrender at or after maturity, it shall continue to draw interest at the interest rate borne by the Bond until the principal thereof is paid in full. All such payments shall be made in lawful money of the United States of America.

Notwithstanding the foregoing, payments of the principal of and interest on the Bonds will be made directly to DTC or its nominee, Cede & Co., by the Paying Agent, so long as DTC or Cede & Co. is the registered owner of the Bonds. Disbursement of such payments to DTC's Participants (defined in Appendix B) is the responsibility of DTC, and disbursements of such payments to the Beneficial Owners (defined in Appendix B) is the responsibility of DTC's Participants and the Indirect Participants (defined in Appendix B), as more fully described herein. See "Book-Entry Only System" below.

Redemption Provisions

Optional Redemption of Bonds. The Bonds or portions thereof (\$5,000 or any integral multiple thereof), maturing on and after March 1, 2022, are subject to redemption prior to their respective maturities, at the option of the City, on March 1, 2021, and on any date thereafter, in whole or in part, from such maturities selected by the City and by any amount within a maturity at a price equal to the principal amount or each Bond, or portion thereof, so redeemed, and accrued interest thereon to the redemption date.

<u>Mandatory Redemption</u>. At the option of the winning bidder, certain of the Bonds may also be subject to mandatory redemption.

Partial Redemption. In the case of a partial redemption of Bonds of a single maturity, the Paying Agent shall select the Bonds to be redeemed by lot at such time as directed by the City (but at least 30 days prior to the redemption date), and if such selection is more than 60 days before a redemption date, except as otherwise provided in the Bond Ordinance, shall direct the Registrar to appropriately identify the Bonds so called for redemption by stamping them at the time any Bond so selected for redemption is presented to the Registrar for stamping or for transfer or exchange, or by such other method of identification as deemed adequate by the Registrar, and any Bond or Bonds issued in exchange for, or to replace, any Bond or Bonds so called for prior redemption shall likewise be stamped or otherwise identified.

Notice of Redemption. Unless waived by any registered owner of a Bond to be redeemed, notice of prior redemption shall be given by the Registrar by electronic mail as long as Cede & Co. or a nominee or a successor depository is the registered owner of the Bonds, and otherwise by first class, postage prepaid mail, at least 30 days but not more than 60 days prior to the redemption date to the Municipal Securities Rulemaking Board ("MSRB") and the registered owner of any Bond (initially Cede & Co.) all or a part of which is called for prior redemption at his or her address as it last appears on the registration records kept by the Registrar. Actual receipt of notice by the MSRB or any registered owner of the Bonds shall not be a condition precedent to redemption of such Bonds. Failure to give such notice to the MSRB or the registered owner of any Bond designated for redemption, or any defect therein, shall not affect the validity of the proceedings for the redemption of any other Bond. A certificate by the Registrar that such notice has been given as herein provided shall be conclusive against all parties.

Notwithstanding the provisions described above, any notice of redemption may contain a statement that the redemption is conditional upon the receipt by the Paying Agent of funds on or before the date fixed for redemption sufficient to pay the redemption price of the Bonds so called for redemption, and that if such funds are not available, such redemption shall be canceled by written notice to the owners of the Bonds called for redemption in the same manner as the original redemption notice was given.

Tax Covenant

In the Bond Ordinance, the City covenants for the benefit of the owners of the Bonds that it will not take any action or omit to take any action with respect to the Bonds, the proceeds thereof, any other funds of the City or any project financed with the proceeds of the Bonds if such action or omission (i) would cause the interest on the Bonds to lose its exclusion from gross income for federal income tax purposes under Section 103 of the Tax Code, or (ii) would cause interest on the Bonds to lose its exclusion from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code, except to the extent such interest is required to be included in the adjusted current earnings adjustment applicable to corporations under Section 56 of the Tax Code in calculating corporate alternative minimum taxable income. The foregoing covenants shall remain in full force and effect notwithstanding the payment in full or defeasance of the Bonds until the date on which all obligations of the City in fulfilling the above-described covenants under the Tax Code have been met.

Defeasance

When all Bond Requirements of any Bond have been duly paid, the pledge, the lien, and all obligations under the Bond Ordinance as to that Bond shall thereby be discharged and the Bond shall no longer be deemed to be Outstanding within the meaning of the Bond Ordinance. There shall be deemed to be such due payment when the City has placed in escrow or in trust with a trust bank located within or without the State, an amount sufficient (including the known minimum yield available for such

purpose from direct obligations of, or obligations the principal of or interest on which are unconditionally guaranteed by, the United States of America (the "Federal Securities") in which such amount may be initially invested wholly or in part) to meet all Bond Requirements of the Bond, as the same become due to the final maturity of the Bond, or upon any redemption date as of which the City shall have exercised or shall have obligated itself to exercise its prior redemption option by a call of Bond for payment then. The Federal Securities shall become due before the respective times on which the proceeds thereof shall be needed, in accordance with a schedule established and agreed upon between the City and the bank at the time of the creation of the escrow or trust, or the Federal Securities shall be subject to redemption at the option of the holders thereof to assure availability as needed to meet the schedule. For the purpose of this section "Federal Securities" shall include only Federal Securities which are not callable for redemption prior to their maturities except at the option of the owner thereof.

Book-Entry Only System

The Bonds will be available in book-entry form only. DTC will act as the initial securities depository for the Bonds. The ownership of one fully registered Bond for each maturity of the Bonds as set forth on the inside cover page of this Official Statement, each in the aggregate principal amount of such maturity, will be registered in the name of Cede & Co., as nominee of DTC. See Appendix B - Book-Entry Only System.

SO LONG AS CEDE & CO., AS NOMINEE OF DTC, IS THE REGISTERED OWNER OF THE BONDS, REFERENCES IN THIS OFFICIAL STATEMENT TO THE REGISTERED OWNERS OF THE BONDS WILL MEAN CEDE & CO. AND WILL NOT MEAN THE BENEFICIAL OWNERS.

None of the City, the Registrar, or the Paying Agent will have any responsibility or obligation to DTC's Participants or Indirect Participants (defined in Appendix B), or the persons for whom they act as nominees, with respect to the payments to or the providing of notice for the DTC Participants, the Indirect Participants or the beneficial owners of the Bonds as further described in Appendix B to this Official Statement.

DEBT SERVICE REQUIREMENTS

The following table sets forth the estimated debt service requirements for the Bonds in each fiscal year.

<u>Debt Service Requirements – Bonds</u>*(1)

Fiscal Year (2)	Principal*	Interest*(3)	<u>Total*</u>
2017	\$1,690,000.00	\$ 492,976.81	\$ 2,182,976.81
2018	1,725,000.00	460,550.00	2,185,550.00
2019	1,755,000.00	426,050.00	2,181,050.00
2020	1,795,000.00	390,950.00	2,185,950.00
2021	1,830,000.00	355,050.00	2,185,050.00
2022	1,885,000.00	300,150.00	2,185,150.00
2023	1,940,000.00	243,600.00	2,183,600.00

^{*} Preliminary, subject to change.

SECURITY FOR THE BONDS

General Obligations

General. The Bonds are direct and general obligations of the City, and the full faith and credit of the City is pledged for the payment of principal and interest due thereon, subject to State constitutional and statutory limitations on the City's operating levies and on the aggregate amount of ad valorem taxes. See "PROPERTY TAX INFORMATION – Property Tax Limitations." The Bonds are a debt of the City payable from all legally available funds of the City. Provisions for the payment of principal and interest requirements on the Bonds will be made as provided in the Bond Act.

The Bonds are payable by the City from any source legally available at the times such payments are due. No funds of the City are specifically pledged to the payment of debt service on the Bonds. The City currently anticipates paying debt service on the Bonds from the revenues of a flood control fee received in its Sewer Operations Enterprise Fund. However, the revenues in that fund are not pledged to the payment of debt service on the Bonds. The flood control fee revenues have not been pledged to the payment of debt service on any of the City's outstanding bonds.

The City has covenanted in the Bond Ordinance that it will make sufficient provisions annually in its budget to pay the debt service requirements on the Bonds, when due. The City also has covenanted in the Bond Ordinance that, if necessary, it will make proper provisions through the levy of sufficient ad valorem taxes for the retirement of the principal of and interest on the Bonds and any other outstanding indebtedness, subject to the limitations on the City's operating levies (described below) and on the aggregate amount of ad valorem taxes imposed by the constitution and laws of the State, and the amount of money necessary for that purpose shall be a first charge against all legally available revenues received by the City.

Current Operating Tax Rate Information. The ad valorem tax rate available to pay the Bonds is limited to the City's maximum operating levy and any legally available tax overrides. Those rates are calculated annually by the State Department of Taxation ("Taxation") as described in "PROPERTY TAX INFORMATION - Property Tax Limitations - Local Government Property Tax Revenue Limitation." The City's maximum allowed operating levy changes each year. For fiscal year 2015-16, the maximum allowed operating levy is \$1.4385, of which the City levies \$0.7109 per \$100 of assessed valuation. The City also has a maximum allowed legislative rate of \$0.2648 of which it levies \$0.1384 for a combined general operating rate of \$0.8493. Moneys realized from the levy of the combined general operating rate are available to pay debt service on the Bonds. The City also imposes a public safety override levy of \$0.1105 per \$100 of assessed valuation; however, moneys from this rate are not legally available to pay debt service on the Bonds. In the future, the City may levy an additional property tax rate for the payment of principal and interest on other indebtedness; if levied, the moneys realized from that tax levy also will not be legally available to pay debt service on the Bonds. The total ad valorem tax rate, including the operating rate available to pay the Bonds, is further limited by the limitation on the combined overlapping tax rate of \$3.64 per \$100 of assessed valuation. "PROPERTY TAX INFORMATION – Property Tax Limitations." The overlapping tax rate throughout the City for 2015-2016 (including \$0.02 per \$100 of assessed valuation added to the State tax rate outside the property tax rate cap) is the maximum allowable rate of \$3.6600 per \$100 of assessed valuation.

<u>Flood Control Sewer User Fee – History of City Revenues</u>. The City anticipates paying debt service on the Bonds from the revenues of a flood control fee received in its Sewer Operations Enterprise Fund, although those revenues are not pledged to the repayment of the Bonds. The following table presents a history of the flood control fee revenues for the fiscal year ending 2011 through 2015. The table also presents final budget information for fiscal year 2016. The information in this table is

provided for informational purposes only and does not imply that all of the revenues shown below are available to pay debt service on the Bonds.

<u>City of Sparks Flood Control Sewer User Fee</u> Operating Revenue History

Certain Risks Associated With Property Taxes

Delays in Property Tax Collections Could Occur. Although the Bonds are general obligations of the City, the City may only levy property taxes to pay debt service on the Bonds in accordance with State law. For a description of the State laws regulating the collection of property taxes see "PROPERTY TAX INFORMATION – City Property Tax Collections." Due to the statutory process required for the levy of taxes, in any year in which the City is required to levy property taxes (assuming that the total overlapping rate is not already the maximum rate allowed, and that other legally available revenues are not sufficient to pay the same), there may be a delay in the availability of property tax revenues to pay debt service on the Bonds.

Property Tax Limitations. The constitution and laws of the State limit the total ad valorem property taxes that may be levied by all overlapping taxing units within each county (e.g. the State, the County, the Washoe County School District (the "School District"), the City, or any special district) in each year. Those limitations are described in "PROPERTY TAX INFORMATION – Property Tax Limitations." The overlapping tax rate throughout the City for 2015-2016 is the maximum rate currently allowed by statute. In any year in which the total property taxes levied within the City by all applicable taxing units exceed such property tax limitations, the reduction to be made by those units must be in taxes levied for purposes other than the payment of their bonded indebtedness, including interest on such indebtedness. In addition, State law requires the abatement of property taxes in certain circumstances. See "PROPERTY TAX INFORMATION – OVERLAPPING PROPERTY TAX CAPS AND REQUIRED PROPERTY TAX ABATEMENTS" and "PROPERTY TAX INFORMATION – Required Property Tax Abatements."

Additional Risks Related to Property Taxes and Other General Revenues. Numerous other factors over which the City has no control may impact the timely receipt of ad valorem property tax revenues in the future. These include the valuation of property within the City, the number of homes which are in foreclosure, bankruptcy proceedings of property taxpayers or their lenders, and the ability or willingness of property owners to pay taxes in a timely manner.

The City's residential housing market has recovered since the recession it experienced between fiscal years 2009 and 2013. The assessed value of property in the City (including the assessed value of the Sparks Redevelopment Agency #1 and Sparks Redevelopment Agency #2 (the "Redevelopment Agencies")), declined from a high of \$3,161,592,646 in fiscal year 2009 to a low of \$2,170,607,395 in fiscal year 2014, a decline of approximately 31%; however, the assessed value increased to \$2,396,747,010 in fiscal year 2015 (an increase of 10.4%), and increased 10.2% to \$2,640,208,709 in fiscal year 2016. It cannot be predicted at this time what impact these trends (or other

economic trends) will have on property values or City property tax collections in the future. It is possible that the assessed valuation could decline in future years.

A significant portion of the City's general revenues is also derived from the collection of sales taxes within the City. Sales tax collections are subject to fluctuations in spending which is affected by, among other things, general economic cycles. Sales tax revenues may increase along with the increasing prices brought about by inflation, but collections also are vulnerable to adverse economic conditions and reduced spending and may decrease as a result. Consequently, the rate of sales tax collections may be expected to correspond generally to economic cycles.

Taxable sales in the area have shown consistent year-to-year growth since fiscal year 2010-2011. See "TAXABLE SALES IN THE COUNTY" included in the economic and demographic information attached hereto as Exhibit E. In fiscal year 2014-2015, taxable sales in Washoe County totaled \$6,817,588,648, an increase of 7.0% over fiscal year 2013-2014 numbers. Nonetheless, it cannot be predicted from this trend whether sales tax collections in the City will continue to increase in the future. It is possible that the amount of taxable sales could decline in future years.

Other Security Matters

No Repealer. State statutes provide that no act concerning the Bonds or their security may be repealed, amended, or modified in such a manner as to impair adversely the Bonds or their security until all of the Bonds have been discharged in full or provision for their payment and redemption has been fully made.

Ordinance Irrepealable. After any of the Bonds are issued, the Bond Ordinance shall constitute an irrevocable contract between the City and the owner or owners of the Bonds; and the Bond Ordinance, if any Bonds are in fact issued, shall be and shall remain irrepealable until the Bonds, as to all Bond Requirements, shall be fully paid, canceled and discharged, as herein provided.

<u>Changes in Law.</u> Various State laws apply to the operation and finances of the City as well as the imposition, collection, and expenditure of property taxes and other City revenues. There is no assurance that there will not be any change in, interpretation of, or addition to the applicable laws, provisions, and regulations which would have a material effect, directly or indirectly, on the affairs of the City and the imposition, collection, and expenditure of its revenues.

PROPERTY TAX INFORMATION

Property Tax Base and Tax Roll

General. The assessed valuation of property within the City for the fiscal year ending June 30, 2016, is \$2,469,924,856 (excluding the assessed value of the Redevelopment Agencies), which represents a 10.4% increase from the assessed valuation calculated for the prior fiscal year. State law requires that the County Assessor reappraise, at least once every 5 years, all real and secured personal property (other than certain utility owned property which is centrally appraised and assessed by the Nevada Tax Commission). While the law provides that in years in which the property is not reappraised, the County Assessor is to apply a factor representing typical changes in value in the area since the preceding year, it is the current policy of the County Assessor to reappraise all real and secured personal property in the County each year. State law currently requires that property be assessed at 35% of taxable value; that percentage may be adjusted upward or downward by the State Legislature. Based upon the assessed valuation for fiscal year 2016 described above, the taxable value of all taxable property within the City is \$7,056,928,160. However, due to property tax abatement laws originally adopted in 2005 (described in "Required Property Tax Abatements" below), the amount of taxes that can be collected by taxing entities within the City is capped and likely will not change at the same rate as the assessed value.

"Taxable value" is defined in the statutes as the full cash value in the case of land and as the replacement cost less straight-line depreciation in the case of improvements to land and in the case of taxable personal property, less depreciation in accordance with the regulations of the Nevada Tax Commission but in no case an amount in excess of the full cash value. Depreciation of improvements to real property must be calculated at 1.5% of the cost of replacement for each year of adjusted actual age up to a maximum of 50 years. Adjusted actual age is actual age adjusted for any addition or replacement made which is valued at 10% or more of the replacement cost after the addition or replacement. The maximum depreciation allowed is 75% of the cost of replacement. When a substantial addition or replacement is made to depreciable property, its "actual age" is adjusted, *i.e.*, reduced to reflect the increased useful term of the structure. The adjusted actual age has been used on appraisals for taxes since 1986-87.

In Nevada, county assessors are responsible for assessments in the counties except for certain properties centrally assessed by the State, which include railroads, airlines, and utility companies.

Ad Valorem Property Tax Data

<u>History of Assessed Value</u>. The following table illustrates a history of the assessed valuation in the City. Due to property tax abatement laws enacted in 2005 (described in "Required Property Tax Abatements" below), the taxes collected by taxing entities within the County are capped and there is no longer a direct correlation between changes in assessed value and property tax revenue.

History of Assessed Value

Fiscal Year Ended June 30	Total Assessed Value of City ⁽¹⁾	Percent Change
2012	\$2,104,164,855	
2013	2,013,263,084	(4.3)%
2014	2,015,997,058	0.1
2015	2,236,803,070	11.0
2016	2,469,924,856	10.4

⁽¹⁾ Excludes the assessed valuation of the Sparks Redevelopment Agency #1 in the following amounts; fiscal year 2012 - \$84,157,961; fiscal year 2013 - \$78,444,485; fiscal year 2014 - \$72,628,310; fiscal year 2015 - \$74,737,669, and fiscal year 2016 - \$79,964,169. Excludes the assessed valuation of the Sparks Redevelopment Agency #2 in the following amounts; fiscal year 2012 - \$85,916,044; fiscal year 2013 - \$82,914,769; fiscal year 2014 - \$81,982,027; fiscal year 2015 - \$85,206,271, and fiscal year 2016 - \$90,319,684.

City Property Tax Collections

<u>General</u>. In Nevada, county treasurers are responsible for collecting property taxes, and forwarding the allocable portions thereof to the overlapping taxing units within the counties.

Taxes on real property are due on the third Monday in August unless the taxpayer elects to pay in installments on or before the third Monday in August and the first Mondays in October, January and March of each fiscal year. Penalties are assessed if any taxes are not paid within 10 days of the due date as follows: 4% of the delinquent amount if one installment is delinquent, 5% of the delinquent amount plus accumulated penalties if two installments are delinquent, 6% of the delinquent amount plus accumulated penalties if three installments are delinquent, and 7% of the delinquent amount plus accumulated penalties if four installments are delinquent. In the event of nonpayment, the County Treasurer is authorized to hold the property for two years, subject to redemption upon payment of taxes, penalties and costs, together with interest at the rate of 10% per year from the date the taxes were due until paid. If delinquent taxes are not paid within the two-year redemption period, the County Treasurer obtains a deed to the property free of all encumbrances. Upon receipt of a deed, the County Treasurer may sell the property to satisfy the tax lien and assessments by local governments for improvements to the property. State law provides alternative remedies for the collection of taxes in certain instances, including judicial foreclosure (which may take place before the expiration of the two-year redemption period) and the issuance of a tax lien to the county treasurer which may be sold before the expiration of the two-year redemption period (but remains subject to redemption).

<u>City Tax Collections.</u> A history of the City's net tax roll collection record appears in the following table. The table includes real property taxes only; it does not include taxes levied or paid on personal property. The net secured levy is net of abatement amounts and other required adjustments. *The figures in the following table represent property taxes that have been collected in the past; they do not represent taxes that are available to pay debt service on the Bonds*. The information is included only to provide information with respect to the historic collection rates for the City and may not be relied upon to predict what collection rates would be within the City should it levy additional ad valorem property taxes in the future.

Property Tax Limitations

Overlapping Property Tax Caps. Article X, Section 2, of the State constitution limits the total ad valorem property taxes levied by all overlapping governmental units within the boundaries of any county (*i.e.*, the State, and any county, city, town, school district or special district) to an amount not to exceed five cents per dollar of assessed valuation (\$5 per \$100 of assessed valuation) of the property being taxed. Further, the combined overlapping tax rate is limited by statute to \$3.64 per \$100 of assessed valuation in all counties of the State with certain exceptions that (a) permit a combined overlapping tax rate of up to \$4.50 per \$100 in assessed valuation in the case of certain entities that are in financial difficulties; and (b) require that \$0.02 of the statewide property tax rate of \$0.17 per \$100 assessed valuation is not included in computing compliance with this \$3.64 cap. (This \$0.02 is, however, counted against the \$5.00 cap). State statutes provide a priority for taxes levied for the payment of general obligation bonded indebtedness in that in any year in which the proposed tax rate to be levied by overlapping units within a county exceeds any rate limitation, a reduction must be made by those units for purposes other than the payment of general obligation bonded indebtedness, including interest thereon.

Local Government Property Tax Revenue Limitation. State statutes limit the revenues local governments, other than school districts, may receive from ad valorem property taxes for purposes other than paying certain general obligation indebtedness which is exempt from such ad valorem revenue limits. The Bonds are not exempt from such limits. This rate is generally limited as follows. The assessed value of property is first differentiated between that for property existing on the assessment rolls in the prior year (old property) and new property. Second, the property tax revenue derived in the prior year is increased by no more than 6% and the tax rate to generate the increase is determined against the current assessed value of the old property. Finally, this tax rate is applied against all taxable property to produce the allowable property tax revenues. This cap operates to limit property tax revenue dependent upon changes in the value of old property and the growth and value of new property.

⁽²⁾ Based on the City's fiscal year 2015-16 assessed valuation (including the assessed valuation of the Redevelopment Agencies) of \$2,640,208,709. Totals may not add due to rounding.

A local government, other than a school district, may exceed the property tax revenue limitation if the proposal is approved by its electorate at a general or special election. In addition, the Executive Director of the Department of Taxation will add, to the allowed revenue from ad valorem taxes, the amount approved by the legislature for the costs to a local government of any substantial programs or expenses required by legislative enactment. In the event sales tax estimates from the Department of Taxation exceed actual revenues available to local governments, Nevada local governments receiving such sales tax may levy a property tax to make up the revenue shortfall. The County and the City levy various tax overrides as allowed or required by State statutes.

School districts levy a tax of \$0.75 per \$100 of assessed valuation for operating purposes. School districts are also allowed an additional levy for voter-approved pay-as-you-go tax rates, and voter approved or short-term public safety debt service.

The Nevada Tax Commission monitors the impact of tax legislation on local government services.

Constitutional Amendment - Abatement of Taxes for Severe Economic Hardship. At the November 5, 2002 election, the State's voters approved an amendment to the State constitution authorizing the State Legislature to enact a law providing for an abatement of the tax upon or an exemption of part of the assessed value of an owner-occupied single-family residence to the extent necessary to avoid severe economic hardship to the owner of that residence.

The legislation implementing that amendment provides that the owner of a single-family residence may file a claim with the county treasurer to postpone the payment of all or part of the property tax due against the residence if (among other requirements): the residence has an assessed value of not more than \$175,000; the property owner does not own any other real property in the State with an assessed value of more than \$30,000; the residence has been occupied by the owner for at least 6 months; the owner is not in bankruptcy; the owner owes no delinquent property taxes on the residence; the owner has suffered severe economic hardship caused by circumstances beyond his control (such as illness or disability expected to last for at least 12 continuous months); and the total annual income of the owner's household is at or below the federally designated poverty level. The amount of tax that may be postponed may not exceed the amount of property tax that will accrue against the residence in the succeeding three fiscal years. Any postponed property tax (and any penalties and the interest that accrue as provided in the statue) constitutes a perpetual lien against the residence until paid. The postponed tax becomes due and payable if: the residence ceases to be occupied by the claimant or is sold; any non-postponed property tax becomes delinquent; if the claimant dies; or on the date upon which the postponement expires, as determined by the county treasurer. To date, the County Treasurer has not received material requests to postpone the payment of the property tax as described above.

Potential Constitutional Amendment - Senate Joint Resolution 13. Senate Joint Resolution 13 ("SJR 13"), adopted by the 2015 session of the Nevada Legislature, proposes to amend the Nevada Constitution. Under Nevada law, constitutional amendments require majority approval by each house of the Legislature in two separate legislative sessions and then majority approval by the general electorate. SJR 13, therefore, will be considered again in the 2017 Legislature. If it is approved again, it is expected that it will be placed on the ballot for the November 2018 general election.

SJR 13 would impose certain additional limitations on property taxes on real property. The proposed amendment would, among other things, limit taxes on real property to 1.25% of the "base" value of the property; require a new "uniform and just" valuation of property for taxation; generally limit increases in property base values to the lesser of 3% per year or the rate of inflation; and require updates to the "base" value of real property upon certain transfers of the property. If applied theoretically as of the date hereof, SJR 13 would not reduce the amount of taxes currently paid to the City. However, many

of the provisions of SJR 13 are unclear and the amendment will require additional legislation to implement; consequently, it is not possible to predict at this time what SJR 13's impact will be on the City's property tax revenue if it does become law.

Required Property Tax Abatements

General. In 2005, the Legislature approved the Abatement Act (NRS 361.471 to 361.4735), which established formulas to determine whether tax abatements are required for property owners in each year. The general impact of the Abatement Act is to limit increases in ad valorem property tax revenues owed by taxpayers. The cap is determined by first calculating the greater of two times the annual change in the consumer price index and the average of the annual change in taxable values for the previous ten years, and then taking as the cap the lesser of that number or 3% per year for owner-occupied residential properties (and low-income housing properties) and 8% per year for all other properties. The Abatement Act limits do not apply to new construction. The Abatement Act formulas are applied on a parcel-by-parcel basis each year.

Generally, reductions in the amount of ad valorem property tax revenues levied in the County are required to be allocated among all of the taxing entities in the County in the same proportion as the rate of ad valorem taxes levied for that taxing entity bears to the total combined rate of all ad valorem taxes levied for that fiscal year. However, abatements caused by tax rate increases are to be allocated against the entity that would benefit from the tax increase rather than among all entities uniformly. Revenues realized from new or increased ad valorem taxes that are required by any legislative act that was effective after April 6, 2005, generally are exempt from the abatement formulas. The Abatement Act provides for the recapture of previously abated property tax revenues in certain limited situations.

Levies for Debt Service. Revenues resulting from increases in the rate of ad valorem taxes for the payment of tax-secured obligations are exempt from the Abatement Act formulas if increased rates are necessary to pay debt service on the related obligation in any fiscal year if (1) the tax-secured obligations were issued before July 1, 2005; or (2) the governing body of the taxing entity and the County Debt Management Commission make findings that no increase in the rate of an ad valorem tax is anticipated to be necessary for payment of the obligations during their term. Any increase in the rate of ad valorem taxes to pay the principal of or interest on the Bonds is not exempt from the partial abatement formulas described above.

General Effects of Abatement. Limitations on property tax revenues could negatively impact the finances and operations of the taxing entities in the State, including the County, to an extent that cannot be determined at this time.

Overlapping Tax Rates

The following table presents a five-year tabulation of the average statewide tax rate and the overlapping tax rates for the City. The overlapping tax rate throughout the City for 2015-16 is \$3.6600 (per \$100 of assessed valuation).

History of Statewide Average and Sample Overlapping Property Tax Rates⁽¹⁾

THE CITY

General

The City is a political subdivision of the State. The City was incorporated in 1905 and is the second-largest city in Washoe County (the "County"). According to State Demographer estimates, the City's population as of July 1, 2014, was approximately 92,396.

The City provides its citizens with a full range of municipal services, including public safety (police, fire and building inspection), public works, planning and zoning, community development, parks and recreation, wastewater treatment and general administrative services. Electricity and natural gas is provided by NV Energy (formerly Sierra Pacific Power Company). Domestic and irrigation water is provided by the Truckee Meadows Water Authority.

Mayor and City Council

The City operates under a charter form of government, directed by the Mayor, representing the City at large, and the City Council, composed of five council members representing their respective wards. The Mayor and all five City Council members are voted upon by all of the registered voters of the City for terms of 4 years. The Mayor and the City Council members are subject to term limitations (12 years) approved by State voters in 1996.

The City Council holds regular meetings at noon on the second and fourth Monday of each month. The current members of the City Council and the year in which their terms expire are set forth below:

		Current Term
<u>Name</u>	<u>Office</u>	<u>Expires</u>
Geno Martini	Mayor	November 2018
Julia Ratti	Council Member Ward 1	November 2016
Ed Lawson	Council Member Ward 2	November 2018
Ron Smith	Council Member Ward 3	November 2016

Administration

The City Manager is appointed by the City Council and is charged with performing such administrative duties as the City Council may designate and may appoint such clerical and administrative assistants as he or she may deem necessary, subject to the approval of the City Council. In effect, the City Manager oversees the day-to-day operations of the City.

Brief biographies of the key City officials involved with the issuance of the Bonds follow.

Stephen W. Driscoll, ICMA-CM, City Manager. Stephen Driscoll joined the City of Sparks in 1994 as a Budget Analyst. In 1995, he became the Administrator of the Sparks Municipal Court. In 2000, he was appointed Assistant City Manager. In March 2014, Mr. Driscoll was appointed City Manager. He is a graduate of the University of Nevada, Reno, with a degree in accounting and holds a Master's in Business Administration from the University of Phoenix. Mr. Driscoll is recognized as a Credential Manager by the International City / County Manager's Association and he is a Certified

Government Financial Manager. He has been active in numerous local and national associations including service as past president of the Nevada Local Government Managers Association of Nevada.

Jeff Cronk, CPA, Director of Financial Services. Jeff Cronk was appointed the City's Director of Financial Services in January 2010; he has been employed by the City since 2006. Mr. Cronk has over twenty years of experience as a local government finance professional including working as an auditor for a variety of governmental agencies and being employed by the Washoe County School District. In addition to his work with local governmental agencies, he also has broad financial management experience while employed by several private companies, and has volunteered his services for several non-profit agencies. Mr. Cronk obtained his college degree from the University of Nevada, Reno, and is licensed as a Certified Public Accountant by the State of Nevada, holding an active license since 1995. He is a member of the American Institute of CPAs and the National Government Finance Officers Association.

Chet Adams, City Attorney. Chet Adams joined the City of Sparks in January 1992 as an Assistant City Attorney. Mr. Adams was appointed City Attorney in 1997, and has since served four terms in office and was reelected by Sparks' voters in November, 2012. Prior to becoming Sparks City Attorney Mr. Adams was a Deputy District Attorney for the Washoe County District Attorney's Office; a law clerk/bailiff in Department 9 of the Washoe County District Court; and a Project Director for the National Council of Juvenile and Family Court Judges. Mr. Adams has been active in the Sparks community, serving on the Sparks Traffic Survival School Board of Directors, on the Sparks Ducks Unlimited Committee; and as a former Executive Councilmember of the Nevada State Bar's Public Lawyers Section. He was also honored as the Member of the Year for the Sparks Chamber of Commerce.

Employee Relations, Benefits and Pension Matters

<u>Employee Relations</u>. As of June 30, 2015, the City had 449 full-time employees and 211 part-time employees for a grand total 660 employees.

Collective Bargaining Agreements. Seven bargaining units represent employees of the City, including Association of Sparks Fire department Classified Chief Officers, International Association of Firefighters, Sparks Police Protective Association Lieutenants, Sparks Police Protective Association Sergeants, Sparks Police Protective Association Non-Supervisory, Operating Engineers Supervisory and Operating Engineers Non-Supervisory. All collective bargaining agreements expire on June 30, 2017.

Benefits. The City provides life insurance, health insurance, dental and vision insurance, long-term disability, paid vacation, sick leave, personal days and holidays, uniform, tool, shoe and vehicle benefits for certain employees, and reimbursement for certain education expenses to its employees. The City also provides long-term disability insurance coverage to its executive and appointed employees.

Pension Matters. The Nevada Public Employees' Retirement System ("PERS") covers substantially all public employees of the State, its agencies and its political subdivisions, including the City. PERS, established by the Legislature effective July 1, 1948, is governed by the Public Employees' Retirement Board whose seven members are appointed by the Governor for four-year terms. Except for certain City-specific information set forth below, the information in this section has been obtained from publicly-available documents provided by PERS. The City has not independently verified the information obtained from the publicly available documents provided by PERS and is not responsible for its accuracy.

All public employees who meet certain eligibility requirements participate in PERS, which is a cost sharing multiple-employer defined benefit plan. Benefits, as required by statute, are determined by the number of years of accredited service at the time of retirement and the member's

highest average compensation in any 36 consecutive months. Benefit payments to which participants may be entitled under PERS include pension benefits, disability benefits, and death benefits. PERS has several tiers based on legislative changes effective with membership dates. The following table illustrates the PERS service credit multiplier.

PERS Benefit Multiplier

	Service Credit Multiplier				
Membership Date	Before 07/01/01	After <u>07/01/01</u>	After <u>01/01/10</u>	After <u>07/01/15</u>	Highest Contiguous <u>Average Over</u>
Before July 1, 2001	2.50%	2.67%	2.67%	2.67%	36 months
After July 1, 2001, before January 1, 2010		2.67%	2.67%	2.67%	36 months
After January 1, 2010, before July 1, 2015			2.50%	2.50%	36 months
After July 1, 2015 Regular Police/Fire				2.25% 2.50%	36 months

Similarly, legislative changes have created several tiers of retirement eligibility thresholds. The following table illustrates the PERS retirement eligibility thresholds.

Nevada PERS Retirement Eligibility

Membership Date		Regular	Police/Fire		
_	Age	Years of Service	Age	Years of Service	
Before January 1, 2010	65	5	65	5	
	60	10	55	10	
	Any	30	50	20	
			Any	25	
After January 1, 2010,	65	5	65	5	
before July 1, 2015	62	10	60	10	
	Any	30	50	20	
			Any	30	
After July 1, 2015	65	5	65	5	
	62	10	60	10	
	55	30	50	20	
	Any	33 1/3	Any	33 1/3	

Nevada law requires PERS to conduct a biennial actuarial valuation showing unfunded actuarial accrued liability ("UAAL") and the contribution rates required to fund PERS on an actuarial reserve basis. The actual employer and employee contribution rates are established in cycle with the State's biennium budget on the first full pay period of the even numbered fiscal years. By PERS policy, the system actually performs an annual actuary study. The most recent independent actuarial valuation report of PERS was completed as of June 30, 2015. The following table reflects some of the key valuation results from the last three PERS' actuary studies:

PERS Actuarial Report

Key Valuation Results	June 30, 2015	June 30, 2014	June 30, 2013
UAAL	\$12.35 billion	\$12.53 billion	\$12.88 billion
Market Value Funding Ratio	75.1%	76.3%	68.7%
Actuarial Value Funding Ratio	73.2%	71.5%	69.3%
Assets Market Value	\$34.61 billion	\$33.58 billion	\$28.83 billion
Assets Actuarial Value	\$33.72 billion	\$31.47 billion	\$29.11 billion

For the purpose of calculating the actuarially determined contribution rate, the UAAL is amortized as a level percent of payroll over a year-by-year closed amortization period where each amortization period is set at 20 years. The amortization period prior to fiscal year 2012 was 30 years. Effective starting fiscal year 2012, the PERS Board adopted a shorter amortization period to be used to amortize new UAAL resulting from actuarial gains or losses and changes in actuarial assumptions. Any new UAAL is amortized over a period equal to the truncated average remaining amortization period of all prior UAAL layers, until the average remaining amortization period is less than 20 years; after that time, 20-year amortization periods will be used. The current combined, effective average amortization period for regular members and police/fire members is 20.7 years. The PERS Board also adopted a five-year asset smoothing policy for net deferred gains/losses. As of June 30, 2015, PERS has unrecognized investment gains of \$893 million. Unless offset by future investment losses or other unfavorable experience, the recognition of the \$893 million in market gains is expected to increase the future actuarial funded ratio and decrease the future contribution rate.

For the year ended June 30, 2014, PERS adopted Governmental Accounting Standards Board Statement ("GASB") No. 67, Financial Reporting for Pension Plans-an amendment of GASB Statement No. 25 ("GASB 67"). GASB 67 replaces the requirements of GASB Statement Nos. 25 and 50 as they relate to pension plans that are administered through trusts or equivalent arrangements that meet certain criteria. The objective of GASB 67 is to improve financial reporting by state and local governmental pension plans. It requires enhancement to footnote disclosure and required supplementary information for pension plans.

Prior to these new standards, the accounting and reporting requirements of the pension related liabilities followed a long-term funding policy perspective. The new standards separate the accounting and reporting requirements from the funding decisions and require the unfunded portion of the pension liability to be apportioned among the participating employers. These standards apply for financial reporting purposes only and do not apply to contribution amounts for pension funding purposes.

With the implementation of GASB 67, PERS reported its total pension liability, fiduciary net position, and net pension liability in its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2014. The total pension liability for financial reporting was determined on the same basis as the Actuarial Accrued Liability measure for funding. The fiduciary net position is equal to the market value of assets.

Effective with fiscal year 2015, the City was required to apply the GASB Statement No. 68, *Accounting and Financial Reporting for Pensions-an amendment of GASB Statement No. 27* ("GASB 68"), to its audited financial statements. Among other requirements, the City was required to report its proportionate share of the total PERS net pension liability in its financial statements.

The following presents the net pension liability of PERS as of June 30, 2014, and the City's proportionate share of the net pension liability of PERS as of June 30, 2014, calculated using the discount rate of 8.00%, as well as what the PERS net pension liability would be if it were calculated using a discount rate that is one percentage point lower (7.00%) or one percentage point higher (9.00%) than the current discount rate.

Net Pension Liability

	1% Decrease in Discount Rate (7%)	1% Decrease in Discount Rate (8%)	1% Decrease in Discount Rate (9%)
PERS Net Pension Liability	\$16,207,317,042	\$10,421,979,023	\$5,612,889,953
City Share of PERS Net Pension Liability	\$111,424,838	\$71,650,806	\$38,588,457

Contribution rates to PERS are established in accordance with State statute. The statute allows for biennial increases or decreases of the actuarially determined rate. The State Legislature can increase the contribution rate for members by any amount it determines necessary. Pursuant to statute, there is no obligation on the part of the employers to pay for their proportionate share of the unfunded liability. The City is obligated to contribute all amounts due under the PERS. A history of contribution rates is shown below.

	Fiscal Years 2008 and 2009	Fiscal Years 2010 and 2011	Fiscal Years 2012 and 2013	Fiscal Years 2014 and 2015	Fiscal Years 2016 and 2017
Regular members Employer-pay plan	20.50%	21.50%	23.75%	25.75%	28.00%
Police/Fire employees Employer-pay plan	33.50%	37.00%	39.75%	40.50%	40.50%

The City's contribution to PERS (which includes contributions for Regular and Police/Fire) for the years ended June 30, 2014 and 2015, were \$10,203,765 and \$10,336,095, respectively, equal to the required contributions for each year. The budget contribution for 2016 is approximately \$11,038,724.

See Note 11 in the City's 2015 Comprehensive Annual Financial Report ("CAFR") attached hereto as Appendix A for additional information on PERS. In addition, copies of PERS' most recent annual financial report, including audited financial statements and required supplemental information, are available from the Public Employees Retirement System of Nevada, 693 West Nye Lane, Carson City, Nevada 89703-1599, telephone: (775) 687-4200.

Other Postemployment Benefits Other than Pension OPEB. The City also makes available certain post-retirement health insurance and other non-pension benefits ("OPEB") to employees who retire under PERS and elect to receive and pay for these benefits. The City contribute to a single-employment healthcare and life insurance defined benefit healthcare plan, City of Sparks Medical and Dental Benefit Plan. And an agent multiple employer defined benefit healthcare plan, Nevada Public Employees Benefits Program.

Effective July 1, 2007, the City implemented Governmental Accounting Standards Board Statement No. 45 - Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions ("GASB 45"). GASB 45 addresses how the City accounts for and reports its costs related to OPEB. GASB 45 requires the City to accrue the cost of its OPEB liability during the period of active employment (while the benefits are being earned) and disclose the unfunded actuarial accrued liability (the "UAAL") in order to accurately account for the total future costs of OPEB and the financial impact to the City. See Note 15 in Appendix A for a detailed description of the City's OPEB plan, its funding policy, annual costs, and associated UAAL (including significant methods and assumptions of the actuarial valuation). The City reports that it has made no changes to its significant methods and assumptions since fiscal year 2012.

Also see the Required Supplementary Information in Appendix A for a history of the City's UAAL and other statistical information. The City receives an actuarial valuation bi-annually. The most recent valuation was for fiscal year 2015 (i.e., as of July 1, 2014); the next valuation will be for fiscal year 2016 which is currently in process. As illustrated in the Required Supplementary Information, the City's UAAL was \$27,681,479 as of the July 1, 2014, valuation date; the UAAL will not change until the fiscal year 2016 valuation is recorded. The City's annual OPEB cost is calculated by adjusting the actuarially determined Annual Required Contribution ("ARC") for interest earned and other factors, including contributions made. Unfunded liabilities in excess of contributions increase the City's Net OPEB Obligation. The City's Net OPEB Obligation as of June 30, 2013 was \$6,069,560 and as of June 30, 2014, it was \$6,680,705. As of June 30, 2015, the Net OPEB Obligation was \$7,414,353.

CITY FINANCIAL INFORMATION

Annual Reports

General. The Financial Services Department prepares a Comprehensive Annual Financial Report ("CAFR") providing an overview of financial operations and changes in financial position of the City as of June 30 of each fiscal year. The latest CAFR is for the fiscal year ended June 30, 2015. The City's 2015 CAFR contains the City's most recent audited financial statements. Audited financial statements for prior years (and the City's CAFRs) may be obtained from the sources listed in "INTRODUCTION – Additional Information."

The audited basic financial statements of the City are included as part of the CAFR of the City set forth in Appendix A. Such basic financial statements were prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the standard setting body for governmental accounting and financial reporting. See Note 1 in the audited financial statements included in the CAFR hereto as Appendix A for a description of the City's significant accounting policies.

Awards. The Government Finance Officers Association (GFOA) of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its CAFR for the fiscal year ended June 30, 2014. This was the 34th consecutive year that the City has received this recognition. A Certificate of Achievement is valid for a period of one year only. The City believes that the most current CAFR continues to meet the Certificate of Achievement program requirements and has submitted its fiscal year 2015 CAFR for award consideration.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized CAFR with contents conforming to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

Budgeting

On or before April 15 of each year, the City is required to submit to the Nevada Department of Taxation the tentative budget for the next fiscal year which commences on July 1 of that year. The tentative budget contains the proposed expenditures and means of financing them. After reviewing the tentative budget, the Nevada Department of Taxation is required to notify the City upon its acceptance of the budget.

Following acceptance of the proposed budget by the Nevada Department of Taxation, the City Council is required to conduct a public hearing on the tentative budget on the third Tuesday in May. The City Council is required to adopt the final budget and submit the final budget to the Nevada Department of Taxation on or before June 1.

The City Manager or the Director of Financial Services is authorized to transfer budgeted amounts between functions or funds with City Council notification. Budget adjustments that increase the original budget and therefore affect fund balance, or affect the contingency account, require City Council approval. With the exception of monies appropriated for specific capital projects or Federal and State grant expenditures, all unencumbered appropriations lapse at the end of the fiscal year.

Accounting

The government-wide financial statements and the proprietary fund financial statements as presented in the CAFR are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. This requires that revenues are recorded when earned and expenses are recorded when liabilities are incurred, regardless of the timing of related cash flows.

However, the governmental fund financial statements as presented in the CAFR are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. This requires that revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *measurable* when the amount of the transaction can be determined and *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose revenues are considered to be available if collected within sixty days after the end of the current fiscal year. Expenditures generally are recorded when liabilities are incurred, as under accrual accounting.

General Fund; Other Funds

General Fund. The general fund (the "General Fund") is the City's general operating fund and is used to account for all financial resources except those required to be accounted for in other funds. Included are all transactions related to the approved current operating budget, its accompanying revenue, expenditures and encumbrances, and its related asset, liability, and fund balance accounts.

<u>Major General Fund Revenue Sources</u>. For the bulk of its General Fund revenues, the City relies primarily upon three sources including "intergovernmental revenues" comprised primarily of revenues derived from Consolidated Tax revenues (approximately 41% of General Fund revenues in fiscal year 2015); taxes, including ad valorem and personal property taxes (approximately 34% of General Fund revenues in fiscal year 2015); and revenues from licenses and permits (approximately 20% of General Fund revenues in fiscal year 2015).

As described above, Consolidated Tax revenues (the "CTAX") are a component of "intergovernmental revenues" as presented in the CAFR and represented 36.7% of General Fund revenues for fiscal year 2015. As the name implies, Consolidated Taxes is a revenue stream composed of six separate tax components including the Basic City-County Relief Tax (the "BCCRT" sales tax component), the Supplemental City-County Relief Tax (the "SCCRT" sales tax component), the Liquor tax, the Cigarette tax, the Government Services Tax (or "GST" tax which has previously been called the "Motor Vehicle Privilege Tax" and results from vehicle registration within Washoe County), and the Real Property Transfer Tax (or "RPTT" tax). The first two components of the CTAX include the BCCRT and the SCCRT which are components of the sales tax rate that is applicable within the County. These sales tax components consistently comprise the vast majority of the CTAX (82% of total CTAX revenues during fiscal year 2015). Sales tax collections are subject to fluctuations in spending which is affected by, among other things, general economic cycles. Sales tax revenues may increase along with the increasing prices brought about by inflation, but collections also are vulnerable to adverse economic conditions and reduced spending and may decrease as a result. Consequently, the rate of sales tax collections may be expected to correspond generally to economic cycles.

General Fund Expenditures. The City's annual General Fund expenditures are dominated by the funding support of a variety of mandated functions. These include: public safety functions, including police and fire protection services (71% of fiscal year 2015 General Fund expenditures); general governmental services, including City Council, the City Manager, City Clerk, Financial Services, and other administrative functions (18% of fiscal year 2015 General Fund expenditures); and other functions including Judicial, Public Works, Culture and Recreation, and Community Support (composing

the remaining 11% of fiscal year 2015 General Fund expenditures). The City is an employee service-based organization, and as such, the vast majority of General Fund expenditures is composed of personnel-related costs (80% of fiscal year 2015 General Fund expenditures).

Other City Funds. As shown in Appendix A, the City has numerous other funds, the largest of which are the Capital Projects Funds, Enterprise Funds and Special Revenue Funds. Monies on deposit in the Capital Projects Funds are used for the acquisition or construction of major capital facilities. Monies on deposit in the Enterprise Funds are used for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the City is that the costs (expenses, including depreciation) of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges. Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditure for specified purposes.

History of General Fund Revenues and Expenditures

General. The following table presents a history of the City's General Fund revenues, expenditures and changes in fund balance for the fiscal years ended June 30, 2011, through 2015, derived from the City's CAFR for each of those years. The table also provides final budget information for fiscal year 2016.

The information in this table is provided for informational purposes only and does not imply that all of the revenues shown below are legally available to pay debt service on the Bonds. The information in this table should be read together with the City's audited financial statements for the year ended June 30, 2015, and the accompanying notes, which are included as Appendix A hereto. Financial statements for prior years can be obtained from the sources listed in "INTRODUCTION – Additional Information."

Reserve Policies. The City Council adopted a minimum fund balance policy for the General Fund requiring the unrestricted fund balance (i.e., the sum of the committed, assigned, and unassigned fund balance categories) at fiscal year-end to equal at least 8.3% of total General Fund expenditures (less capital outlay).

The City Council has also adopted a financial Stabilization Fund policy, designed to provide financial resources to help stabilize the General Fund during certain conditions of economic stress. Under this policy, a portion of the revenue received from business licenses (as approved by City Council) and/or interest income allocated to the fund is committed to be the primary sources of revenue for the Stabilization Special Revenue Fund ("Stabilization Fund"). Accumulated resources within the Stabilization Fund may only be used if (a) expenditures are incurred from a natural disaster upon formal declaration of the City Council; or (b) total General Fund revenues decrease by 4% or more from the previous fiscal year. A portion of the Stabilization Fund was utilized during the recession, and the ending fund balance within the Stabilization Fund was \$231,107 at the end of fiscal year 2015. As revenues continue to improve, it is the City's expectation that the Stabilization Fund will likely be replenished and enhanced during subsequent budget cycles.

Effect of GASB 54. Effective for the fiscal year ending June 30, 2011, the City is subject to Governmental Accounting Standards Board Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions ("GASB 54"). Under GASB 54, fund balance for governmental funds are required to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor the constraints placed on the specific purposes for which amounts in those funds can be spent. As a result, the prior "reserved, unreserved and designated" designations of fund balance have been replaced with new categories: "nonspendable," "restricted,"

"committed," "assigned" and "unassigned." Collectively, the nonspendable and restricted categories are considered to be "restricted" while the committed, assigned, and unassigned categories are considered to be "unrestricted". See Note No. 1 in the fiscal year 2015 CAFR (attached hereto as Appendix A) for further details regarding each of these restriction categories.

Notwithstanding the foregoing, the information presented in the following table includes the General Fund only; specific fund balance items required to be reported within the General Fund for purposes of GASB 54 (described in the prior paragraph) have been excluded from this table.

General Fund - History of Revenues, Expenditures and Changes in Fund Balance

Management Discussion

General. An overview of the financial activity and overall financial condition of the City is presented in the City of Sparks' Management's Discussion and Analysis included within the CAFR for the fiscal year ended June 30, 2015, included hereto as Appendix A.

2016 Budget. The City's final budget for fiscal year 2016 was adopted by City Council on May 19, 2015. The fiscal year 2016 budget for the General Fund forecasts revenues and transfer of \$60.325 million. This represents a 4.4% increase over fiscal year 2015 results.

The City's fiscal year 2016 budget also includes a 3.9% increase in CTAX revenues compared to fiscal year 2015 which represents 37.6% of General Fund budgeted revenues. Property taxes (34.0% of General Fund budgeted revenues) are budgeted to increase by 3.0% compared to fiscal year 2015. Overall, budgeted revenues, including transfers in, are budgeted to increase by 2.7% in fiscal year 2016 compared to fiscal year 2015 actual results. Now that actual data is beginning to become available for fiscal year 2016, the City believes that General Fund revenues will be higher than what was included in the final budget (i.e., the first quarter General Fund actual revenue for fiscal year 2016 was higher by 10.4% (unaudited) compared to the first quarter of fiscal year 2015, and the City expects this early trend of revenues exceeding budget will continue as the fiscal year progresses).

As a result of the Great Recession, the City's General Fund total revenue declined six consecutive years including fiscal year 2008 through fiscal year 2013. Since then, the General Fund revenue has steadily improved resulting in increased total revenue in fiscal year 2014 (4.5% increase) and in fiscal year 2015 (4.9% increase). As previously mentioned, the City is expecting the up-trend in revenues to continue as the economy continues to improve.

In fiscal year 2011, the City Council adopted a policy that stated a goal of having a minimum unrestricted ending fund balance in the General Fund equal to at least 8.3% of expenditures. The City successfully met and exceeded that goal in fiscal year 2011 and in several fiscal years since. The General Fund unrestricted ending fund balance as a percentage of expenditures equaled 13.0% in fiscal years 2011 and 2012, 11.6% in fiscal year 2013, 9.3% in fiscal year 2014, and 11.8% in fiscal year 2015 (unrestricted ending fund balance divided by total expenditures). The City Council has the ability to approve a General Fund budget which authorizes a lower ending fund balance (as is the case with the fiscal year 2016 budget); however, City management will continue to strive to have actual results meet its stated policy goal in future fiscal years.

Investment Policy

The investment goal of the City is to maintain adequate cash availability to meet current obligations and invest excess monies at the maximum yield allowed, while assuring that the principal is protected from loss. Monies that are not required for immediate expenditures are invested within the guidelines of NRS Chapter 355, and City policy. See Note No. 3 in Appendix A for a more complete description of the City's investment practices.

Accounting for Liability Insurance and Employee Benefits

Municipal Self-Insurance Internal Service Fund. The City maintains a Municipal Self-Insurance Fund to account for monies received from insurance claims and other sources to cover the costs to repair and replace damaged real and personal property owned by the City and to cover uninsured claims. The City is self-insured for general liability claims up to \$100,000 for each occurrence, after which claims are covered by excess insurance. This fund charges other funds maintained by the City a premium derived from prior year actual claims and administrative costs allocated based on the number of employees in each fund.

The following table presents information about the revenues, expenditures and fund balances for the Municipal Self-Insurance Internal Service Fund. The information provided for fiscal years 2011 through 2015 was derived from the City's CAFR for each of those years. The table also provides budget information for fiscal year 2016 derived from the City's Finance Department and the City's 2016 final budget, respectively.

Municipal Self-Insurance Internal Service Fund

Fiscal Year	2011	2012	2013	2014	2015	2016

Source: Derived from the City's CAFRs for fiscal years 2011-2015, the City's final budget for fiscal year 2016 and the City's Finance Department.

See Note 14 in the audited financial statements included in the CAFR attached hereto as Appendix A for a description of the City's risk management activities, including more specific information about the Municipal Self-Insurance Internal Service Fund.

Workers' Compensation Insurance Internal Service Fund. State law requires that employees be covered for workers' compensation either through a self-insurance fund or through the Employers Insurance Company of Nevada. The City is self-insured for individual workers' compensation claims up to \$3,000,000 for City police and firefighters and \$1,500,000 for all other City employees, per occurrence. Claims in excess of this limit are covered by excess insurance up to State statutory limits. This fund charges the City's insured funds an annual premium per employee, which may vary by employee type. The fund has excess insurance coverage for each occurrence.

The City has experienced several disability retirements for public safety employees related to heart, lung and cancer (HLC) benefits, all of which were presumed to be job-related under state law. However, primarily due to legislation passed by the State Legislature in 2015, the City saw a significant decrease in the projected HLC liability in 2014-15, and we expect any significant changes to this liability in the future will continue to be primarily driven by Legislation enacted by the Nevada Legislature.

The following table presents the revenues, expenditures and fund balance for the Workers' Compensation Insurance Internal Service Fund with the amounts in prior years adjusted to reflect this merger. The information is provided for fiscal years 2011 through 2015 and derived from the City's CAFR for each of those years. The table also provides budget information for fiscal year 2016

derived from the City's 2016 final budget. The information in the table below does not conform to GAAP presentation, as all revenues (including operating revenues, non-operating revenues and transfers) are included in the "Total Revenue" category.

Workers' Compensation Insurance Internal Service Fund

See Note 14 in the audited financial statements included in the CAFR attached hereto as Appendix A for a description of the City's risk management activities, including more specific information about the Workers' Compensation Insurance Internal Service Fund.

DEBT STRUCTURE

Debt Limitation

State law limits the aggregate principal amount of the City's general obligation debt to 20% of its total reported assessed valuation. The following table presents a history of the City's outstanding general obligation indebtedness with respect to its statutory debt limitation.

Statutory Debt Limitation

Fiscal Year	Assessed		Outstanding General	Statutory
Ended June 30,	Valuation ⁽¹⁾	Debt Limit	Obligation Debt ⁽²⁾	Debt Capacity
2012	\$2,274,238,860	\$454,847,772	\$61,350,874	\$393,496,898
2013	2,174,622,338	434,924,468	56,607,529	378,316,939
2014	2,170,607,395	434,121,479	51,701,282	382,420,197
2015	2,396,747,010	479,349,402	46,638,450	432,710,952
2016	2,640,208,709	528,041,742	$47,632,982^{(3)}*$	480,408,760*

⁽¹⁾ Includes the assessed valuation of the Redevelopment Agencies. These values are included for purposes of calculating the debt limit.

TOTAL ASSESSMENT DISTRICTS				\$14,255,000

- (1) As of January 1, 2016; after taking into account the issuance of the Bonds.
- (2) General obligation bonds secured by the full faith, credit and taxing power of the City. The ad valorem tax available to pay these bonds is limited to the \$3.64 statutory and the \$5.00 constitutional limit. See "PROPERTY TAX INFORMATION Property Tax Limitations." These bonds are additionally secured by specified pledged revenues; if revenues are not sufficient, the City is obligated to pay the difference between such revenues and the debt service requirements of the respective bonds.
- (3) General obligation medium-term bonds secured by the full faith and credit and payable from all legally available funds of the City. The ad valorem tax available to pay these bonds is limited to the statutory and constitutional limit described in note (2) above as well as the statutory limitation on the City's maximum operating levy tax rate.
- (4) Preliminary, amounts subject to change.
- (5) Excludes a Reno Clean Water SRF Loan dated July 1, 2007, in the original amount of \$12,047,541, of which \$6,356,605 is outstanding, which the City pays pursuant to an interlocal agreement with the City of Reno.
- (6) Revenue bonds secured by certain anticipated sales tax revenues.
- (7) Revenue bonds secured by consolidated tax revenues.
- (8) These bonds are not secured by the general fund of the City nor by its taxing power (except to the extent of its power to impose and collect the assessments); and neither the City nor the State nor any political subdivision thereof has pledged its full faith and credit for the payment of these bonds. The payment of these bonds is not secured by any encumbrance, mortgage, or other pledge of the property of the City. In the event of a delinquency in the payment of any assessment installment, the City will have no obligation with respect to these bonds other than to apply available funds in a reserve fund and to commence and pursue sale or foreclosure proceedings with respect to the property in question.
- * Excluded from this chart are industrial development revenue bonds issued October 17, 2002, in the original amount of \$2,095,000. These are special, limited obligations of the City secured only by revenues pledged to their repayment by the corporate borrower.

⁽¹⁾ Includes debt service requirements for the entirety of fiscal year 2016, without taking into account the present issuance. Totals may not add due to rounding.

Source: The City.

Other Obligations. The City records long-term liabilities for its long-term debt and other obligations, including compensated absences, net OPEB obligations and net pension obligations. See Notes 9 and 15 in the audited financial statements included in the CAFR attached hereto as Appendix A.

Additional Contemplated Indebtedness

The City may issue general obligation bonds by means of authority granted to it by its electorate or the State Legislature or, under certain circumstances, without an election as provided in existing statutes. The City reserves the privilege of issuing general obligation bonds or other securities any time legal requirements are satisfied.

Overlapping Debt

In addition to the general obligation indebtedness of the City (see "General Obligation Debt and Other Outstanding Obligations" above), other taxing entities are authorized to incur general obligation debt with boundaries which overlap or partially overlap the boundaries of the City. The following chart sets forth the estimated overlapping general obligation debt within the City as of January 1, 2016.

Outstanding Overlapping Net General Obligation Indebtedness

		Presently Self-	Net Direct		Overlapping
	Total G.O.	Supporting G.O.	G.O.	Percent	Net G.O.

⁽²⁾ See "PROPERTY TAX INFORMATION – Property Tax Base and Tax Roll Collection" for an explanation of Assessed Value and Taxable Value. The assessed valuation of the Redevelopment Agency is not included.

⁽³⁾ In 2016, reflects outstanding debt as of January 1, 2016, including the issuance of the Bonds.

^{*} Preliminary, subject to change.

LEGAL MATTERS

Litigation

In the opinion of the City Attorney, there is no litigation or controversy of any nature now pending, or to the knowledge of the City Attorney, threatened, (i) restraining or enjoining the issuance, sale, execution or delivery of the Bonds, or (ii) in any way contesting or affecting the validity of the Bonds or any proceedings of the City taken with respect to the issuance or sale thereof, the pledge, collection or application of any moneys or securities provided for the payment of the Bonds, or the corporate existence of the City.

Sovereign Immunity

Pursuant to State statute (NRS 41.035), an award for damages in an action sounding in tort against the City may not include any amount as exemplary or punitive damages and is limited to \$100,000 per cause of action. The limitation does not apply to federal actions brought under federal law such as civil rights actions under 42 U.S.C. Section 1983 and actions under The Americans with Disabilities Act of 1990 (P.L. 101-336), or to actions in other states.

Approval of Certain Legal Proceedings

The legal opinion of Sherman & Howard L.L.C., Bond Counsel, Reno, Nevada, as to the validity and enforceability of the Bonds will be made available to the Initial Purchaser at the time of original delivery. See Appendix D - Form of Approving Opinion of Bond Counsel. Sherman & Howard L.L.C. has also acted as special counsel to the City in connection with this Official Statement. The City Attorney will pass upon certain legal matters for the City.

Police Power

The obligations of the City are subject to the reasonable exercise in the future by the State and its governmental bodies of the police power and powers of taxation inherent in the sovereignty of the State, and to the exercise by the United States of the powers delegated to it by the federal constitution.

TAX MATTERS

Federal Tax Matters

In the opinion of Bond Counsel, assuming continuous compliance with certain covenants described below, interest on the Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of Tax Code, and interest on the Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code except that such interest is required to be included in calculating the "adjusted current earnings" adjustment applicable to corporations for purposes of computing the alternative minimum taxable income of corporations as described below.

The Tax Code imposes several requirements which must be met with respect to the Bonds in order for the interest thereon to be excluded from gross income and alternative minimum taxable income (except to the extent of the aforementioned adjustment applicable to corporations). Certain of these requirements must be met on a continuous basis throughout the term of the Bonds. These requirements include: (a) limitations as to the use of proceeds of the Bonds; (b) limitations on the extent to which proceeds of the Bonds may be invested in higher yielding investments; and (c) a provision, subject to certain limited exceptions, that requires all investment earnings on the proceeds of the Bonds above the yield on the Bonds to be paid to the United States Treasury. The City will covenant and

represent in the Bond Ordinance that it will take all steps to comply with the requirements of the Tax Code to the extent necessary to maintain the exclusion of interest on the Bonds from gross income and alternative minimum taxable income (except to the extent of the aforementioned adjustment applicable to corporations) under such federal income tax laws. Bond Counsel's opinion as to the exclusion of interest on the Bonds from gross income and alternative minimum taxable income (to the extent described above) is rendered in reliance on these covenants, and assumes continuous compliance therewith. The failure or inability of the City to comply with these requirements could cause the interest on the Bonds to be included in gross income, alternative minimum taxable income or both from the date of issuance. Bond Counsel's opinion also is rendered in reliance upon certifications of the City and other certifications furnished to Bond Counsel. Bond Counsel has not undertaken to verify such certifications by independent investigation.

Section 55 of the Tax Code contains a 20% alternative minimum tax on the alternative minimum taxable income of corporations. Under the Tax Code, 75% of the excess of a corporation's "adjusted current earnings" over the corporation's alternative minimum taxable income (determined without regard to this adjustment and the alternative minimum net operating loss deduction) is included in the corporation's alternative minimum taxable income for purposes of the alternative minimum tax applicable to the corporation. "Adjusted current earnings" includes interest on the Bonds.

The Tax Code contains numerous provisions which may affect an investor's decision to purchase the Bonds. Owners of the Bonds should be aware that the ownership of tax-exempt obligations by particular persons and entities, including, without limitation, financial institutions, insurance companies, recipients of Social Security or Railroad Retirement benefits, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, foreign corporations doing business in the United States and certain "subchapter S" corporations may result in adverse federal and state tax consequences. Under Section 3406 of the Tax Code, backup withholding may be imposed on payments on the Bonds made to any owner who fails to provide certain required information, including an accurate taxpayer identification number, to certain persons required to collect such information pursuant to the Tax Code. Backup withholding may also be applied if the owner underreports "reportable payments" (including interest and dividends) as defined in Section 3406, or fails to provide a certificate that the owner is not subject to backup withholding in circumstances where such a certificate is required by the Tax Code. Certain of the Bonds may be sold at a premium, representing a difference between the original offering price of those Bonds and the principal amount thereof payable at maturity. Under certain circumstances, an initial owner of such bonds (if any) may realize a taxable gain upon their disposition, even though such bonds are sold or redeemed for an amount equal to the owner's acquisition cost. Bond Counsel's opinion relates only to the exclusion of interest on the Bonds from gross income and alternative minimum taxable income as described above and will state that no opinion is expressed regarding other federal tax consequences arising from the receipt or accrual of interest on or ownership of the Bonds. Owners of the Bonds should consult their own tax advisors as to the applicability of these consequences.

The opinions expressed by Bond Counsel are based upon existing law as of the delivery date of the Bonds. No opinion is expressed as of any subsequent date nor is any opinion expressed with respect to any pending or proposed legislation. Amendments to the federal tax laws may be pending now or could be proposed in the future which, if enacted into law, could adversely affect the value of the Bonds, the exclusion of interest on the Bonds from gross income or alternative minimum taxable income or both from the date of issuance of the Bonds or any other date, the tax value of that exclusion for different classes of taxpayers from time to time, or that could result in other adverse federal tax consequences. In addition, future court actions or regulatory decisions could affect the tax treatment or market value of the Bonds. Owners of the Bonds are advised to consult with their own tax advisors with respect to such matters.

The Internal Revenue Service (the "Service") has an ongoing program of auditing tax-exempt obligations to determine whether, in the view of the Service, interest on such tax-exempt obligations is includable in the gross income of the owners thereof for federal income tax purposes. No assurances can be given as to whether or not the Service will commence an audit of the Bonds. If an audit is commenced, the market value of the Bonds may be adversely affected. Under current audit procedures, the Service will treat the City as the taxpayer and the Owners may have no right to participate in such procedures. The City has covenanted in the Bond Ordinance not to take any action that would cause the interest on the Bonds to lose its exclusion from gross income for federal income tax purposes or lose its exclusion from alternative minimum taxable income except to the extent described above for the owners thereof for federal income tax purposes. None of the City, the Purchaser, Financial Advisor or Bond Counsel is responsible for paying or reimbursing any Registered Owner or Beneficial Owner for any audit or litigation costs relating to the Bonds.

State Tax Exemption

The Bonds, their transfer, and the income therefrom, are free and exempt from taxation by the State or any subdivision thereof except for the tax on estates imposed pursuant to Chapter 375A of NRS, and the tax on generation skipping transfers imposed pursuant to Chapter 375B of NRS.

FINANCIAL ADVISOR

JNA Consulting Group, LLC, is serving as Financial Advisor to the City in connection with the Bonds. The Financial Advisor has not audited, authenticated, or otherwise verified the information set forth in this Official Statement, or any other related information set forth in this Official Statement, or any other information available to the City, with respect to the accuracy and completeness of disclosure of such information and no guarantee, warranty, or other representation is made by the Financial Advisor respecting accuracy and completeness of this Official Statement or any other matter related to this Official Statement.

INDEPENDENT AUDITORS

The basic financial statements of the City of Sparks, Nevada, as of and for the year ended June 30, 2015, included as a part of the CAFR of the City included in Appendix A, have been audited by Eide Bailly LLP, independent certified public accountants, Reno, Nevada, to the extent and for the period indicated in their report thereon.

The audited basic financial statements of the City, including the auditor's report thereon, are public documents and pursuant to State law, no consent from the auditors is required to be obtained prior to inclusion of the audited financial statements in this Official Statement. Accordingly, the City has not requested consent from its auditors. Since the date of its report, Eide Bailly has not been engaged to perform and has not performed any procedures on the basic financial statements addressed in that report and also has not performed any procedures relating to this Official Statement.

RATING

Standard & Poor's Ratings Services, a Division of The McGraw-Hill Companies ("S&P") has assigned the Bonds the rating shown on the cover page of this Official Statement. An explanation of the significance of any ratings given by S&P may be obtained from S&P at 55 Water Street, New York, New York 10041.

There is no assurance that such rating will continue for any given period of time after it is received or that it will not be lowered or withdrawn entirely if, in the judgment of the rating agency,

circumstances so warrant. Other than the City's obligations under the Disclosure Certificate, neither the City nor the Financial Advisor has undertaken any responsibility either to bring to the attention of the owners of the Bonds any proposed change in or withdrawal of such rating or to oppose any such proposed revision. Any such change in or withdrawal of the rating could have an adverse effect on the market price of the Bonds.

PUBLIC SALE

The City expects to sell the Bonds at public sale on February 18, 2016. See Appendix F - Official Notice of Bond Sale.

OFFICIAL STATEMENT CERTIFICATION

The undersigned official hereby confirms and certifies that the execution and delivery of this Official Statement and its use in connection with the offering and sale of the Bonds has been duly authorized by the City Council.

November 24, 2015

Honorable Mayor, Members of the City Council, City Manager and Citizens of Sparks, Nevada:

The Comprehensive Annual Financial Report (CAFR) of the City of Sparks, Nevada, for the fiscal year ended June 30, 2015, is hereby submitted in accordance with Nevada Revised Statutes 354.624. This report represents the City's compliance with state law, which requires that local governments provide for an annual audit by independent certified accountants of its financial statements in accordance with generally accepted accounting principles (GAAP).

Responsibility for both the accuracy of the data and fairness of the presentation, including all note disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and are reported in a manner designed to present fairly the financial position and results of operations of the various funds and component units of the City of Sparks, in accordance with generally accepted accounting principles.

Our auditors, Eide Bailly LLP, have also issued an unmodified ("clean") opinion that the financial statements enclosed within this CAFR, fairly and materially represent the financial position and results of operations of the City of Sparks. Their report is located on page 10 of the financial section of this report.

The CAFR is presented in four sections:

- 1. **Introductory Section** the Introductory Section is unaudited and includes this letter of transmittal, the City's organizational chart, list of principal officials and the GFOA Certificate of Achievement for fiscal year 2013-2014.
- 2. **Financial Section** this section includes the Independent Auditor's Report, Management's Discussion and Analysis (MD&A), the basic financial statements and related footnotes, combining and individual statements for major and nonmajor funds and other schedules that provide detailed information relative to the basic financial statements.

The MD&A provides a narrative introduction, overview, and analysis of the basic financial statements. This letter of transmittal is intended to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found beginning on page 13, immediately following the Independent Auditor's Report.

- 3. **Statistical Section** the Statistical Section is also unaudited and includes selected financial and demographic information, generally presented on a multi-year basis.
- 4. **Compliance Section** the Compliance Section includes the annual Single Audit Report by the independent auditor on the City's compliance with the provisions of the Single Audit Act of 1984 (as amended in 1996) and the U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Also included are the Schedule of Expenditures of Federal Awards and the Schedule of Findings and Questioned Costs. Additionally, the auditor's report on the internal control structure and compliance with laws and regulations is included as required by Government Auditing Standards.

Profile of the Government

The City of Sparks, incorporated in 1905, with an estimated population of 93,320, is the fifth largest city in Nevada and is located in the extreme western part of the state sharing a border with the City of Reno.

Sparks operates under a mayor-council form of government. The Mayor serves as the executive branch of the government. The Mayor is elected at-large in the City and serves as the chairman of the City Council. Five elected City Council members are elected by district and serve as the legislative powers of the City. All legislative powers of the City as outlined in the municipal charter, Nevada Revised Statutes and State Constitution are vested in the Council.

The City provides a full range of municipal services including police services; fire protection; the construction and maintenance of streets, traffic engineering and infrastructure; recreational activities and cultural events; wastewater treatment; and planning and zoning for new development. The City does not operate hospitals, schools or libraries. Utilities, such as gas and electric services, are provided by a privately owned utility. The City, as a member of a joint powers authority called the Truckee Meadows Water Authority, acquired an interest in the water service division of Sierra Pacific Power Company (now called NV Energy) on June 11, 2001. Washoe County and the City of Reno are the other members of the Authority. Sewer service and wastewater treatment are provided by the Truckee Meadows Water Reclamation Facility, a joint venture between the Cities of Reno and Sparks which is not a component unit for financial reporting purposes in either entity in accordance with the pronouncements of the Governmental Accounting Standards Board.

This report includes all funds of the primary government (City of Sparks) as well as its blended component unit. A blended component unit is a legally separate entity but in substance, is part of the City's operations and is included as part of the governmental funds of the city. The Redevelopment Agency, Districts No. 1 and No. 2, of the City of Sparks is considered the City's blended component unit. The Redevelopment Agency is an organization for which the primary government is financially accountable, and whose governing body is substantially the same as the City's. All five City Council members comprise the governing body for the Agency. In addition, the Mayor, who cannot vote on City agenda items, is a voting Agency member.

The original redevelopment district, Redevelopment Agency Area No. 1, in downtown Sparks, whose distinctive main street venue has been developed as Victorian Square, was created February 23, 1978. The state's first redevelopment district was set to expire after 30 years underexisting statutory limits. However, subsequent Legislative actions allowed for the extension of the district's term for fifteen

additional years, an action taken by the Sparks Redevelopment Agency on May 8, 2000, thereby extending the duration of Sparks Redevelopment Area No. 1 until February 23, 2023.

On June 28, 1999, a second redevelopment district was created, Redevelopment Agency Area No. 2. The newer district is comprised of three noncontiguous areas - the Marina Park area (with abandoned retail parcels and a lack of infrastructure installations within the area), Oddie Boulevard area (an aging commercial/industrial strip along a state-controlled roadway with poor access) and the so-called Conductor Heights (south-west industrial) section, one of the oldest in Sparks, where very small residential lots have become interspersed with commercial uses. Fiscal year 1999-2000 established base year values for the second redevelopment district. A special assessment district was formed in 2002 to construct infrastructure needed for new development to the marina area. Redevelopment Agency Area No. 2 is set to expire on June 28, 2029.

The internal accounting controls employed by the City are designed to provide reasonable assurance that assets will be safeguarded against loss from unauthorized use or disposition, and that financial records will be reliable for use in preparing financial statements and determining accountability for assets. The City's accounting system provides controls to assure compliance with the budget. Budgetary control is maintained at the departmental service level in the General Fund, because the functional level identified in state statutes crosses departmental authorities and dilutes the responsibility for adhering to budget constraints. City management may transfer appropriations between functions in the General Fund and within individual funds, and must notify the City Council of such transfers. Any other increases in appropriations or transfers also require City Council approval. Budgetary control is further enhanced through the use of encumbrance accounting.

State statutes require the Financial Services Director to submit a tentative budget for the ensuing fiscal year to the Nevada Department of Taxation by April 15. The Department notifies the City whether or not the budget is in compliance with the law and related regulations. The City is required to hold a public hearing on the third Tuesday in May to review public input on the tentative budget. The City Council must adopt a final budget no later than June 1, which is then filed with the Department of Taxation. State statutes allow for the local government entities to file amended final budgets for a fiscal year which is impacted by legislative actions.

Local Economy

The region's economy has long relied on consumption-related activities such as construction, tourism, and gaming, and the area, known as the Truckee Meadows, offers an extensive array of hotel and casino options as well as vast recreational opportunities and breathtaking scenery. The events of September 11, 2001, coupled with the establishment of a large upscale Indian Casino in Northern California, as well as the advancement of on-line gaming, has had a significant impact on gaming revenues, room taxes, airline passenger counts and economic conditions in general in the Truckee Meadows. In the subsequent years, the region rebounded strongly, fueled by efforts to diversify the economic profile and by a booming real estate market.

Beginning in fiscal year 2006-2007, a significant softening in the local economy began, which we now know to be the beginning of what is commonly being referred to as the "Great Recession". Residential construction which had displayed unprecedented growth during the preceding years, deteriorated dramatically, outpacing the national trend of a weakening real estate market. Also during fiscal year

2006-2007, the City of Sparks experienced a decline in consolidated tax revenue (over 80 percent of which is comprised of sales taxes), for the first year since the consolidated tax structure was initiated during fiscal year 1997-1998. The recession that began in fiscal year 2006-2007 resulted in lower City revenues in every subsequent year until fiscal year 2013-2014. Looking forward to fiscal year 2015-2016, we anticipate the stabilization to continue and are expecting a modest increase for the third consecutive year.

On July 23, 2007, the City created the Tourism Improvement District No. 1 known as the Legends at Sparks Marina, which is located within the Redevelopment Agency Area No.2. The City contracted with RED Development to develop the Legends at Sparks Marina into one of the premier retail destinations in the region. As established by SB 306 from the 2005 legislative session, a Tourism Improvement District (TID) allows Sales Tax Anticipated Revenue (STAR) bonds to be issued that are supported by up to 75 percent of taxable sales generated within the District. Proceeds from these bonds are used for infrastructure and land improvements for the purpose of enhancing the area as a tourism, entertainment, and retail destination of choice. More information on the debt issued in relation to the Legends project can be found within the notes to the financial statements.

In 2014, Tesla and other large companies, agreed to open facilities in the Tahoe Reno Industrial Center located east of Sparks. The neighboring communities, such as the City of Sparks, anticipate a positive impact to the economy over the next several years. Telsa's Gigafactory is set to open in 2017, and is expected to generate thousands of direct and indirect jobs within the region. These anticipated jobs will bring welcome relief to a region that was hit hard by high levels of unemployment during the recession.

In fiscal year 2015, the Sparks City Council approved a tax increase which increased the operating property tax rate from \$.9161 to .9598 per \$100 of assessed value. This is the first increase since 2003-2004. Coupled with the rates in effect for jurisdictions which overlap with Sparks, the overall tax rate is at the statutory cap of \$3.66. (This includes two cents that were added to the state tax rate for Capital projects and conservation of natural resources that are outside of the property tax rate cap of \$3.64.)

Long-Term Financial Planning

The City uses a multi-year financial forecasting model to assist with budget and capital planning. The City has also completed a comprehensive facilities plan, which will guide City capital spending priorities and help to formulate the five-year Capital Improvement Plan (the CIP). The CIP is updated annually in conjunction with the budget process, and is integrated with the City's budget upon adoption of the plan.

Relevant Financial Policies

Cash Management

The City is authorized by statute to invest in bonds or other obligations of the United States Treasury, its agencies and instrumentalities; bonds of the State of Nevada; obligations of other local governments of the State of Nevada; certificates of deposit and bankers acceptances; notes, bonds and other unconditional obligations by corporations organized and operating in the United States; and obligations of other state and local governments if they are rated "A" or better by one of the nationally recognized credit rating agencies. The City may also invest in repurchase agreements for securities if, in lieu of possession of the securities, it obtains sole, fully perfected, first-priority security interest in those

securities. State law also allows investment in money market mutual funds invested solely in treasury/agency securities.

The City, in effect, pools its cash for investment purposes and had monies invested primarily in certificates of deposit, money market instruments and agency securities. Due to the fiscal policies of the Federal Reserve to keep interest rates low for an extended period of time, investment earnings have remained low. For fiscal year 2014-2015, the average interest rate earned on investments maturing during the year was 0.83 percent.

Risk Management

The City has three funds related to the administration of its self-funded insurance programs: general liability, group health, and workers' compensation. The Municipal Self-Insurance Fund covers general liability claims, and the City carries excess insurance coverage as well. In addition, the City has property insurance for buildings and contents, and a blanket bond policy for all City employees.

The Group Insurance Self-Insurance Fund provides all of the health benefits for City employees and dependents. Employee premiums are paid by the City via interfund charges through the payroll system. Dependent premiums are paid by the City and the Employee via interfund charges and payroll deductions. The City carries a specific stop loss policy for individual claims.

The City's Workers' Compensation Insurance Fund has excess insurance coverage for each occurrence. The City has experienced several disability retirements for public safety employees related to heart, lung and cancer (HLC) benefits, all of which were presumed to be job-related under state law. However, primarily due to legislation passed by the 2015 Nevada Legislature, the City of Sparks saw a significant decrease in the projected HLC liability in 2014-2015, and we expect any significant changes to this liability in the future will continue to be primarily driven by legislation enacted by the Nevada Legislature.

Pension Information

Full-time and eligible part-time employees of the City are covered by the State of Nevada Public Employees' Retirement System (PERS). The cost-sharing, multiple-employer, defined benefit plan is administered by a seven member board appointed by the Governor, who has sole discretion over plan investments. To properly account for this benefit, the City has adopted the Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions* beginning with the current fiscal year. The City reports a portion of the PERS net pension liability prorated by participating entity contributions.

Postemployment Benefits Other Than Pensions (OPEB)

The City provides a variety of post-retirement health care benefits to certain retirees and their dependents. To properly account for these benefits, the City has adopted the Government Accounting Standards Board (GASB) Statement No. 45 Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions beginning with the 2008-2009 fiscal year. The benefits are financed on a pay-as-you-go basis, which, in accordance with GAAP, are reported as a liability in the City's financial statements if not fully funded each year.

Additional information on the City's pension plan, implementation of GASB Statement No. 68, and implementation of GASB Statement No. 45 can be found in the notes to the financial statements.

Awards and Acknowledgments

The Government Finance Officers Association of the United States and Canada (GFOA) has awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Sparks, Nevada, for its Comprehensive Annual Financial Report for each year ended June 30, 1981 through 2014. Fiscal year 2013-2014 was the thirty-fourth consecutive year in which the City of Sparks has received this prestigious award.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report (CAFR). This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City of Sparks also received the GFOA's Distinguished Budget Presentation Award for its annual budget document for each fiscal year from 2009 through 2015, excluding fiscal year 2013. In order to qualify for the Distinguished Budget Presentation Award, the government's budget document had to be judged proficient as a policy document, a financial plan, an operations guide, and a communications device.

This report could not have been prepared without the diligent year-round efforts of the entire staff of the Financial Services Department and of the certified public accounting firm Eide Bailly LLP. We would like to acknowledge their expert support and guidance throughout the year not only to make this report possible, but also to help improve our overall financial stability.

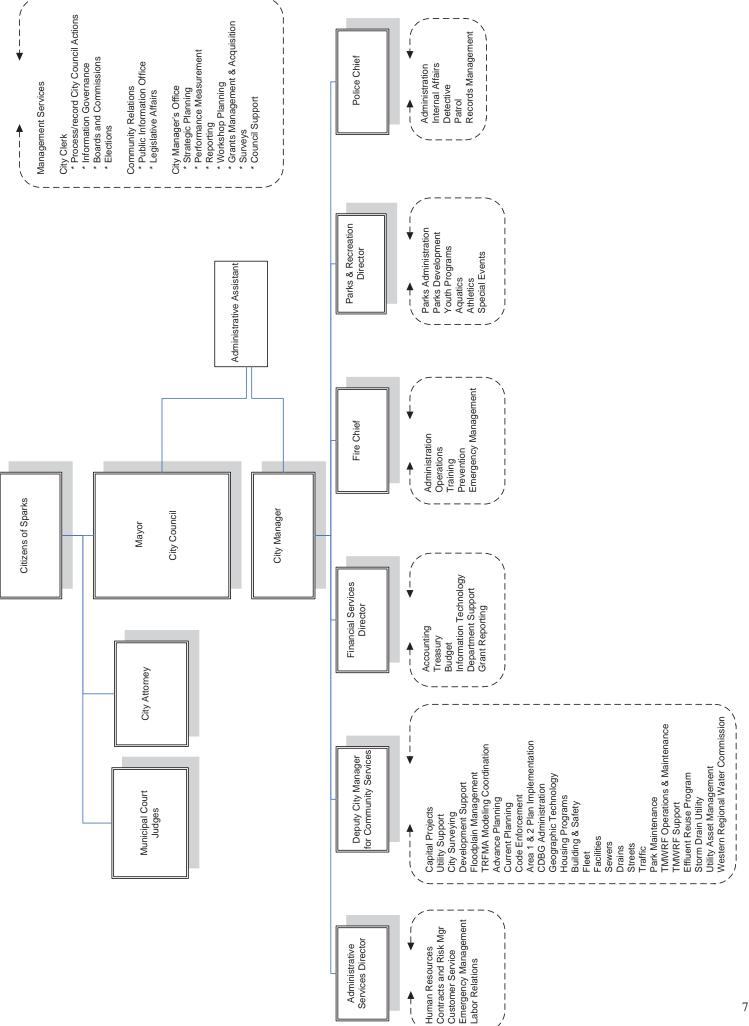

Finally, I would like to thank the City Council members, Mayor, and City Manager for exhibiting progressive and responsible leadership in the fiscal affairs of the City of Sparks.

Respectfully submitted,

Jeff Cronk, CPA

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sparks, Nevada, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City of Sparks, Nevada's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sparks, Nevada, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Notes 1 and 11 to the financial statements, the City has adopted the provisions of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date, which has resulted in a restatement of the net position as of July 1, 2014. Our opinions are not modified with respect to this matter.

Correction of Error

As discussed in Note 17 to the financial statements, certain errors resulting in an understatement of amounts previously reported for land in the governmental activities as of June 30, 2014, were discovered by management of the City of Sparks, Nevada during the current year. Accordingly, the amount reported for land has been restated in the June 30, 2015 financial statements now presented, and an adjustment has been made to governmental activities net position as of July 1, 2014, to correct the error. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 13 through 27, the other post-employment benefits schedule of funding progress on page 82, the schedule of the City's share of net pension liability on page 83, and the schedule of the City's contributions on page 84 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Sparks, Nevada's basic financial statements. The introductory section, nonmajor combining and individual fund statements and schedules including budgetary comparisons, statistical section, and the schedule of fees imposed subject to the provisions of NRS 354.5989 – Limitation of Fees for Business Licenses are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The nonmajor combining and individual fund statements and schedules including budgetary comparisons, the schedule of expenditures of federal awards, and the schedule of fees imposed subject to the provisions of NRS 354.5989 - Limitation of Fees for Business Licenses are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the nonmajor combining and individual fund statements and schedules including budgetary comparisons, the schedule of expenditures of federal awards, and the schedule of fees imposed subject to the provisions of NRS 354.5989 – Limitation of Fees for Business Licenses are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Prior Year Comparative Information

Certain supplementary information includes partial summarized comparative information for the year ended June 30, 2014. The summarized comparative information was derived from the City of Sparks, Nevada's June 30, 2014 financial statements, audited by Kafoury, Armstrong & Co., who joined Eide Bailly LLP on December 15, 2014, who expressed an opinion that the accompanying supplementary information as of and for the year ended June 30, 2014, was fairly stated in all material respects in relation to the 2014 financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 24, 2015, on our consideration of the City of Sparks, Nevada's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City of Sparks, Nevada's internal control over financial reporting and compliance.

Reno, Nevada

Ed Saelly LLP

City of Sparks, Nevada Management's Discussion and Analysis

The management of the City of Sparks offers readers of the City's financial statements this narrative overview and analysis of the financial activities of the entity for the fiscal year ended June 30, 2015. This narrative should be read in conjunction with the transmittal letter at the beginning of the report and the financial statements following this section.

Financial Highlights

- The assets and deferred outflows of resources of the City of Sparks (government-wide) exceeded its liabilities and deferred inflows of resources at June 30, 2015 by \$407,312,097 (net position), a decrease of 9.2 percent from the prior year. The net position is primarily represented by the City's net investment in capital assets.
- Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions*, implemented this year, requires the City to report a proportionate share of the total Net Pension Liability reported by the Public Employee's Retirement System of Nevada (PERS). As a result of recording the City's portion of net pension liability (\$71,650,806), deferred pension inflows (\$18,206,820), and deferred pension outflows (\$10,971,116), net position was reduced by \$78,886,510.
- Sparks' governmental funds reported combined ending fund balances of \$47,005,861 as of June 30, 2015 which is a decrease of \$4,116,723 from fiscal year 2013-2014 ending fund balance total of \$51,122,584. The decrease was primarily due to special assessment debt service payments from revenues received in the prior year.
- Governmental Accounting Standards Boards Statement No. 54 provides fund balance classifications for governmental funds. As of June 30, 2015 the unrestricted fund balance (which includes committed, assigned and unassigned balances) in the General Fund was \$6,446,283, which represents approximately 11.3 percent of General Fund revenues. Of that amount, \$160,223 is assigned for open purchase orders and \$2,339,208 is assigned as a budgeted resource to be expended in fiscal year 2015-2016, leaving \$3,946,852 as an unassigned fund balance.
- The City's primary General Fund resources are consolidated taxes and property taxes. Combined, these resources accounted for 70.6 percent of total General Fund revenues, and have increased by 6.7 percent from last year's results. Consolidated tax revenues increased 8.1 percent, and property taxes increased by 5.2 percent compared to the previous fiscal year.
- Cash and investments (unrestricted) of \$64,075,292 can cover current liabilities 1.5 times on a government-wide basis.
- Governmental activity expenses were \$82,843,528 as compared to \$93,480,157 for the year ended June 30, 2014. The decrease of \$10,636,629 is primarily driven by decreases in the public works function and is related to decreased depreciation of roads and streets,

the majority which have reached salvage value. Business-type activities posted overall expenses of \$24,434,062 as compared with \$25,778,017 in the prior year. The decreases are related to OPEB costs, operational costs at the Truckee Meadows Water Reclamation Facility, and depreciation. The Truckee Meadows Water Reclamation Facility is a jointly owned venture of the Cities of Reno and Sparks which the City of Sparks funds from the Sewer Operations Enterprise Fund. More information about the Truckee Meadows Water Reclamation Facility can be found in the Note 6 of the Financial Statements.

• The City's long-term debt outstanding decreased by \$21,318,764 in fiscal year 2014-2015. The decrease was attributable to regular debt service payments, and a special assessment call from assessment revenues received in 2013-2014. In August of 2014, the Redevelopment Agency issued \$7,285,000 of Subordinate Lien Tax Increment Revenue Refunding Bonds to refund existing 2009 bonds.

Overview: Understanding the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Sparks' basic financial statements. The basic financial statements comprise three components: government-wide financial statements, fund financial statements and notes to the financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide the reader with a general overview of the City of Sparks' finances, not unlike financial statements issued by private sector businesses.

The Statement of Net Position presents all of Sparks' assets, deferred outflows of resources, liabilities and deferred inflows of resources. The difference between assets and deferred outflows less liabilities and deferred inflows is reported as "net position", which over time can provide an indication of improvement or decline in the City's financial position.

The purpose of the Statement of Activities is to present how the City's net position has changed during the fiscal year of the report. Changes in net position are reported as soon as the event that caused the change occurs, regardless of the timing of cash flows.

Both financial statements provided on a government-wide basis distinguish between functions that are governmental activities versus those that are business-type activities. The distinction is straightforward: governmental activities are typically supported by taxes and intergovernmental revenues, whereas business-type activities are those that depend on cost recovery through user fees or other charges that are generated by those who use or benefit from the service being provided.

Within the City of Sparks, governmental activities include general government, public safety, public works, sanitation, culture and recreation, and judicial. Governmental activities that occur within the Redevelopment Agency in its two distinct redevelopment areas are often reported in the community support function. Business-type activities in Sparks include sanitary sewer, storm drain and effluent services, and development and building services.

Fund Financial Statements

Funds are used in governmental accounting to rationally link and control resources that have been segregated to support certain functions or objectives. Fund accounting also helps local governments to demonstrate compliance with legal requirements. The City of Sparks' funds are categorized as governmental funds, proprietary funds or fiduciary funds.

Governmental Funds

The City uses governmental funds to account for essentially all of the governmental activities that are reported in the government-wide financial statements. But unlike the government-wide statements, governmental fund statements focus on current or near-term spendable resources, including spendable resources available at fiscal year-end, which more closely coincides with Nevada statutory requirements related to annual city budgets. This information is useful in evaluating the City of Sparks' near-term financial position.

Long-term implications can be detected by comparing the information presented for the governmental funds with similar information presented for governmental activities in the government-wide financial statements. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances are reconciled to the governmental activities statement of net position and statement of activities to facilitate the comparison between governmental funds and governmental activities.

Financial statements are provided separately for the major funds including the General Fund, and the General Obligation Debt Service Fund. Financial results for the other non-major governmental funds are combined into a single segregated presentation, and are also provided in the form of combining statements and individual fund schedules deeper into the report.

In accordance with state statutes, the City of Sparks adopts an annual budget for all of its governmental funds, and makes amendments to that budget periodically. For the General Fund a comparison of the original and final budget to actual results is provided, along with similar comparisons of final budget to actual results for the other governmental funds elsewhere in the report.

Proprietary Funds

Under current generally accepted accounting principles, the City of Sparks maintains two types of proprietary funds; enterprise funds and internal service funds. The business-type activities presented in the governmental-wide financial statements are those that are accounted for in enterprise funds. The major enterprise fund reported in this manner is the Sewer Operations Fund, and the non-major enterprise fund is the Development Services Fund.

Internal service funds are commonly used as an accounting structure to accumulate and allocate costs of services provided internally between and amongst various City of Sparks' funds and functions. The City uses such funds to account for its self-insurance activities and its central motor vehicle services. Since these services predominantly benefit governmental rather than business-type functions (although there is an element in these funds that provides services to

enterprise/business-type activities) their financial data have been included in the governmental activities section of the government-wide financial statements. Financial information for the internal service funds is provided in the aggregate in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements and individual funds elsewhere in the report.

Fiduciary Funds

Resources held for the benefit of parties outside the government are accounted for in fiduciary funds, which are not reflected in the government-wide financial statements because resources of those funds are not available to support the City of Sparks' own programs.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

The combining nonmajor fund statements and individual fund schedules are presented immediately following the notes to the financial statements.

Government-Wide Analysis

Over time, values reported as "net position" can provide an indication of a government's financial position. As noted previously, the City's net position decreased by 9.2 percent during fiscal year 2014-2015. The largest component of this decrease was related to the implementation of new reporting standards issued by the Governmental Accounting Standards Board (GASB). GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, requires the City to report a proportionate share of the total Net Pension Liability reported by the Public Employee's Retirement System of Nevada (PERS), administrator of the state's cost-sharing, multiple-employer defined benefit employees' retirement system. All agencies in Nevada that are members of the PERS system are required to report a share of the liability based on contributions made to PERS, the City of Sparks proportionate share is 0.06824 percent. As a result of recording the City's portion of net pension liability (\$71,650,806), deferred inflows (\$18,206,820) and deferred outflows (\$10,971,116) associated with the new standard, net position has been reduced by \$78,886,510.

Restricted	35,589,211	41,194,330	-	-	35,589,211	41,194,330		
Unrestricted	(162,908,270)	(113,144,667)	52,757,466	62,226,339	(110,150,804)	(50,918,328)		
Total net position	\$ 222,175,777	\$ 261,729,688	\$ 185,136,320	\$ 187,062,837	\$ 407,312,097	\$ 448,792,525		

The largest portion of the City of Sparks' net position reflects its investment in capital assets, including land, construction in progress, buildings, improvements, machinery and equipment, infrastructure, intangible assets, storm drains and sewer lines. The value, \$481,873,690, is reported net of any related debt still outstanding which was used to acquire those assets. Capital assets are used by the City of Sparks to provide services to citizens and customers, and thus are not available for future spending, and cannot be liquidated to pay off related debt.

A portion of net position, in the amount of \$35,589,211, is restricted to specific uses. For example, a restricted revenue source was created as of July 1, 2003 when the City Council implemented a 2.5 percent increase in transient occupancy taxes collected in Sparks, and in 2007-2008, a new Victorian Square Room Tax Capital Projects Fund was established to account for the activities related to this revenue source. The proceeds of the tax are restricted to uses which benefit the City's downtown core. The decrease in restricted net position of \$5,605,119 is largely due to the redemption of debt associated the Local Improvement District 3 2008 bonds.

Unrestricted net position is the amount of funds available to meet the City's on-going obligations. The negative unrestricted net position value of \$110,150,804 in fiscal year 2014-2015 is comprised primarily of a deficit of \$162,908,270 related to governmental activities. This deficit is largely comprised from two factors. Firstly, it is the result of the existing long-term debt issued for expenses related to the Legends at Sparks Marina development. The debt issued for expenses related to the Legends project did not increase assets of the City, but instead was issued to stimulate the economic development of the area. More information related to debt issued for the Legends project can be found in Note 9 of the financial statements. The second large component of the unrestricted deficit is the result of the implementation of GASB statement 68, *Accounting and Financial Reporting for Pensions*. More information related to the pension liability can be found in Note 11 of the financial statements.

Governmental Activities

Governmental activities, in fiscal year 2014-2015 including the prior period adjustment, decreased the City's net position by \$39,553,911. Of the more significant results for governmental activities that contributed to this decrease the following was observed:

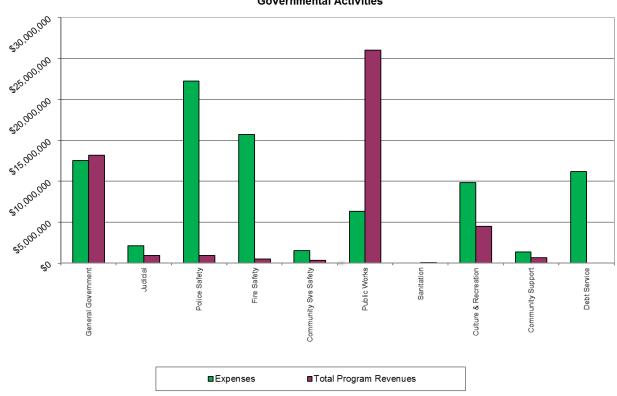

- The implementation of new reporting standards issued by the Governmental Accounting Standards Board (GASB) resulted in a decrease in net position of \$72,933,256. A prior period adjustment related to this standard in the amount of \$73,819,109 reduced net position. Current period amounts related to pension deferred inflow, pension deferred outflow and pension expense increased net position by \$885,853;
- In fiscal year 2014-2015, the City developed a system to sync information in our fixed asset system to information in the Washoe County Assessor system. Our system was adjusted to correct discrepancies, which resulted in a prior period adjustment that increased land inventory by \$6,700,931;

- Consolidated taxes (consisting primarily of sales taxes) increased by 8.1 percent or \$1,559,809 from fiscal year 2013-2014. This increase may indicate a level of stabilization in the economy; however consolidated tax revenues are still 18.7 percent below the peak levels achieved in fiscal year 2005-2006. Sales taxes comprise over 80 percent of the consolidated tax, and the still-repressed revenues are representative of the continuing effects of the recession in the local economy during fiscal year 2014-2015;
- Ad valorem tax revenues increased by 3.3 percent, or \$783,189, from fiscal year 2013-2014. Since the housing decline, the City's assessed values remain decreased by 24.1 percent. Two bills passed during the 2005 Legislative Session AB 489 and SB 509 collectively known as the "property tax relief measure", have significantly limited future property tax receipts, by placing caps on property tax bills of 3 percent for residential properties and up to 8 percent for certain commercial properties. As a result, the increases in assessed values that the City is starting to see will not result in comparable increases in revenues;
- Total expenses decreased 11.4 percent, or \$10,636,629, which was primarily due to a decrease in the worker's compensation Heart and Lung liabilities.

Revenues by Source Governmental Activities

Expenses and Program Revenues Governmental Activities

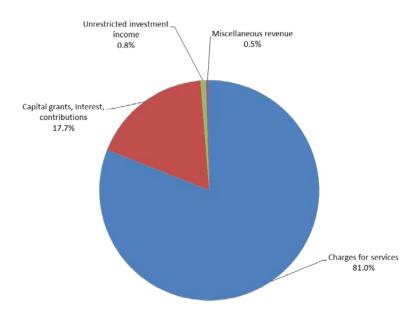

Business-type Activities

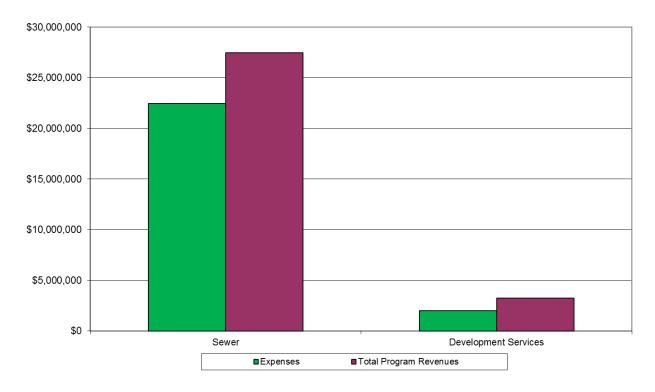

Business-type activities, in fiscal year 2014-2015 including prior period adjustment, decreased the City's net position by \$1,926,517. Significant results include:

- The implementation of new reporting standards issued by the Governmental Accounting Standards Board (GASB) resulted in a decrease in net position of \$5,953,254. A prior period adjustment related to this standard in the amount of \$7,912,640 reduced net position. Of the \$7,912,640 adjustment, \$1,866,572 is related to the City's portion of the Truckee Meadows Water Reclamation Facility, a jointly owned venture of the Cities of Reno and Sparks, \$4,517,124 is related to pension liability of Sewer Services and \$1,528,944 is related to Development Services;
- Total revenues decreased by 2.3 percent, or \$719,742, which was driven primarily by a decrease in program revenues related to capital grants, interest and contributions;
- Total expenses decreased by 5.2 percent, or \$1,343,955 primarily related to a decrease in sewer operation costs.

Financial Analysis of the City's Funds

Governmental Funds

The focus of the City of Sparks' governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. This information may be useful in assessing the City's financing requirements. Governmental Accounting Standards Boards Statement 54 provides fund balance classifications for governmental funds. Unassigned fund balance, in particular, may be used as a measure of a government's net resources available for spending at the end of the fiscal year. Additional information on the City's fund balances can be found in Note 1 of the basic financial statements.

- As of June 30, 2015, Sparks' governmental funds reported combined ending fund balances of \$47,005,861 which is a decrease of \$4,116,723 from fiscal year 2013-2014 ending fund balance of \$51,122,584. The decrease was primarily due to the payment of debt related to the special assessment district revenues received in fiscal year 2013-2014 which were restricted for debt service.
- The combined ending fund balance of \$47,005,861 is comprised of: \$333 which is unspendable prepaid expenses, \$35,767,128 which is restricted to specific purposes such as, but not limited to, capital projects, debt, and grants, and \$11,238,400 which is unrestricted (includes committed, assigned and unassigned balances).

• Approximately 23.9 percent of ending fund balances, or \$11,238,400, is unrestricted. Of the unrestricted balance, \$798,424 has been committed by Council action and \$6,493,124 has been assigned by the Financial Services Director (a designee of Council) for budget deficits, encumbered purchase orders, or as required by the specific purpose of each fund. The remaining \$3,946,852 is unassigned and is available for various purposes.

General Fund

The General Fund is the primary operating fund of the City of Sparks. As of June 30, 2015, the unrestricted fund balance (includes committed, assigned and unassigned balances) was \$6,446,283, or 32.5 percent higher than the prior year's unrestricted balance of \$4,864,271, and is indicative of a decrease in transfers out for debt service and capital projects and an increase in revenues and transfers in from development services. Extensive effort had been made to ensure the City's expenditures do not exceed revenues to the point that will cause the unrestricted ending fund balance to fall below 8.3 percent of departmental expenditures. For fiscal year 2014-2015, the unrestricted ending balance represents 11.8% of expenditures (excluding capital outlay) and 11.3 percent of General Fund revenues, up from 8.9 percent for the prior fiscal year.

Although the City's General Fund balance was \$6,446,616 at June 30, 2015, it should be noted that \$333 is considered non spendable and \$2,499,431 is considered assigned for specific purposes, including \$160,223 for open purchase orders and \$2,339,208 as budgeted resources to be expended in fiscal year 2015-2016. This leaves \$3,946,852 as an unassigned ending fund balance.

The primary impacts upon the General Fund include a \$3,008,610 (5.5 percent) increase in revenues and transfers in, and a \$482,774 (0.9 percent) increase in expenditures and transfers out. The two largest areas of revenue changes were; intergovernmental revenues increased \$1,660,194 (7.6 percent) most of which is related to increased Consolidated Tax revenue collected by the state, and other taxes increased \$959,953 (5.2 percent) mostly related to real property tax revenues. Higher expenditures of \$2,318,425 were offset by a decrease in transfers out of \$1,835,651. Expenditure increases were primarily related to an increase in employee benefit costs of \$1,080,345 (7.5 percent), mostly attributed to health insurance and an increase in salary and wage costs of \$676,880 (2.5 percent), mostly attributed to overtime. Transfers out decreased by \$1,835,651 (53.9 percent), of which \$809,071 was related to decreased capital improvement transfers and \$861,580 was related to the elimination of a General Fund subsidy to the Redevelopment Agency Area 2. The result is that the ending fund balance within the General Fund increased by \$1,582,345, or 32.5 percent, from the prior year.

General Obligation Debt Service Fund

The existing debt in this fund is either backed by sales tax revenues (STAR bonds), local improvement district assessments, consolidated tax revenues, or a payment agreement with the Redevelopment Agency of the City of Sparks. Total fund balance within the General Obligation Debt Service Fund was \$15,337,891 compared to \$22,081,753 for the prior year, a decrease of 30.5 percent. Of the decrease, \$5,946,432 was related to special assessment revenues received in June of fiscal year 2013-2014 and paid out in September of fiscal year 2014-2015. All revenue collected within this fund is pledged for debt service.

Proprietary Funds

The City of Sparks' proprietary funds provide the same type of information found in the government-wide statements, but contain more detail.

The net position of the Sewer Operations Enterprise Fund was \$186,698,556 as of June 30, 2015, a decrease of \$1,155,421 or 0.6 percent, over the prior year's original balance of \$187,853,977. The change is comprised of two major offsetting actions. Decreases were primarily due to the implementation of GASB 68, *Accounting and Financial Reporting for Pensions*, for which the beginning net position was decreased by \$6,383,696 (3.4 percent). Increases of \$5,228,275 from current year activities were primarily due to the receipt of capital contributions, such as sewer connection fees, of \$5,509,920.

Net position of the Development Services Enterprise Fund decreased to \$578,288 from \$1,555,529, or 62.8 percent. Of this decrease \$1,528,944 (156.4 percent) is related to an adjustment to the beginning net position in relation to the implementation of GASB 68, *Accounting and Financial Reporting for Pensions*. Income from operations was \$1,259,262, an increase of 60.4 percent, reflecting an improvement in the local economy. The final repayment of prior year General Fund subsidy in the amount of \$727,445 was made in fiscal year 2014-2015. Revenues from building permits increased \$408,239, or 43.7 percent while operational expenses increased by \$475,099 or 31.0 percent, largely due to an investment in software.

General Fund Budgetary Highlights

Under state statutes, budgetary control is maintained at the function level. The final budget expenditure appropriations decreased by \$444,703, approximately 0.8 percent below the original budget. Although shifting between functions occurred, the original budget remained essentially the same as the final.

Actual revenues were \$1,721,581 more than budgeted, primarily due to an increase in consolidated tax receipts.

Actual expenditures were 2.39 percent below final amended budget, which was primarily due to actual benefit costs being less than estimated.

The following functions are highlighted:

- General government achieved \$500,680 or 5.2 percent in budgetary savings primarily from a salary and benefit underspend within the Management Services department;
- Public safety achieved \$629,097 or 1.6 percent in budgetary savings primarily from salary and benefit underspend within the Police Department;
- Budgetary savings within the Public Works function totaled \$77,812 or 5.6 percent which was primarily due to an underspend in salaries;
- The Culture and Recreation function saw savings totaling \$114,547 or 4.4 percent which
 was primarily due to the Community Services Department underspend in services and
 supplies.

Capital Assets and Debt Administration

Capital Assets

The City of Sparks' investment in capital assets, net of depreciation, for its governmental and business-type activities as of June 30, 2015 amounted to \$584,461,688 compared to \$564,811,843, including a prior period adjustment to land inventory. Capital assets include tangible items such as land, construction in progress, buildings, improvements, machinery and equipment, infrastructure, storm drains and sewer lines. Additionally, the City has intangible assets in the form of right of way easements, water rights, and software development. The total increase from fiscal year 2014-2015 operations for governmental activities was \$23,733,698 (\$6,700,931 of a prior period land adjustment, \$17,032,767 from current year activity, from \$402,159,187 to \$419,191,954), while business-type activities increased by \$2,617,078 (from \$162,652,656 to \$165,269,734). Governmental assets

Significant capital asset activities that occurred during fiscal year 2014-2015 included:

- Improvements to the land inventory process were made which resulted in an increase in land inventory of \$6,700,931 which was posted as a prior period adjustment.
- Assets classified as Construction in progress increased by \$6,276,748 during fiscal year 2014-2015, primarily due to contributed assets from the Regional Transportation Commission (RTC) projects within the City, which were offset by the completion of the North Truckee Drain project.
- Assets classified as Infrastructure increased by \$16,160,821 during the fiscal year, primarily due to sewer system related assets.

Additional information on the City of Sparks' capital assets can be found in Note 7 to the financial statements.

Debt Administration

As of June 30, 2015, the City of Sparks had a total of \$228,227,950 of long-term debt outstanding. Of this amount, Governmental activities accounted for \$187,519,465 and include; general obligation debt of \$2,025,000; revenue bonds of \$115,117,114; tax allocation bonds of \$46,722,399; capital lease obligations of \$171,670; credits payable to developers of \$147,001; accrued compensated absences, sick leave conversion, and insurance claim liabilities totaling \$23,336,281. Business-type activities account for the remaining \$40,708,485 in total long-term debt outstanding. Of that amount, \$39,387,458 is made up of Sewer Utility general obligation bonds totaling \$32,329,748 and a \$7,057,710 note payable to the City of Reno representing the City of Sparks' share of the costs related to expansion at the Truckee Meadows Water Reclamation Facility. Other Business-type long-term debt outstanding includes a total of \$1,321,027 for compensated absences, and sick leave conversion. The City of Sparks' long-term debt outstanding, including debt of the Redevelopment Agency, decreased by \$21,318,764, or 8.5 percent during the fiscal year ended June 30, 2015.

Additional information on the City of Sparks' outstanding long-term debt can be found in Note 9 to the financial statements.

Other Factors

- The unemployment rate in the Reno-Sparks area was 6.3 percent in June, 2015 compared to 7.3 percent in June, 2014;
- Since the national recession officially ended in 2009, the median home values within Washoe County have seen a significant rise. After peaking at approximately \$350,000 prior to the recession, the median home value plummeted to about \$150,000 during the recession. While still significantly below the peak values seen prior to the recession, home values have rebounded significantly to about \$260,000, which reflects an increase of about 10.6 percent during the past year;
- Improved employment within the region has been a direct influence on the steady improvement of taxable sales. Although still down 6.2% from the peak of \$7.3 billion in fiscal year 2005-2006, taxable sales within Washoe County continue to show strong improvement since the official end of the recession. Specifically, the amount of taxable sales within Washoe County was \$5.2 billion during fiscal year 2009-2010 during the nadir of the recession; however, since then, taxable sales within Washoe County have increased to \$6.8 billion in fiscal year 2014-2015, an increase of 31.7% during the past five fiscal years. We expect taxable sales to continues to improve as regional employment also improves;
- As mentioned previously, the City's Ad Valorem tax revenues increased by 3.3 percent in fiscal year 2014-2015. This was due to an increase of 11.0 percent in the assessed valuation between fiscal year 2014-2015 and fiscal year 2013-2014. As the residential housing market continues to strengthen, we anticipate ad valorem revenues to increase over the next several years. However, this increase in revenue will not necessarily match the more rapid growth in assessed valuation due to the limits on revenue growth resulting from the property tax caps put in place during the 2005 Legislative session;

- The City of Sparks' estimated population increased slightly during fiscal year 2014-2015 (1.0 percent). The high unemployment rate that caused people to relocate to areas with better employment opportunity has been steadily improving. Sparks had an annual population growth that averaged 3.4 from fiscal year 2002 to 2008, and the Nevada State Demographer's office is projecting a population increase for fiscal year 2015-2016. Looking forward, the recent announcement of several major companies moving their operations to the Tahoe Regional Industrial Center located east of Sparks on Interstate 80 is expected to attract thousands of new residents to the City of Sparks over the next decade or so;
- Building permits issued in fiscal year 2014-2015 totaled 3,581 representing an increase of 38.9 percent from 2,579 permits issued during fiscal year 2013-2014. Development activity in the area is increasing and is expected to continue increasing in 2015-2016. However, the impact of 5 steep years of declines (2007-2011) has not been overcome. Permits issued in 2014-2015 are 41.0 percent less than the number issued at the peak of the housing boom during fiscal year 2005-2006 in which 6,067 total permits were issued;
- In January of 2014, the City Council approved a four year annual rate increase of 8.25% to the sewer portion of the sewer, storm drain and flood mitigation user fees. Sewer service and storm drain rates are \$305.73, and the flood mitigation fee is \$64.92, per year. In addition, sewer connection fees, which include sewer, storm drain and flood mitigation components increased from \$5,448 to \$5,579 per residence as of January 1, 2015.

All of these factors and others were considered in preparing the City's budget for the upcoming 2015-2016 fiscal year.

Requests for Information

Amounts reported for governmental activities in the statement of activities are different because:	
Net change in fund balances - total governmental funds	\$ (4,116,723)
Governmental funds report capital outlays as expenditures and the proceeds from the sale of assets as other financing sources. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives and only the gain or loss is recorded when the assets are sold.	
Expenditures for capital assets5,082,673Proceeds from sale of assets(2,150,000)Sale/disposition of assets(2,037,390)Less current year depreciation(6,593,749)	(5,698,466)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the governmental funds.	
Change in unavailable revenue - grants (27,103) Change in unavailable revenue - property and other taxes 52,728 Change in unavailable revenue - special assessments (741,566) Donated capital assets 22,798,314	22,082,373
Bond and lease proceeds provide current financial resources to the governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond and lease principal is an expenditure in the governmental funds but the repayment reduces long-term liabilities in the statement of net position. In addition, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	
Refunding revenue bonds issued Revenue bonds refunded 7,132,187 Amortization of bond refundings Principal payments (7,285,000) 7,132,187 (375,583) 13,797,000	13,268,604
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	
Amortization of current year bond discounts Change in accrued interest Change in developer credits payable Change in long-term compensated absences payable Change in net OPEB obligation Change in sick leave conversion payable (348,545) 1,000,352 107,644 168,391 (1,265,262) (1,265,262)	(432,646)
Governmental funds report City pension contributions as expenditures. However in the statement of activities, the cost of pension benefits earned is reported as pension expense.	
City pension contributions9,327,112City pension expense(8,457,752)	869,360
Internal service funds are used by management to charge the costs of certain activities of individual funds. The change in net position of the internal service funds is reported with governmental activities.	 1,591,765
Change in net position of governmental activities	\$ 27,564,267

Note 1 - Summary of Significant Accounting Policies

Reporting Entity

The City of Sparks, Nevada was incorporated March 15, 1905. The City operates under a city council/manager form of government and provides the following services as authorized by its charter: public safety (police and fire), streets and alleys, sanitation, recreation, public improvements, planning and zoning, and general administrative services.

The accounting policies of the City of Sparks, including the Redevelopment Agency Areas of the City of Sparks, conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governments.

The financial statements present the reporting entity, which consists of the City and its blended component units, entities for which the City is considered to be financially accountable. The blended component units are, in substance, part of the City's operations, even though they are legally separate entities. Thus, the following blended component units are appropriately presented as funds of the primary government.

Redevelopment Agency (Areas No. 1 and No. 2) of the City of Sparks

Although legally separate from the City, the Redevelopment Agency Areas are governed by a Board comprised of City Council Members and Mayor, the Areas are dependent upon the City's taxing authority, and the City has operational responsibility for the Areas. Separate financial statements for the Redevelopment Agency Areas are not available.

Government-Wide and Fund Financial Statements

The government-wide financial statements report information on all of the nonfiduciary activities of the primary government and its component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Eliminations have been made to minimize the double counting of internal activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or business-type activity are offset by program revenues. *Direct expenses* are those that are specifically associated with a specific function or business-type activity. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or business-type activity and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or business-type activity. Taxes and other items properly not included among program revenues are reported instead as *general revenues*.

The fund financial statements provide information about the City's funds, including its fiduciary funds and blended component units. Separate statements for each fund category—governmental, proprietary and fiduciary—are presented, even though the latter is excluded from the government-wide financial statements. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from an exchange transaction such as providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Nonoperating revenues and nonoperating expenses result from nonexchange transactions or ancillary services.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus*, and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when liabilities are incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *measurable* when the amount of the transaction can be determined and *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. When revenues are due, but will not be collected within this 60 day period, the receivable is recorded and an offsetting deferred inflow of resources account is established. Thus in subsequent periods, when both revenue recognition criteria are met, the deferred inflow of resources is removed and revenue is recognized. Expenditures generally are recorded when liabilities are incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, postemployment benefits and claims and judgments, are recorded only when payment is due.

Property taxes, consolidated tax revenue (sales taxes, cigarette taxes, government services taxes, real property transfer taxes, liquor taxes), room taxes, gaming taxes, gasoline taxes, grants and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when the City receives cash.

The fiduciary fund financial statements use the accrual method of accounting and are custodial in nature; therefore, no results of operations are presented and there is no measurement focus.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are interfund services provided and used and other charges between the City's business-type activities and various other functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, and then unrestricted resources as they are needed.

The City reports the following major governmental funds:

The *General Fund* is the City's general operating fund and is used to account for all financial resources except those required to be accounted for in other funds.

The *General Obligation Debt Service Fund* accumulates monies for the payment of the City's general obligation bonds and notes, revenue bonds and tax allocation bonds and notes, excluding those bonds and notes of the Redevelopment Agencies.

The City reports the following major enterprise fund:

The Sewer Operations Fund accounts for the City's sewer services to its residents and some residents of Washoe County.

Additionally, the City reports the following fund types:

Internal service funds account for motor vehicle maintenance, group insurance, workers' compensation insurance and municipal insurance services to other departments or agencies of the City, or to other governments, on a cost reimbursement basis.

Agency funds are custodial in nature and do not present results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting. These funds account for cash, held by the City of Sparks for others in a custodial or agent capacity, prior to allocation to various special districts and other governmental agencies.

Assets, Liabilities, Deferred Inflows and Outflows of Resources, and Net Position or Equity

Cash and Investments

Cash resources of the individual funds are combined to form a pool of cash and investments, which is managed by the City Financial Services Director. Investments consist primarily of money market mutual funds, negotiable certificates of deposits, corporate notes and obligations of agencies of the United States. Investments are reported at fair value determined by quoted market prices, and changes in fair value are included in investment income (loss). Interest income earned is distributed to the appropriate funds based on each fund's equity in the investment. Pursuant to Section 1 of NRS 355 and NRS 355.170, the City of Sparks may only invest in the following types of securities:

- Certain "A" rated notes and bonds purchased by a registered broker-dealer that are issued by corporations organized and operating in the United States (U.S.) and that mature within five (5) years from the date of purchase; asset-backed securities and collateralized mortgage obligations rated "AAA" or higher by a nationally recognized rating service. These investments must not, in the aggregate, exceed 20 percent of the total portfolio at the time of purchase, nor include notes and bonds issued by any one corporation in excess of 25 percent of such investments.
- U.S. bonds and debentures maturing within ten (10) years from the date of purchase.
- Certain farm loan bonds.
- Bills and notes of the U.S. Treasury, maturing within ten (10) years from the date of purchase.
- Obligations of an agency of the U.S. or a corporation sponsored by the government, maturing within ten (10) years from the date of purchase.
- Obligations of state and local governments if, (1) the interest is exempt for federal income tax purposes, and (2) the obligation has been rated "A" or higher by a nationally recognized bond credit rating agency.
- Negotiable and nonnegotiable certificates of deposit from commercial banks and insured savings and loan associations.
- State of Nevada Local Government Pooled Investment Fund.
- Certain securities issued by local governments of the State of Nevada.
- Certain bankers' acceptances.

- Certain short-term paper issued by a corporation organized and operating in the U.S.
- Other securities expressly provided by other statutes, including repurchase agreements.
- Certain "AAA" rated mutual funds that invest in (1) securities issued by the Federal Government or agencies of the Federal Government, (2) Master, bank notes or other short-term commercial paper rated as "A-1" or "P-1" issued by a corporation or depository institution organized, licensed and operating in the United States and/or (3) Repurchase agreements that are fully collateralized by (1) and (2) above.

Cash Equivalents

Cash equivalents include short-term highly liquid investments (with maturities of 3 months or less when purchased) that are both readily convertible to known amounts of cash, and so near their maturity that they present insignificant risk in changes of value. Based on the nature of the investment policies, all amounts are available on demand and are, therefore, classified as cash equivalents on the Statements of Cash Flows.

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds." Any residual balances outstanding between governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Real property taxes result in a lien on the property and attach on July 1 (the levy date) of the year for which the taxes are levied. Taxes may be paid in four installments payable on the third Monday in August, and the first Mondays in October, January and March to the Treasurer of Washoe County in which the City of Sparks is located. Penalties are assessed if a taxpayer fails to pay an installment within ten days of the installment due date. After a two year waiting period, if taxes remain unpaid, a tax deed is issued conveying the property to the County with a lien for back taxes and accumulated charges. Redemption may be made by the owner and such persons as described by statute by paying all back taxes and accumulated penalties, interest and costs before sale. As such, real property taxes receivable reflect only those taxes receivable from the delinquent roll years, and current taxes collected within 60 days of year end and delinquent taxes from all roll years prior to 2013-14 have been written off. No provision for uncollectible accounts has been established, as management does not anticipate any material collection losses with respect to the remaining balances.

Taxes on personal property are collected currently. Personal property declarations are mailed out annually and the tax is computed using percentages of taxable values established by the Department of Taxation at the tax rates described above.

Receivables are shown net of an allowance for uncollectible accounts, if applicable.

Inventories and Prepaids

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds in the fund financial statements are considered consumable supplies and as such are recorded as expenditures at the time of purchase.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Restricted Assets

Bond covenants and other third party restrictions require a portion of the debt proceeds, as well as other resources, to be set aside for various purposes in the General Obligation Debt Service Fund, Redevelopment Agency Area No. 1 Tax Revenue Debt Service Fund, and Redevelopment Agency Area No. 2 Debt Service Fund. These amounts are reported as restricted assets.

Capital Assets

Capital assets, which include land, construction in progress, intangible assets, water rights, property, plant, equipment and infrastructure, are capitalized and reported in the applicable governmental activities and business-type activities columns of the government-wide financial statements. For governmental fund types, outlays for capital assets are expensed during the current period. The City defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years.

Capital assets are recorded at cost for purchased or constructed assets. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Donated capital assets are recorded at estimated fair value at the date of donation, with the exception of road infrastructure donations constructed by the Regional Transportation Commission which are recorded at year end as either construction in progress for uncompleted projects or in their respective categories for completed projects.

Depreciation and amortization is computed using the straight-line method over the following estimated useful lives:

Buildings	10-40 years
Improvements other than buildings	5-50 years
Machinery and equipment	3-20 years
Sewer lines	10-50 years
Storm drains	40-50 years
Infrastructure, including roads and streets	15-40 years
Intangibles	10 years

Long-Term Liabilities

Government-wide and proprietary fund type fund financial statements

Long-term debt and other long-term liabilities are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position.

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. The liability for compensated absences is calculated under the provisions of GASB Statement No. 16, *Accounting for Compensated Absences*. All vacation and sick pay is accrued when incurred in the government-wide and proprietary fund statements.

Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are recognized during the current period. For current and advance refundings resulting in a defeasance of debt, the difference between the reacquisition price and the net carrying amount of the old debt is reported as either a deferred outflow or inflow of resources and amortized as a component of interest expense using the straight-line method.

Governmental fund type financial statements

A liability for compensated absences is reported in the governmental funds, primarily the General Fund, only if they have matured, as a result of employee resignations, terminations and retirements. Bond premiums and discounts, as well as issuance costs, are recognized during the current period. The face amount of bonds is reported as other financing sources, as are bond premiums. Bond discounts are recorded as other financing uses. Issuance costs, even if withheld from the actual net proceeds received, are reported as debt service expenditures.

Deferred Inflows and Outflows of Resources

In addition to assets, the Statement of Net Position/Governmental Funds Balance Sheet may report a separate section for deferred outflows of resources. This separate financial statement element represents the consumption of net position/fund balance that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City reflects deferred outflow of resources in the Statement of Net Position for items related to pensions and the deferred amount on bond refundings. The City recognizes deferred outflows of resources related to pensions in the Statement of Net Position under the accrual basis of accounting.

In addition to liabilities, the Statement of Net Position/Governmental Funds Balance Sheet may report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position/fund balance that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City reflects deferred inflows of resources which are unavailable revenue reported in the governmental funds balance sheet for delinquent property taxes, grants, and special assessments that arise under the modified accrual basis of accounting, and items related to pensions. The City recognizes deferred inflows of resources related to pensions in the Statement of Net Position under the accrual basis of accounting.

Pensions

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employees' Retirement System of the State of Nevada (PERS) Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Equity Classifications

In the government-wide financial statements, equity is classified as net position and displayed in three components:

- Net Investment in Capital Assets—Consists of capital assets, net of accumulated depreciation and reduced by outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction or improvement of those assets.
- Restricted Net Position Consists of equity with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; (2) law through constitutional provisions or enabling legislation.
- Unrestricted Net Position All other equity that does not meet the definition of "restricted" or "net investment in capital assets."

In the fund financial statements, governmental fund equity is reported as fund balances and is classified into a hierarchy that is based primarily on the extent to which the City is bound to honor constraints on specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in fund financial statements are as follows:

- Nonspendable Fund Balance Amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.
- Restricted Fund Balance This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed Fund Balance This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the City Council. These amounts cannot be used for any other purpose unless the City Council removes or changes the specified use by taking the same type of action (ordinance or resolution, in which either are equally binding) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.
- Assigned Fund Balance This classification includes amounts that are constrained by the City's intent to be used for a specific purpose but are neither restricted nor committed. Amounts may be assigned by the City Council; or the City Council through resolution, has authorized the Financial Services Director to assign fund balance.
- Unassigned Fund Balance This classification includes the residual fund balance for the General Fund. The Unassigned classification also includes negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting of Assigned fund balance amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted amounts are available, the City considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned amounts are available, the City considers amounts to have been spent first out of committed funds, then assigned funds, and finally, unassigned funds, as needed, but reserves the right to selectively spend unassigned balances first to defer the use of these other classified funds.

The City Council adopted a minimum fund balance policy for the General Fund. The policy requires the unrestricted fund balance (the sum of the committed, assigned, and unassigned fund balance categories) at fiscal year-end to be at least equal to 8.3 percent of total General Fund expenditures.

Comparative Data

Comparative data shown for the prior year has been extracted from the 2013-2014 financial statements and reclassified where necessary and practical to afford better comparability between the years. It has been provided to add comparability, but is not considered full disclosure of transactions for 2013-2014. Such information can only be obtained by referring to the audited financial statements for that year.

Implementation of GASB Statement No. 68 and GASB Statement No. 71

As of July 1, 2014, the City adopted GASB Statement No. 68, Accounting and Financial Reporting for Pensions and GASB Statement No. 71 Pension Transition for Contributions Made Subsequent to the Measurement Date. The implementation of these standards requires governments calculate and report the costs and obligations associated with pensions in their basic financial statements. Employers are required to recognize pension amounts for all benefits provided through the Public Employees' Retirement System of the State of Nevada (PERS) which include the net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense. The effect of the implementation of these standards on beginning net position is disclosed in Note 17 and the additional disclosures required by these standards are included in Note 11.

Impact of Issued Accounting Pronouncements

In June 2015, the GASB issued Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, which addresses reporting by OPEB plans that administer benefits on behalf of governments and Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, which addresses reporting by governments that provide OPEB to their employees and for governments that finance OPEB for employees of other governments.

The new OPEB standards parallel the pension standards issued in 2012—GASB Statement No. 67, *Financial Reporting for Pension Plans*, and GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. Together, the pension and OPEB standards provide consistent and comprehensive guidance for all postemployment benefits. The provisions in Statement 74 are effective for financial statements for fiscal years beginning after June 15, 2016. The provisions in Statement 75 are effective for fiscal years beginning after June 15, 2017. Management is currently evaluating the impact of the adoption of this Statement on the City's financial statements.

Note 2 - Stewardship, Compliance and Accountability

Budgetary Information

The City of Sparks adheres to the Local Government Budget and Finance Act (Act) incorporated within the Statutes of the State of Nevada, in which annual budgets are legally adopted for all funds except Agency funds. The Act and City policy include the following procedures to establish the budgetary data, which is reflected in these financial statements:

- On or before April 15, the Financial Services Director submits to the City Council a tentative budget for the fiscal year commencing the following July 1.
- A public hearing on the tentative budget is held on the third Tuesday in May to obtain taxpayer comments. Beginning with the fiscal year 2017 budget, the Nevada Legislature changed this requirement so that the public hearing on the tentative budget may be held anytime between the third Tuesday in May and the end of May.

- Prior to June 1, the Council indicates changes, if any, to be made to the tentative budget and adopts a final budget by the favorable vote of a majority of the members of the Council. The final budget is then submitted to the Nevada Department of Taxation.
- All budget amounts presented in these financial statements and schedules reflect the budget as amended by legally authorized revisions during the year. Original budgets are provided for the General Fund in compliance with reporting requirements. The Financial Services Director may approve budget adjustments within a function. Budget adjustments between functions or funds may be approved by the Financial Services Director with City Council notification. Adjustments that increase the original budget and therefore affect fund balance, or affect the contingency account, require City Council approval.
- Budgets for all fund types are adopted on a basis consistent with Generally Accepted Accounting Principles (GAAP). Appropriations lapse at year-end. Encumbered appropriations are re-appropriated in the ensuing year.
- In accordance with State statute, actual expenditures may not exceed budgeted appropriations of the various governmental functions (excluding the debt service function) of the General, Special Revenue, and Capital Projects Funds. Per NRS 354.626, expenditures over budgeted appropriations are allowed for bond repayments, medium term obligation repayments, and other long-term contracts expressly authorized by law. The sum of operating and non-operating expenses in Proprietary Funds also may not exceed total appropriations.
- Budgets are adopted for all governmental fund types and for all proprietary fund types. Additional control over spending activities of these funds is achieved through required approval of all purchases over \$50,000 by the City Council and certain expenditures are restricted by bond indenture provisions.

The budget reflected in the financial statements has been amended from the original budget amounts in accordance with State statute. Such amendments included augmentations for prior obligations, as well as supplemental appropriations needed for grants, contingencies, and other uses.

Excess of Expenditure over Appropriations

Actual operating and non-operating expenses, exceeded total appropriations of the Group Insurance Self-Insurance Internal Service Fund, and the Municipal Self-Insurance Fund by \$841,524 and \$288,509, respectively. While these would appear to be an apparent violation of NRS, the over-expenditures occurred as a result of purchase of coverage and professional services directly related to a program of insurance. Such payments are specifically excluded from the over-expenditure provisions of NRS 354.626.

Compliance with Nevada Revised Statutes and Administrative Code

The City conformed to all significant statutory constraints in its financial administration during the year.

Deficit Fund Equity

The Community Development Entitlement Grant Special Revenue Fund has a deficit fund balance of \$12,076 at June 30, 2015. The Workers' Compensation Insurance Internal Service Fund and the Group Insurance Self-Insurance Internal Service Fund have deficit net position of \$1,025,862 and \$447,299, respectively, at June 30, 2015.

Note 3 - Cash and Investments

Deposits

At June 30, 2015, the City's carrying amount of deposits was \$2,886,322 and the bank balance was \$3,764,460. The difference between the carrying amount and bank balance results from outstanding checks and deposits not yet reflected in the banks' records. Bank balances were greater than the City's carrying amount by \$878,138.

Investments

At June 30, 2015, the City had the following investments and maturities:

	Investment Maturities in Years							
	Fair Value	Less Than 1	1-5	6-10				
Investments								
U.S. agencies	\$ 34,065,050	\$ 3,002,730	\$ 31,062,320	\$ -				
Corporate notes	7,000,940	2,003,470	4,997,470	-				
U.S. treasuries	1,000,310	1,000,310	-	-				
Negotiable certificates								
of deposit	3,185,000	490,000	2,695,000	-				
Money market mutual funds	33,798,536	33,798,536						
	\$ 79,049,836	\$ 40,295,046	\$ 38,754,790	\$ -				

Nevada Revised Statutes (NRS 355.170) set forth acceptable investments for Nevada governments (see Note 1). The City does not have a formal investment policy that would further limit its investment choices nor further limit its exposure to certain risks as set forth below.

<u>Interest rate risk</u> – Interest rate risk is the risk of possible reduction in the value of a security, especially a bond, resulting from a rise in interest rates. This risk can be mitigated by diversification of durations of fixed rate investments held in the investment portfolio. State statute limits investment in bills and notes of the U.S. Treasury, along with obligations of an agency of the U.S. or a corporation sponsored by the U.S. government to those maturating within ten years from the date of purchase.

<u>Credit risk</u> – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations and is a function of the credit quality ratings of investments. The City follows State statute for reducing exposure to investment credit risk by investing in U.S. Treasury and U.S. Agency securities, AAA rated money market mutual funds that invest in securities issued by the U.S. Government, agencies of the U.S. Government or agencies of the U.S. Government, and corporate notes if they are A rated notes issued by corporations organized and operating in the United States that mature within five years and do not exceed 20 percent of the total portfolio or exceed any one corporation by 25 percent of such investments. The City's investments in U.S. Agency securities are rated no lower than A- by Standard and Poor's and A1 by Moody's Investor Services.

<u>Custodial Credit Risk – Deposits</u> – the risk that in the event of a bank failure, the City's deposits may not be returned. Some of the City's bank deposits are covered by FDIC insurance and collateralized by the Office of the State Treasurer/ Nevada Collateral Pool. As of June 30, 2015, the City reported \$479,222 of uncollateralized deposits.

Concentration of credit risk – Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. Securities held by the City or by the City's custodians are diversified to eliminate risk of loss from over-concentration of assets in a specific maturity, a specific issuer, or a specific class of securities. At June 30, 2015, the following investments in a single issuer exceeded 5% of the City's total investments:

U.S. Agency security – Federal National Mortgage Association	10.16%
U.S. Agency security – Federal Home Loan Mortgage Corporation	19.03%
U.S. Agency security – Federal Farm Credit Bank	12.63%

External Investment Pool – In addition to the cash and investments of the City of Sparks, the City administers the cash deposits and investments of the Redevelopment Agency Areas and the Truckee Meadows Water Reclamation Facility (TMWRF). The deposits and investments of these entities are pooled with those of the City. As the Redevelopment Agency Areas are blended component units, and the investment activity by the City on behalf of TMWRF is de minimus, the cash and investments pooled by the City for these agency areas do not constitute an external investment pool.

Summary of Deposit and Investment Balances

A reconciliation of the City's deposits and investment balances as of June 30, 2015 follows:

Deposits Investments	\$ 2,886,322 79,049,836
	\$ 81,936,158
Governmental activities Cash and investments Cash and investments – restricted Business-type activities	\$ 36,675,876 13,915,113
Cash and investments Fiduciary Funds	27,399,416 3,945,753
	\$ 81,936,158

Note 4 - Accounts Receivable and Notes Receivable

Accounts receivable, net	\$ 1,179,066	\$ 15,09	94,964	\$	2,448,334	\$	18,722,364	\$	38,439	\$	18,760,803

Accounts receivable not expected to be collected within one year are \$14,294,813 of special assessments reported in the General Obligation Debt Service Fund and the housing rehabilitation loans of \$1,313,977 less the allowance of \$86,510 reported in the Community Development Block Grant Special Revenue Fund.

Notes receivable for governmental activities consists of \$1,600,000 in the Redevelopment Agency Area No. 2 Revolving capital projects fund related to sale of land in the redevelopment agency area. The current portion of this note is \$300,000. Interest at 4% is payable monthly, with semi-annual principal payments of \$150,000 and any unpaid principal due December 17, 2017.

	Sewer Operations Fund	Development Services	• •		
Accounts Receivable Effluent charges Miscellaneous	\$ 2,259,767	\$ - 4,381	\$ 2,259,767 4,381

Notes Receivable, Net	\$ 6,495,956		\$ 6,495,956		

The current portion of notes receivable was \$495,065 as of June 30, 2015. These notes receivable include Sun Valley GID notes with interest rates ranging from 2.66% to 2.78%, principal and interest payable semi-annually through January 2024 and January 2027. Also included are effluent connection fees, which generally include a 4% interest rate and various maturity dates depending on the customer.

Note 5 - Interfund Balances and Activity

Due To/From Other Funds

The composition of amounts due to/from other funds reported on the fund financial statements at June 30, 2015 is as follows:

	Due To
	 General
Due From	Fund
Nonmajor Governmental	\$ 242,836

Balance results from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

Transfers

Transfers reported on the fund financial statements at June 30, 2015 are as follows:

	Transfers In													
Transfers Out		General Fund		General Obligation ebt Service		Nonmajor overnmental	G	Total overnmental		Internal Sewer Service			Total

Transfers are used to move (1) revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, and (2) unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Note 6 - Joint Ventures

Truckee Meadows Water Reclamation Facility

Pursuant to an agreement dated March 24, 1980, the cities of Reno and Sparks jointly own and operate the wastewater treatment facility commonly known as the Truckee Meadows Water Reclamation Facility (TMWRF). The approximate ownership percentages of the cities of Reno and Sparks are 71% and 29%, respectively.

The City of Sparks is responsible for administration and daily operation of TMWRF, and TMWRF's budget is included in the City of Sparks budget document. The costs of operating and maintaining TMWRF are divided in proportion to the volume of sewage entering TMWRF from each city. During the year ended June 30, 2015, the City of Sparks' share of TMWRF's net loss, recorded in the Sewer Operations Enterprise Fund, was \$1,982,905.

The City of Sparks uses the equity method to account for its investment in TMWRF in the Sewer Operations Enterprise Fund, which, as of June 30, 2015, is \$35,464,252.

Summary June 30, 2015 financial information for TMWRF is as follows:

Assets Current assets Capital assets, net of accumulated depreciation Other noncurrent assets	\$ 5,064,581 126,550,814 33,676
Total assets	131,649,071
Deferred outflows related to pensions	982,674
Total assets and deferred outflows of resources	132,631,745
Liabilities Current liabilities Noncurrent liabilities	1,704,883 6,057,285
Total liabilities	7,762,168
Deferred inflows related to pensions	1,506,064
Total liabilities and deferred inflows of resources	9,268,232
Net Position Net investment in capital assets Unrestricted	126,550,814 (3,187,301)
Total net position	\$ 123,363,513
Operating revenues Operating expenses before depreciation Depreciation Nonoperating revenues (expenses) Capital contributions	\$ 20,220,948 (20,080,142) (6,260,410) (110,957) 21,145,635
Change in net position	\$ 14,915,074

Commitments outstanding for construction projects at TMWRF at June 30, 2015 totaled approximately \$22 million. These commitments will be shared by the City of Reno and the City of Sparks at approximately 69% and 31%, respectively.

The City of Reno obtained a loan from the State of Nevada Revolving Loan Fund to finance an expansion project at TMWRF. At June 30, 2015, the City of Sparks has recorded \$7,057,710 as a long-term liability to the City of Reno (see Note 9) for the City of Sparks' share of the amount drawn on the loan. The City of Sparks' payments on the liability to the City of Reno, including interest coincide with the City of Reno's payment to the State of Nevada on the loan.

Separate financial statements and information for TMWRF are available by contacting TMWRF or the Financial Services Director of the City of Sparks at 431 Prater Way, P.O. Box 857, Sparks, NV 89432-0857.

Local Government Oversight Committee Joint Venture (Truckee River Water Quality Settlement Agreement)

On October 10, 1996, the City of Sparks entered into a joint venture with Washoe County and the City of Reno to purchase water rights pursuant to the Truckee River Water Quality Settlement Agreement. The entities have agreed to expend \$12 million to purchase Truckee River water rights, with each entity owning an undivided and equal interest in water rights. The purchase of the water rights will be financed under the State of Nevada Water Pollution Control Revolving Fund and Washoe County will finance the purchase on behalf of all the entities. As of June 30, 2015, all amounts owed by the City of Sparks have been contributed and the cumulative amount of water rights purchased and attributable to the City of Sparks of \$3,951,604 is recorded in the Sewer Operations Enterprise Fund. Separate financial statements and information for this joint venture are available by contacting the Washoe County Department of Water Resources, 4930 Energy Way, Reno, NV 89502.

Truckee Meadows Water Authority

In November 2000, the City of Sparks, in a joint venture with the City of Reno and Washoe County, formed the Truckee Meadows Water Authority (Authority). The Authority was formed to purchase the water assets, to undertake the water utility operations of NV Energy, Inc. (formerly Sierra Pacific Power Company), a Nevada corporation, and to develop, manage and maintain supplies of water for the benefit of the Truckee Meadows community. The Authority has issued bonds that do not constitute an obligation of the Cities of Sparks, Reno or Washoe County. There is no equity interest recorded on the City of Sparks' balance sheet as of June 30, 2015, because no explicit and measurable equity interest is deemed to exist. Separate financial statements and information for this joint venture are available by contacting the Authority at P.O. Box 30013, Reno, NV 89520-3013.

Truckee River Flood Management Authority

The Truckee River Flood Management Authority (TRFMA) is a joint powers authority formed in March 2011, pursuant to a Cooperative Agreement among the Cities of Reno and Sparks and Washoe County (members). The governing body of each Member appoints two directors who must be elected officials of the Member's governing body. The TRFMA was formed in order to regulate and control waters of the Truckee River that flow through their territories to reduce or mitigate flooding for the ongoing benefit of the Truckee Meadows community and is authorized to issue bonds that do not constitute an obligation of the City of Reno, City of Sparks, Washoe County, or State of Nevada.

Under the terms of the Cooperative Agreement, the TRFMA Board of Directors has the power to periodically impose, assess, levy, collect, and enforce fees, rates, and charges in an amount sufficient for services or facilities, or both services or facilities and also to discharge any debt instruments or financial agreements. No such assessments have been made since the TRFMA's formation. The arrangement is considered a joint venture with no equity interest recorded on the City of Sparks' balance sheet as of June 30, 2015, because no explicit and

measurable equity interest is deemed to exist. Separate financial statements and information for this joint venture are available by contacting the Truckee River Flood Management Authority's Finance Department at 9390 Gateway Drive, Suite 230, Reno, NV 89521.

Compliance

The City was, in accordance with Nevada Revised Statutes, within the legal debt limit at June 30, 2015. In addition, there are a number of limitations and restrictions contained in the various bond indentures, with which the City was in compliance at June 30, 2015.

Marina Special Assessment District 2 Debt (No City Commitment)

During fiscal year 2002, the Marina Special Assessment District 2 issued \$10,600,000 in special assessment debt to which the City is not obligated in any manner to repay. The City functions as an agent for the property owners in the Marina Special Assessment District 2 by collecting assessments, forwarding collections to special assessment debt-holders and, if appropriate, beginning foreclosures on delinquent property owners. During fiscal year 2005, the special assessment debt was refunded through the issuance of \$7,942,172 in special assessment debt to which the City is not obligated in any manner to repay. As such, the refunding special assessment bonds are not included in the City's financial statements. In 2015, sufficient collections were received to pay in full all outstanding principal and interest. Excess collections were approved by City Council to be apportioned and refunded to owners in accordance with NRS 271.429.

Advanced Refundings

In August 2014, the Redevelopment Agency issued \$7,285,000 of Subordinated Lien Tax Increment Revenue Refunding Bonds, Series 2014 (2014 Bonds) to refund the existing Subordinate Lien Tax Increment Revenue Bonds, Series 2009 (2009 Bonds). The proceeds of the 2014 Bonds were deposited with an escrow agent and restricted to provide funds for the future debt service payment on the refunded bonds. As a result, the 2009 Bonds are considered defeased and the liability for those bonds has been removed from the Statement of Net Position. The reacquisition price exceeded the net carrying amount of the old debt by \$862,187. The unamortized balance is being amortized as a component of interest expense over the remaining life of the defeased debt. The 2014 Bonds were issued at a reduced interest rate and will reduce total debt service over the next 15 years by \$1,507,992 and resulted in an economic gain of \$1,200,905. As of June 30, 2015, \$2,140,000 of the defeased bonds remain outstanding and the balance of amounts held by the escrow agent that will be used to make future debt service payments is \$2,476,540.

Pledged Revenues

The City has pledged specific revenues to repay bonds in governmental and business-type activities.

Governmental Activities

The City has pledged 15% of the Consolidated Tax revenues for the repayment of the Consolidated Tax Revenue Refunding Bonds, Series 2011, issued during fiscal year ended June 30, 2011, and the Consolidated Tax Revenue Refunding Bonds, Series 2014, issued during fiscal year ended June 30, 2014. The total principal and interest remaining to be paid on the bonds is \$11,323,712, payable through fiscal year 2026. For the current year, principal and interest paid for the bonds totaled \$1,016,069 and pledged revenues totaled \$3,137,415.

The City has pledged 75% (less a State collection fee) of the State Sales Tax, Local School Support Tax, City/County Relief Tax, and Reciprocal Use Taxes that are collected in the Tourism Improvement District, for the repayment of the Senior Sales Tax Anticipation Revenue Bonds, Series A, and the Subordinate Sales Tax Anticipation Revenue Bonds, Series A, sold during fiscal year ended June 30, 2009. Proceeds from the bonds were used to acquire, improve, and equip certain real and personal property at the Legends at Sparks Marina. The total principal and interest remaining to be paid on the bonds is \$167,618,165, payable through fiscal year 2028.

The bonds are secured and payable solely from the pledged revenues and the City has no obligation to pay the debt from any other source. For the current year, principal and interest due on the bonds totaled \$21,998,506, and pledged revenues totaled \$10,184,516 resulting in delinquent pledged revenues of \$11,813,990 at June 30, 2015.

The City has pledged revenues comprised of the incremental property tax revenues, governmental services tax revenues, and all income from the investment and reinvestment of any debt service and reserve accounts collected within the Redevelopment Area No. 1. The pledged property taxes are derived by applying applicable ad valorem tax rates to the portion of the assessed value of all taxable property that is in excess of a base value established in the year the area was created. These pledged revenues are for the repayment of the 2010 Tax Increment Refunding Revenue Bonds, issued during the fiscal year ended June 30, 2010. The bond is a limited obligation of the Redevelopment Agency and the Redevelopment Agency is not obligated to pay for them except from pledged revenues. Proceeds from the bonds were used to refund all of the Redevelopment Agency's Tax Allocation Refunding Revenue Bonds, Series 2000A. The total principal and interest remaining to be paid on the bond is \$18,315,005, payable through fiscal year 2023. For the current year, principal and interest paid for the bond totaled \$2,290,681 and pledged revenues totaled \$2,473,779.

The City has pledged revenues comprised of the incremental property tax revenues and all income from the investment and reinvestment of any debt service and reserve accounts collected within the Redevelopment Area No. 2. The pledged property taxes are derived by applying applicable ad valorem tax rates to the portion of the assessed value of all taxable property that is in excess of a base value established in the year the area was created. These pledged revenues are for the repayment of the 2008 Tax Increment Obligations Bonds, issued during the fiscal year ended June 30, 2009 (2008 Bonds), the 2009 Subordinate Lien Tax Increment Revenue Bonds, issued during fiscal year ended June 30, 2010 (2009 Bonds) and refunded during fiscal year 2015, and the 2014 Tax Allocation Refunding Bonds, issued during fiscal year ended June 30, 2015 (2014 Bonds). The bonds are special, limited obligation of the Redevelopment Agency are payable solely from the pledged revenues described above. Proceeds from the 2008 and 2009 Bonds were used for certain redevelopment projects within the Marina District of Redevelopment Area No. 2. Proceeds from the 2014 Bonds were used to extinguish the principal owed on the 2009 Bonds. The total principal and interest remaining to be paid on the bonds is \$24,658,789, payable through fiscal year 2029. For the current year, total principal and interest paid for the three bonds totaled \$8,999,892, of which, \$7,132,187 related to the refunding of the 2009 Bonds, and pledged revenues totaled \$2,582,082.

Business-type Activities

The City has pledged future sewer utility customer revenues and connection fees, net of specified operating expenses, to repay sewer utility general obligation bonds issued between fiscal years 1996 and 2010. Proceeds from the bonds provided financing for expansion of, and improvements to, the utility system. The bonds are intended to be paid solely from utility customer net revenues and are payable through fiscal year 2030. The total principal and interest payable on the bonds is \$37,012,071. For the current year, principal and interest paid for the bonds totaled \$4,558,224. Net pledged revenues totaled \$12,378,308.

Special Assessment Debt

Special assessment bonds are issued to finance improvements that benefit taxpayers in the defined area. Bonds are repaid from assessments levied against these taxpayers, and are secured by their real property and are also secured by moneys and securities from time to time held in certain funds and accounts by the trustee. The bonds constitute limited obligations of the City, and the City will not be liable thereon except from the trust estate which includes (a) the proceeds of the special assessments, prepayments thereof, interest and penalties therefore, and proceeds of the sale of property sold, all monies, (b) all moneys held by the trustee for the bond reserves and assessments, and (c) any pledged real or personal property or security. In case of deficiencies, the City may use the reserve moneys held by the trustee (to the extent funds are available therein) to make payments.

The City has pledged future assessment revenues levied on the Local Improvement District No. 3 (Legends at Sparks Marina) to repay \$26,120,000 in limited obligation improvement bonds issued during fiscal year ended June 30, 2009. Proceeds from the bonds provided financing for acquisition, construction and improvements benefiting the Legends at Sparks Marina. The bonds are intended to be paid solely from assessment revenues and payable through fiscal year 2028. The total principal and interest remaining to be paid on the bonds is \$22,477,652. For the current year, principal and interest paid for the bond totaled \$8,816,419 and pledged revenues totaled \$1,824,203. Excess revenues received in fiscal year 2014 were used to cover the deficiency.

Note 10 - Stabilization Arrangements

The City Council adopted a Financial Stabilization Fund Policy, under which a portion of the revenue received from business licenses and/or interest income allocated to the fund is committed to be the primary sources of revenue for the Stabilization Special Revenue Fund. At June 30, 2015, the Stabilization Special Revenue Fund has a committed fund balance of \$231,107.

The Stabilization Special Revenue Fund balance may only be used if the following conditions exist:

- Expenditures incurred from a natural disaster upon formal declaration by the City Council; or
- If the total actual General Fund revenues decrease by 4 percent or more from the previous year.

Note 11 - Defined Benefit Pension Plan

<u>Plan Description</u> – The City contributes to the Public Employees' Retirement System of the State of Nevada (PERS) for coverage of its employees. PERS administers a cost-sharing, multiple-employer, defined benefit public employees' retirement system which includes both regular and police/fire members. PERS was established by the Nevada Legislature in 1947, effective July 1, 1948. PERS is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earnings capacities have been removed or substantially impaired by age or disability.

<u>Benefits Provided</u> – Benefits, as required by the Nevada Revised Statutes (NRS or statute), are determined by the number of years of accredited service at time of retirement and the member's highest average compensation in any 36 consecutive months with special provisions for members entering PERS on or after January 1, 2010. Benefit payments to which participants or their beneficiaries may be entitled under the plan include pension benefits, disability benefits, and survivor benefits.

Monthly benefit allowances for members are computed as 2.5% of average compensation for each accredited year of service prior to July 1, 2001. For service earned on and after July 1, 2001, this multiplier is 2.67% of average compensation. For members entering PERS on or after January 1, 2010, there is a 2.5% multiplier. PERS offers several alternatives to the unmodified service retirement allowance which, in general, allow the retired employee to accept a reduced service retirement allowance payable monthly during his or her lifetime and various optional monthly payments to a named beneficiary after his or her death.

Post-retirement increases are provided by authority of NRS 286.575 - .579.

<u>Vesting</u> – Regular members are eligible for retirement at age 65 with five years of service, at age 60 with 10 years of service, or at any age with thirty years of service. Regular members entering PERS on or after January 1, 2010, are eligible for retirement at age 65 with five years of service, or age 62 with 10 years of service, or any age with thirty years of service.

Police/Fire members are eligible for retirement at age 65 with five years of service, at age 55 with ten years of service, at age 50 with twenty years of service, or at any age with twenty-five years of service. Police/Fire members entering PERS on or after January 1, 2010, are eligible for retirement at 65 with five years of service, or age 60 with ten years of service, or age 50 with twenty years of service, or at any age with thirty years of service. Only service performed in a position as a police officer or firefighter may be counted towards to eligibility for retirement as Police/Fire accredited service.

The normal ceiling limitation on monthly benefits allowances is 75% of average compensation. However, a member who has an effective date of membership before July 1, 1985, is entitled to a benefit of up to 90% of average compensation. Both Regular and Police/Fire members become fully vested as to benefits upon completion of five years of service.

<u>Contributions</u> – The authority for establishing and amending the obligation to make contributions and member contribution rates, is set by statute. New hires, in agencies which did not elect the Employer-Pay Contribution (EPC) plan prior to July 1, 1983, have the option of selecting one of two contribution plans. Contributions are shared equally by employer and employee. Employees can take a reduced salary and have contributions made by the employer (EPC) or can make contributions by a payroll deduction matched by the employer.

PERS' basic funding policy provides for periodic contributions at a level pattern of cost as a percentage of salary throughout an employee's working lifetime in order to accumulate sufficient assets to pay benefits when due.

PERS receives an actuarial valuation on an annual basis indicating the contribution rates required to fund PERS on an actuarial reserve basis. Contributions actually made are in accordance with the required rates established by the Nevada Legislature. These statutory rates are increased/decreased pursuant to NRS 286.421 and 286.450.

The actuary funding method used is the Entry Age Normal Cost Method. It is intended to meet the funding objective and result in a relatively level long-term contributions requirement as a percentage of salary.

For the fiscal year ended June 30, 2014 and June 30, 2015 the Statutory Employer/employee matching rate was 13.25% for Regular and 20.75% for Police/Fire. The Employer-pay contribution (EPC) rate was 25.75% for Regular and 40.50% for Police/Fire.

The City's contributions were \$10,336,095 for the year ended June 30, 2015.

<u>PERS Investment Policy</u> – PERS' policies which determine the investment portfolio target asset allocation are established by the PERS Board. The asset allocation is reviewed annually and is designed to meet the future risk and return needs of the System.

The following was the PERS Board adopted policy target asset allocation as of June 30, 2014:

Asset Class	Target Allocation	Long-Term Geometric Expected Real Rate of Return
Domestic Equity	42%	5.50%
International Equity	18%	5.75%
Domestic Fixed Income	30%	0.25%
Private Markets	10%	6.80%

As of June 30, 2014, PERS' long-term inflation assumption was 3.5%.

Net Pension Liability – At June 30, 2015, the City reported a liability for its proportionate share of the net pension liability of \$71,650,806. The net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions in PERS pension plan relative to the total contributions of all participating PERS employers. At June 30, 2014, the City's proportion was 0.68240 percent.

<u>Pension Liability Discount Rate Sensitivity</u> – The following presents the net pension liability of the City as of June 30, 2014, calculated using the discount rate of 8.00%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (7.00%) or 1-percentage-point higher (9.00%) than the current discount rate:

	1% Decrease in Discount Rate (7.00%)	Discount Rate (8.00%)	1% Increase in Discount Rate (9.00%)
Net Pension Liability	\$ 111,424,838	\$ 71,650,806	\$ 38,588,457

<u>Pension Plan Fiduciary Net Position</u> – Detailed information about the pension plan's fiduciary net position is available in the PERS Comprehensive Annual Financial Report, available on the PERS website.

<u>Actuarial Assumptions</u> – The City's net pension liability was measured as of June 30, 2014, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation Rate	3.50%
Payroll Growth	5.00% including inflation
Investment Rate of Return	8.00%
Productivity Pay Increase	0.75%
Projected Salary Increases	Regular: 4.60% to 9.75%, depending on service
	Police/Fire: 5.25% to 14.5%, depending on service
	Rates include inflation and productivity increases
Consumer Price Index	3.50%

Other Assumptions Same as those used in the June 30, 2014 funding actuarial valuation

Mortality rates for non-disabled male regular members were based on the RP-2000 Combined Healthy Mortality Table projected to 2013 with Scale AA. Mortality rates for non-disabled female regular members were based on the RP-2000 Combined Healthy Mortality Table, projected to 2013 with Scale AA, set back one year. Mortality rates for all non-disabled police/fire members were based on the RP-2000 Combined Healthy Mortality Table projected to 2013 with Scale AA, set forward one year. The mortality table used in the actuarial valuation to project mortality rates for all disabled regular members and all disabled police/fire members is the RP-2000 Disabled Retiree Mortality Table projected to 2013 with Scale AA, set forward three years.

Actuarial assumptions used in the June 30, 2014 valuation were based on the results of the experience review completed in 2013.

The discount rate used to measure the total pension liability was 8.00% as of June 30, 2014 and June 30, 2013. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rate specified in statute. Based on that assumption, the pension plan's fiduciary net position at June 30, 2014, was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability as of June 30, 2014 and June 30, 2013.

<u>Pension Expense</u>, <u>Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions</u> – For the year ended June 30, 2015, the City recognized pension expense of \$9,357,428. At June 30, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		Outflows ources	Deferred Inflows of Resources		
Differences between expected and actual experience	\$	-	\$	3,378,474	
Changes in assumptions or other inputs		-		-	
Net difference between projected and actual earnings on pension					
plan investments		-		14,828,346	
Changes in the employer's proportion and differences between the employer's contributions and the employer's proportionate				, ,	
contributions	ϵ	535,021		_	
City contributions subsequent to the measurement date		36,095			
	\$ 10,9	71,116	\$	18,206,820	

Deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date in the amount of \$10,336,095 will be recognized as a reduction of the net pension liability in the year ending June 30, 2016.

The average of the expected remaining service lives of all employees that are provided with pensions through PERS (active and inactive employees) determined at July 1, 2013 (the beginning of the measurement period ended June 30, 2014) is 6.7 years.

Other estimated amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30	
2016 2017 2018 2019 2020 Thereafter	\$ (4,188,394) (4,188,394) (4,188,394) (4,188,394) (481,308) (336,915)
Reconciliation of Net Pension Liability –	
Beginning net pension liability Pension expense Employer contributions New net deferred inflows/outflows Recognition of prior deferred (inflows)/outflows	\$ 90,068,942 9,357,428 (10,203,765) (17,571,799)
Ending net pension liability	\$ 71,650,806

<u>Additional Information</u> – The PERS Comprehensive Annual Financial Report (CAFR) is available on the PERS website at www.nvpers.org under Quick Links – Publications.

Note 12 - Contingent Liabilities

There are lawsuits pending against the City of Sparks, including suits which have been accrued at June 30, 2015 that are probable of loss by the City at an estimated amount of \$489,000 in the Municipal Self-Insurance Internal Service Fund. The financial impact of remaining actions is not determinable at June 30, 2015, but in the opinion of management and legal counsel, any resulting liability will not materially affect the financial position or results of operations of the City.

The City of Sparks also has contingent liabilities due to developers. Infrastructure development in the Spanish Springs Sphere of Influence is being accomplished through development agreements. The purpose of the agreements is to establish a system of regulation for the allocation and payment of costs to assure that new development contributes its proportionate share to the cost of the required infrastructure. The agreements stipulate that should a developer provide land and/or capital improvements for dedication to the City, the costs incurred through dedication and/or construction of capital improvements by the owner will be credited against fees due. Such provisions in the agreements result in a liability of the City in the amount of the dedicated capital assets in excess of the fees due from the developers for future development. The liability is contingent on the pending receipt of infrastructure and future development permits issued. The contingent liability estimate of these credits due to developers at June 30, 2015 is \$6,280,799.

In addition to the above provisions, the City has entered into one agreement with a developer to reimburse excess fees paid to the City by the developer. Such reimbursement by the City occurs as monies become available via specific permits paid for by other developers. The long-term obligation under this agreement at June 30, 2015 is \$147,001.

Note 13 - Commitments

As of June 30, 2015, the City had the following significant commitments with respect to unfinished capital projects. Such amounts are included in the appropriate fund balance classification.

	Co	emaining onstruction mmitment	Expected Date of Completion
Governmental funds			1
Nonmajor capital projects funds			
Road Fund			
Street rehabilitation	\$	715,756	2015-2016

Significant commitments, other than for unfinished capital projects, include the encumbrances outstanding in the General Fund which have been included in the appropriate classifications are shown below.

General fund Encumbrances

\$ 160,223

See Note 6 for further information on the City's commitments related to the Truckee Meadows Water Reclamation Facility.

Note 14 - Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City reports its material risk management activities in the Internal Service Funds in accordance with GASB Statements No. 10 and No. 30. The Group Insurance Self-Insurance Fund accounts for life, medical, prescription, dental and vision insurance programs. The Worker's Compensation Insurance Fund accounts for worker's compensation claims, including long-term benefits such as wage replacement. The Municipal Self-Insurance Fund accounts for the costs related to general, auto and property liabilities.

Claims expenses and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. Because actual claims liabilities depend on such complex factors as inflation, changes in legal doctrines, and damage awards, the process used in computing claims liability does not necessarily result in an exact amount. Claims liabilities are reevaluated periodically to take into consideration recently settled claims, the frequency of claims, and other economic and social factors. Changes in the balances of claims liabilities during the past two years are as follows:

	Fiscal Year Ended June 30, 2015							
		Claims and						
	В	eginning of	(Changes in		Claim	End of	
	F	Fiscal Year	Estimates		Payments		Fiscal Year	
Group Insurance Self-Insurance Fund Municipal Self-Insurance Fund	\$	920,896	\$	9,246,006 990,381	\$	(9,142,264) (500,561) (1)	\$	1,024,638 489,820
Workers' Compensation Fund		9,991,328		(2,835,930)		(1,063,831)		6,091,567
	\$	10,912,224	\$	7,400,457	\$	(10,706,656)	\$	7,606,025
			F	iscal Year Ende	ed Ju	ne 30, 2014		
Group Insurance Self-Insurance Fund Municipal Self-Insurance Fund Workers' Compensation Fund	\$	842,489 - 7,259,967	\$	8,207,339 521,741 6,202,114	\$	(8,128,932) (521,741) (3,470,753)	\$	920,896 - 9,991,328
	\$	8,102,456	\$	14,931,194	\$	(12,121,426)	\$	10,912,224

(1) Claims payable for the Municipal Self-Insurance Fund of \$489,820 at June 30, 2015 are reported in accounts payable.

The City combines both self-insurance and commercial insurance to protect against loss. Settled claims resulting from these risks did not exceed commercial coverage over the past three fiscal years. The following is a detail of the coverages for the City's self-insured funds:

<u>Group Insurance Self-Insurance</u> – This fund charges the City's insured funds a fixed monthly premium per employee. Employee claims in excess of \$225,000 per occurrence are covered by excess insurance.

<u>Workers' Compensation Insurance</u> – The City is self-insured for individual worker's compensation claims up to \$3,000,000 for City police and firefighters and \$1,500,000 for all other City employees, per occurrence. Claims in excess of this limit are covered by excess insurance up to State statutory limits. This fund charges the City's insured funds an annual premium per employee, which may vary by employee type.

<u>Municipal Self-Insurance</u> – The City is self-insured for general liability claims up to \$100,000 for each occurrence, after which claims are covered by excess insurance. This fund charges other funds maintained by the City a premium derived from prior year actual claims and administrative costs allocated based on the number of employees in each fund.

Note 15 - Post-Employment Benefits

Accumulated Sick Leave

Upon retirement, qualified employees have the option of foregoing cash payment of their accumulated sick leave balances, by opting for conversion of the balance to fund their post-employment group health insurance premiums. The converted balances are reported as liabilities on the City's government-wide financial statements. The City pays the retirees' group health insurance premiums until exhaustion of the respective retirees' balances. Increases in premiums are to be passed along to retirees participating in the aforementioned program. However, those qualified employees who retired prior to or on December 10, 2001, will receive "premium credits" to partially offset their portion of the cost of the insurance premiums. The premium credits are calculated and awarded based upon length of service.

For the year ended June 30, 2015, the City paid \$694,278 in health insurance premiums on behalf of 108 retirees who opted for the conversion of their accumulated sick leave. Another \$9,664 was incurred by the City on behalf of a former employee who received the insurance benefit under a separate agreement approved by the City Council.

Post-employment Benefits Other than Pensions (OPEB)

From an accrual accounting perspective, the cost of post-employment healthcare and life insurance benefits, like the cost of pension benefits, generally should be associated with the periods in which the cost occurs, rather than in the future year when it will be paid. In accordance with Governmental Accounting Standards Board Statement No. 45 Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions (GASB 45), the City recognizes the cost of post-employment healthcare and life insurance in the year when the employee services are received, reports the accumulated liability from prior years, and provides information useful in assessing potential demands on the City's future cash flows. The annual funding, if paid on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years.

<u>Plan Descriptions</u> – The City of Sparks contributes to a single-employer defined benefit healthcare plan, City of Sparks Medical and Dental Benefit Plan (Sparks Plan) and an agent multiple employer defined benefit healthcare plan, Nevada Public Employees' Benefits Program (NPEBP). Each plan provides medical, dental, vision, long-term disability, accidental death and dismemberment, and life insurance benefits to eligible retired City employees and beneficiaries.

Benefit provisions for the Sparks Plan are established pursuant to NRS 287.023 and amended through negotiations between the City and the Group Health Plan Benefits Committee whose voting membership consists of representatives of employee bargaining groups. Benefit provisions for NPEBP are established pursuant to NRS 287.023 and subject to amendment through legislation by the State of Nevada each biennium.

Pursuant to NRS 287.023 (as amended during the 2007 session of the Nevada Legislature), through November 29, 2008, retirees had the option to participate in the Sparks Plan for postemployment health care benefits or to join the NPEBP offered by the State of Nevada. However, subsequent to November 29, 2008, new retirees no longer have the option of joining the NPEBP, yet still retain the option to participate in the Sparks Plan.

Local governments are required to pay the same portion of cost of coverage for those persons joining NPEBP that the State of Nevada pays for those persons retired from state service who have continued to participate in the NPEBP. As of June 30, 2015, 99 retirees from the City were utilizing this benefit. The subsidy paid directly to NPEPB by the City for this coverage for the year ended June 30, 2015 was \$305,282. The NPEBP Master Plan Document can be obtained by writing to the Nevada Public Employees Medical Program, 901 South Stewart Street, Suite 1001, Carson City, NV 89701.

Employer paid subsidy based on years of credited service under NPEBP range from \$115.55 for five years of service to \$653.53 for 20 years of service.

Retirees in the Sparks Plan receive no direct subsidy from the City, with the following exceptions. City firefighters who retired after July 1, 2005 receive a subsidy equal to 60% of their health insurance premiums up to age 65, and 50% after age 65. City employees who retired prior to the adoption of the 1991-92 employee resolutions and contracts, receive a subsidy equal to the difference between current premium rates and the premium rates agreed to in their retirement agreement, which vary by year and bargaining unit of retirement. Also, employees retiring after 1992 and before December 2001 receive a subsidy equal to a \$5 dollar credit towards health insurance premiums for each year of service. These subsidies range from \$25.00 to \$813.68 per month. In addition, under state law, retiree loss experience is pooled with active loss experience for the purpose of setting rates. The difference between the true claims cost and the blended premium is an implicit rate subsidy that creates an OPEB cost for the City. As of June 30, 2015, 165 retirees from the City were utilizing this benefit.

The premium rates in the Sparks Plan applicable to retirees not yet eligible for Medicare are the same as those for active employees; reduced rates apply to those retirees covered by Medicare. A summary of the monthly premium rates for the Sparks Plan, as of the June 30, 2015, are shown below:

	E1	nployee Only	Employee & Spouse		Employee & Child		Employee & Family	
Active employees	\$	652.00	\$	1,196.03	\$	1,139.63	\$	1,699.19
Retiree, no Medicare		647.83		1,191.01		1,134.61		1,694.19
Spouse, with Medicare				1,075.91				
Retiree, Medicare		519.95		948.04		N/A		1,451.20
Spouse, no Medicare				1,063.14				1,566.30

<u>Funding Policy and Annual OPEB Cost</u> – The City is currently funding the annual OPEB cost according to projected pay-as-you-go financing requirements. For the fiscal year ended June 30, 2015, the City's Net Employer Contribution was \$511,724 to the Sparks Plan and \$305,282 to the NPEBP, for a total contribution of \$817,006. The actuarial valuation was prepared from employee and retiree data as of July 2014. The City data included a total of 558 participants in the Sparks Plan, consisting of 393 employees and 165 retirees, and a total of 101 participants in NPEBP, all retirees.

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plans, and the net OPEB obligation (asset), by plan, for fiscal years 2013 through 2015 are as follows:

Plan Type	Fiscal Year Ended June 30,	Annual OPEB Cost	Employer Contributions	Net OPEB Obligation (Asset)	Percentage of Annual OPEB Cost Contributed
Sparks Plan	2015	\$ 1,249,095	\$ 511,724	\$ 7,466,377	40.97%
Sparks Plan	2014	982,896	373,149	6,729,006	37.96%
Sparks Plan	2013	979,100	395,542	6,119,259	40.40%
NPEBP	2015	301,559	305,282	(52,024)	101.23%
NPEBP	2014	354,581	353,183	(48,301)	99.61%
NPEBP	2013	357,395	395,942	(49,699)	110.79%
Totals	2015	1,550,654	817,006	7,414,353	52.69%
Totals	2014	1,337,477	726,332	6,680,705	54.31%
Totals	2013	1,336,495	791,484	6,069,560	59.22%

The net OPEB obligation (asset) (NOPEBO) as of June 30, 2015, was calculated as follows:

	S	Sparks Plan N		NPEBP	Totals
Normal Cost (Current Service Cost) Amortization of the Unfunded Actuarial	\$	473,435	\$	-	\$ 473,435
Accrued Liability (UAAL)		763,763		304,198	1,067,961
Interest on net OPEB obligation		335,196		(74,312)	260,884
Amortzation on net OPEB obligation		(323,299)		71,673	 (251,626)
Annual OPEB Cost		1,249,095		301,559	1,550,654
Contributions made		(511,724)		(305,282)	(817,006)
Increase in Net OPEB obligation		737,371		(3,723)	733,648
Net OPEB obligation (asset), beginning of year		6,729,006		(48,301)	 6,680,705
Net OPEB obligation (asset), end of year	\$	7,466,377	\$	(52,024)	\$ 7,414,353

For governmental activities, the net OPEB obligation is liquidated by those funds with salaries and related benefits; resulting in the majority of the obligations being liquidated by the General Fund.

<u>Funded Status and Funding Progress</u> – The funded status of the plan as of the most recent actuarial valuation (July 1, 2014) is as follows:

Plan	Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (in millions)	UAAL as a percentage of Covered Payrol [(b-a)/c]
1 1411		(4)	(0)	(0 4)	(4, 5)	(0)	[(o u)/o]
Sparks Plan		\$ -	\$ 19,796,651	\$ 19,796,651	0.00%	\$ 34.3	57.72%
NPEBP	7/1/2014	-	7,884,828	7,884,828	0.00%	N/A	N/A
Totals	7/1/2014	-	27,681,479	27,681,479	0.00%	N/A	N/A

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the plans and the annual required contributions of the City are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress, presented as required supplementary information following the notes to the financial statements, provides multi-year trend information about the ratio of the actuarial valuation of plan assets relative to the actuarial accrued liability for benefits over time.

<u>Actuarial Methods and Assumptions</u> – Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefits between the City and the plan members at that point.

Actuarial calculations reflect long-term perspectives and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets. Significant methods and assumptions were as follows:

	Sparks Plan	NPEBP
Actuarial valuation date	July 1, 2014	July 1, 2014
Actuarial funding method	Projected unit credit	Projected unit credit
Amortization method	Level percentage of pay	Level percentage of pay
Remaining amortization period	30 years, Open	30 years, Open
Asset valuation method	Market value	Market value
Actuarial assumptions		
Investment rate of return	4.00%	4.00%
Projected salary increases	6.5% (8% Law Enforcement)	6.5% (8% Law Enforcement)
Healthcare cost trend rate*	5.70%	5.70%

^{*}Declining gradually, over 70 years, to an ultimate rate of 4.24 percent. These rates include a 2.5% general inflation rate.

Note 16 - Capital Facilities Fund

Pursuant to NRS 354.598155, the Capital Facilities Fund, a nonmajor governmental fund, expended \$110,667 on the following:

C Street Garage LED Retrofit Project	\$ 18,647
Garage Building Area Heaters	31,210
Victorian Square Water Fountain Filter Retrofit	9,727
Capital Facilities - Fire Station 2 Electrical Main & Shutoff	29,286
Capital Facilities - IT Voice Over Internet Telephone System	 21,835
	\$ 110,705

Note 17 - Accounting Changes

Adoption of New Standard

As of July 1, 2014, the City adopted GASB Statement No. 68, *Accounting and Financial Reporting for Pensions* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*. The implementation of these standards requires governments to calculate and report the cost and obligations associated with pensions in their financial statements, including additional note disclosures and required supplementary information. Beginning net position was restated to retroactively report the beginning net pension liability and deferred outflows of resources related to contributions made after the measurement date as disclosed in the tables below.

In addition the City's joint venture (described in Note 6), TMWRF, also adopted the statements described above. This resulted in an additional adjustment to the business-type activities and Sewer Operations Enterprise Fund for the City's Investment in the TMWRF and beginning net position of the business-type activities and Sewer Operations Fund, also disclosed in the tables below.

Correction of an Error

As a result of City management's performance of a verification of its land holding to the Washoe County, Nevada Assessor's records, the City discovered certain parcels of land were missing from their records, and therefore the City's land was understated. Beginning net position and land for governmental-type activities were restated to correct this error as disclosed in the following tables.

The impact of the adoption of the new standard and the correction of error is as follows:

Government-Wide Financial Statement Impact

		Governmental Activities	Business-type Activities	Total
Net position at June 30, 2014, as a Adoption of New Standard	previously reported	\$ 261,729,688	\$ 187,062,837	\$ 448,792,525

Community Development Block Grant Fund

To account for monies received by the City as a grantee in the Federal Community Development Small Cities Discretionary Grant Program, which must be used for qualifying projects.

Community Development Entitlement Grant Fund

To account for monies received by the City as a grantee in the Federal Community Development Entitlement Grant Program, which must be used for qualifying programs.

Sparks Grants and Donations Fund

To account for monies from all governmental fund grant awards, donations and other designated use awards, except Community Development and Block Grant awards, received by the City of Sparks to be used in accordance with award documentation.

Tourism and Marketing Fund

To account for resources received pursuant to the Washoe County Taxes on Transient Lodging Act of 1999.

Parks and Recreation Program Fund

To account for monies received from recreation program registration fees to finance those recreation programs administered by the Recreation Department.

Court Administrative Assessment Fund

To account for monies received from the Municipal Court administrative fees to finance Municipal Court related improvements.

Street Cut Fund

To account for resources received principally from private utility companies to repair City streets after they have been cut to perform underground utility work.

Impact Fee Service Area No. 1 Fund

To account for impact fees to be collected in the Northern Sparks Sphere of Influence.

Tourism Improvement District 1 Fund

To account for monies deposited into the fund, from proceeds of Sales Tax Anticipation Revenue Bonds, to be used to acquire, improve, and equip certain real and personal property within the City of Sparks, Nevada Tourism Improvement District No. 1 (Legends at Sparks Marina).

Stabilization Fund

To account for resources committed by the City Council for fiscal emergencies.

Nonmajor Capital Projects Funds

Recreation and Parks Funds (Districts 1, 2 and 3)

To provide for acquisition, improvement and expansion of public parks, playgrounds and recreation facilities within the City. Financing is provided by a residential park construction tax.

Road Fund

To provide for the maintenance, acquisition and construction of streets and roads related to capital assets. Financing is provided by an allocation of State shared revenues, right-of-way toll fees and franchise fees.

Capital Projects Fund

To provide for acquisition and construction of designated capital assets, except those financed by special sources or Proprietary Funds. Financing is provided by an allocation from other funds and tax supported bonds.

Capital Facilities Fund

To provide for the acquisition of land, improvements to land, purchase of major equipment, renovations of government facilities, and repayment of short-term financing for these activities. The City can use this fund for any of the above activities that they consider necessary.

Parks and Recreation Project Fund

To provide for specific park and recreation purposes. Financing is provided by a negotiated settlement from the Helms Pit lawsuit and franchise fees.

Local Improvement District 3 Fund

To account for monies deposited into the fund, from proceeds of special assessment bonds and from developer cash contributions, to be used to acquire infrastructure constructed by the Developer per an Acquisition Agreement.

Redevelopment Agency Area No. 1 Revolving Fund

To account for the resources used for financing the acquisition and construction of capital improvement projects and other necessary or incidental expenditures in accordance with a redevelopment plan for the Redevelopment Area No. 1. Financing is provided by tax supported bonds.

Redevelopment Agency Area No. 2 Revolving Fund

To account for the resources used for financing the acquisition and construction of capital improvement projects and other necessary or incidental expenditures in accordance with a redevelopment plan for the Redevelopment Area No. 2. Financing is to be provided by tax supported bonds, allocations from other funds, and grant revenues.

Victorian Square Room Tax Fund

To provide for specific capital improvements within Victorian Square. Financing is provided by tax proceeds on the rental of transient lodging within the City.

Major Enterprise Fund

Sewer Operations Fund

To account for the provision of sewer services to the residents of the City and some residents of Washoe County. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service.

Nonmajor Enterprise Fund

Development Services Fund

To account for the issuance of building permits and other fees designated to finance building and development of the City.

Internal Service Funds

Motor Vehicle Maintenance Fund

To account for the costs of acquisition of vehicles and for operating a maintenance facility for the vehicles and related equipment used by City departments. Such costs are billed to the user departments and include depreciation on vehicles and equipment.

Group Insurance Self-Insurance Fund

To account for the operations of the group health and accident insurance program covering City employees.

Workers' Compensation Insurance Fund

To account for money received from other City funds for workers' compensation claims, compensating injured workers, and the cost of administering a self-funded insurance program.

Municipal Self-Insurance Fund

To account for monies received from insurance claims and other sources to cover the costs to repair and replace damaged real and personal property owned by the City and to cover uninsured claims.

This part of the City of Sparks' comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the city's overall financial health.

Section Contents Schedule #

Financial Trends 1.1 - 1.4

These schedules contain trend information to help the reader understand how the city's financial performance and well-being have changed over time.

Revenue Capacity 2.1 - 2.4

These schedules contain information to help the reader assess the factors affecting the city's ability to generate its property and sales taxes.

Debt Capacity 3.1 - 3.4

These schedules present information to help the reader assess the affordability of the city's current levels of outstanding debt, and its ability to issue additional future debt.

Demographic and Economic Information

4.1 - 4.2

These schedules offer demographic and economic indicators to help the reader understand the environment within which the city's financial activities take place and to help make comparisons over time and with other governments.

Operating Information

5.1 - 5.3

These schedules contain information about the city's operations and resources to help the reader understand how the city's financial information relates to the services the city provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Pursuant to NRS 361.227, real property is valued at taxable value, determined by calculating the full cash value (market value) of land and estimated replacement cost of improvements less appropriate depreciation. Taxable assessed value is 35% of estimated actual value. Real property is reappraised at least every five years. Property not reappraised is revalued annually using various approved methods.

City of Sparks, Nevada Schedule 2.1 – Assessed and Estimated Value of Taxable Property Last Ten Fiscal Years (Unaudited)

Note: AB 489 and SB 509 are two property tax relief measures that were passed during the 2005 Nevada legislative session that places limitations on increases of property tax paid by Nevada property owners. These tax relief measures have the potential of limiting the property tax rates levied by Nevada governmental agencies.

This list represents the ten largest property assessments based on property-owning taxpayers in the City. It is possible that an owner of several parcels may have an aggregate assessed value that is large than those listed above. This schedule does not include the City of Sparks Redevelopment Agency valuation.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Honorable Mayor and City Council City of Sparks, Nevada Sparks, Nevada

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sparks, Nevada as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City of Sparks, Nevada's basic financial statements and have issued our report thereon dated November 24, 2015.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, in accordance with auditing standards generally accepted in the United States of America, we considered the City of Sparks, Nevada's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Sparks, Nevada's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Sparks, Nevada's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as finding 2015-A and 2015-B that we consider to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We did identify a deficiency in internal control, described in the accompanying schedule of findings and questioned costs as finding 2015-C that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Sparks, Nevada's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2015-B.

The City of Sparks, Nevada's Response to Findings

The City of Sparks, Nevada's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The City of Sparks, Nevada's responses were not subjected to the auditing procedures applied in the audit of the financial statements, and accordingly, we express no opinion on them.

Purpose of this Report

Esde Saelly LLP

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Sparks, Nevada's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Sparks, Nevada's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Reno, Nevada November 24, 2015

Independent Auditor's Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance Required by OMB Circular A-133

To the Honorable Mayor and City Council City of Sparks, Nevada Sparks, Nevada

Report on Compliance for Each Major Federal Program

We have audited the City of Sparks, Nevada's (the City's) compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs for the year ended June 30, 2015. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on the compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

Opinion on Each Major Federal Program

In our opinion, the City complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses and significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance, as described in the accompanying schedule of findings and questioned costs as items 2015-001 and 2015-002 that we consider to be significant deficiencies.

The City's responses to the internal control over compliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The City's responses were not subjected to the auditing procedures applied in the audit of compliance, and, accordingly, we express no opinion on them.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Reno, Nevada November 24, 2015

This Schedule of Expenditures of Federal Awards includes the Federal grant activity of the City of Sparks, Nevada and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this Schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Total expenditures for the Edward Byrne Memorial Justice Assistance Grant Program (Federal CFDA Number 16.738) were \$113,530 for the year ended June 30, 2015.

Section I – Summary of Auditor's Results

Financial Statements

Type of auditor's report issued:

Unmodified

Internal control over financial reporting:

Material weaknesses identified?

Significant deficiencies not considered to be material

weaknesses? Yes

Noncompliance material to financial statements notes? Yes

Federal Awards

Internal control over major program:

Material weaknesses identified?

Significant deficiencies not considered to be material

weaknesses? Yes

Type of auditor's report issued on compliance for major programs:

Unmodified

Any audit findings disclosed that are required to be reported in

accordance with Circular A-133, Section 510(a)? Yes

Identification of major programs:

Name of Federal Program or Cluster	CFDA Number	
CDBG - Entitlement Grants Cluster Community Development Block Grants/Entitlement Grants Assistance to Firefighters Grant	14.218 97.044	
Dollar threshold used to distinguish between Type A and Type B programs:	\$300,000	
Auditee qualified as a low-risk auditee?	No	

Section II – Financial Statement Findings

2015-A Financial Statement Preparation and Application of Generally Accepted Accounting Principles Material Weakness

Criteria

Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. One of the key components of an effective system of internal control over financial reporting is having the capability to prepare full disclosure financial statements in accordance with generally accepted accounting principles (GAAP).

Condition and Context

The City does not have an internal control system designed to provide for the preparation of the financial statements and related financial statement disclosures being audited in all material respects. In conjunction with the completion of our audit, we were requested to draft the financial statements, assist with the conversion of the fund financial statements to government-wide financial statements, and prepare some of the accompanying notes to those financial statements. In addition, we posted audit adjustments to properly report contingent liabilities and advance refunding bond transactions. Although the preparation of financial statements as a part of the audit engagement is not unusual, it may result in financial statements and related information including in financial statement disclosures not being available for management purposes as timely as it would be if prepared by City personnel. In addition, the absence of controls over the preparation of the financial statements and related financial statement disclosures increases the possibility that a misstatement of the financial statements could occur and not be prevented, or detected and corrected, by the City's internal control as evidenced with the material audit adjustments to properly record contingent liabilities and bond refunding transactions. It is the responsibility of those charged with governance to determine whether to accept the risk associated with this condition because of cost or other considerations.

Effect:

The City's financial records required audit adjustments in order for the financial statements to be in accordance with GAAP. Internally prepared financial information may not be accurate and full disclosure financial statements may not be available as timely as they would be if prepared by City personnel.

Cause:

Due to a shortage of personnel with the ability to prepare full disclosure financial statements, the City has chosen to contract with Eide Bailly LLP to prepare its financial statements and related financial statement disclosures. However, the financial Services Department management have not implemented sufficient procedures to capture the necessary information needed for the financial statements and related disclosures to be prepared in all material respects.

Recommendation:

We recommend City staff continue to obtain training in the preparation of financial statements and related financial statement disclosures in order to gain the knowledge needed to prepare the financial statements and related financial statement disclosures in all material respects.

Management's Response:

The City has personnel with the ability to prepare full disclosure financial statements but elects to outsource those tasks for cost reasons.

2015-B Physical Inventory of Capital Assets Material Weakness

Criteria: Management performance of a periodic inventory over capital assets is a key

component of internal control over and financial reporting of capital assets.

Condition and Context: The City of Sparks determined that certain land parcels recorded in the Washoe

County, Nevada Assessor's records as owned by the City of Sparks were not

recorded in the City's capital asset subledger.

Effect: The City of Sparks' recorded a material adjustment to the beginning of year land

balance and net position balances.

Cause: Infrequent performance of capital asset inventory over all City capital assets and

failure to capture donated land contributed in years prior.

Recommendation: We recommend the City's Financial Services Department perform a complete

and thorough inventory over capital assets every two years in accordance with

Nevada Administrative Code NAC 354.750.

Management's Response: In an effort to improve inventory processes, the City developed a system to sync

City data and Assessor data. The new system will be used every two years in

compliance with NAC 354.750

2015-C Computer Controls for Secondary Review of Journal Entries and Data Input Significant Deficiency

Criteria: The design of system controls requiring secondary review of all

adjustments/postings to the financial reporting software should be in place to provide safeguards over City assets and reduce the risk of misstatements in

financial reporting for the City.

Condition and Context: Journal entries posted by key City of Sparks Financial Services Department

management personnel is such that the journal entries are posted without secondary review of those entries. Also, budgetary balances and adjustments posted by key Financial Services Department management personnel are posted

without secondary review of those entries.

Effect: Unauthorized or inaccurate transactions could occur in the City's financial

reporting software and not be detected.

Cause: Inadequate design of information technology application controls to detect and

correct unauthorized transactions in the City of Sparks' financial reporting software, as general journal entries and budget balances can be posted in the

general ledger without secondary review.

Recommendation: Management should examine controls over financial reporting software and

implement secondary approval of all adjustments/postings in the financial

reporting software.

Management's Response: Senior management personnel within the Financial Services Department are

highly trained professionals, fully capable of making necessary journal entries into the City's financial software system without the need for a secondary review of each journal entry. Other procedures such as general ledger account reviews and various reconciliations designed to ensure accounting accuracy are routinely performed by other personnel within the Financial Services Department that would make secondary approval of each journal entry made by a Financial

Services Department senior manager inefficient and unnecessary.

Section III – Federal Award Findings and Questioned Costs

U.S. Department of Housing and Urban Development:

Finding 2015-001:

Community Development Block Grant – Entitlement Grants Cluster: Community Development Block Grants/Entitlement Grants, CFDA 14.218 Significant Deficiency

Grant Award Number: Potentially affects all grant awards included under CFDA 14.218 on the Schedule

of Expenditures of Federal Awards.

Criteria: The OMB Circular A-133 Compliance Supplement requires that non-Federal

entities include in their construction contracts, a requirement that the contractor complies with the requirements of the Department of Labor regulations regarding Wage Rate Requirements. This includes a requirement for the contractor to submit to the non-Federal entity weekly, for each week in which any contract work is performed, a copy of the payroll and a statement of compliance (certified

payrolls).

Condition and Context: Our testing of construction contracts included reviewing the bid documents and

contracts for the Wage Rate Requirement provisions, and reviewing the payroll data received and monitored by City of Sparks for one contractor. Although the certified weekly payrolls were received, we noted several instances where the payrolls were received by the City more than one week after the end of the contractor's weekly payroll, given that payroll submissions by the contractor

were being performed on a monthly basis.

Questioned Cost: None.

Effect: Material noncompliance by a contractor or subcontractor could occur and not be

detected or followed up on by the City in a timely manner.

Cause: Adequate control procedures were not in place to ensure that all required certified

payrolls were timely received as prescribed.

Recommendation: We recommend that the City enhance procedures to ensure that certified payrolls

are received as required.

Management's Response: Management will work with the contractors to assure they understand the need

for weekly rather than monthly reports.

U.S. Department of Housing and Urban Development:

Finding 2015-002:

Community Development Block Grant – Entitlement Grants Cluster: Community Development Block Grants/Entitlement Grants, CFDA 14.218 Significant Deficiency

Grant Award Number: Affects grant award B-13-MC-32-0004 included under CFDA 14.218 on the

Schedule of Expenditures of Federal Awards.

Criteria: Reports submitted to the Federal awarding agency should include all activity of

the reporting period, should be supported by the underlying data records in the City's accounting system, and should be fairly presented in accordance with

program requirements.

Condition and Context: Disbursements reported for the Public Services category on the CDBG Financial

Summary Report, generated from the Department of Housing and Urban Development's Integrated Disbursement and Information System (IDIS) were

recorded in the wrong period in the City's accounting records.

During review of the 2013 program year PR26 - CDBG Financial Summary Report that was submitted during fiscal year 2015, we noted that the City improperly reported grant expenditures for public service activities incurred in fiscal year 2013, as fiscal year 2014 expenditures. Expenditures reported in the 2012 program year PR26 - CDBG Financial Summary Report, the fiscal year 2013 Schedule of Expenditures of Federal Awards, and the fiscal year 2013 expenditures in the City's accounting records were all understated by \$35,302.

Questioned Costs: None.

Effect: The Federal granting agency did not receive accurate information.

Cause: The City of Sparks did not have adequate procedures in place to ensure that all

information recorded in the City's accounting records was recorded in the proper

period.

Recommendation: We recommend the City implement procedures to ensure amounts recorded in

City's accounting records for federal programs are recorded in the proper period.

Management's Response: The grant manager will work with the grant accountant to assure that amounts are

recorded in the proper period.

2014-002 U.S. Department of Housing and Urban Development

Community Development Block Grant – Entitlement Grants Cluster: Community Development Block Grants/Entitlement Grants, CFDA 14.218 Significant Deficiency

Criteria: The OMB Circular A-133, Compliance Supplement states that when entities are

funded on a reimbursement basis, program costs must be paid for by entity funds

before reimbursement is requested from the federal government.

Condition and Context: Testing of cash management practices applicable to this program included the

review of reimbursement requests sent to the Department of Housing and Urban Development for expenses incurred in relation to the Community Development Block Grant (CDBG) program. One such reimbursement request was made prior

to the City of Sparks incurring the associated expense.

Auditor's Recommendation: We recommended the City of Sparks implement procedures to ensure

reimbursement requests are only submitted to Federal programs after expenses

have been incurred.

Current Status: Corrective action was implemented for fiscal year 2015 for cash management

procedures.

2014-003 U.S. Department of Housing and Urban Development

Community Development Block Grants – Entitlement Grants Cluster: Community Development Block Grants/Entitlement Grants, CFDA 14.218

Significant Deficiency

Criteria: The OMB Circular A-133, Compliance Supplement requires that reports

submitted to the Federal awarding agency should include all activity of the reporting period, should be supported by the underlying data records in the City's accounting system, and should be fairly presented in accordance with program

requirements.

Condition and Context: Disbursements were recorded in the wrong period in the City's accounting

records, resulting in incorrect reporting for the Public Services category on the PR26 - CDBG Financial Summary Report, submitted to the Department of

Housing and Urban Development.

During review of the 2013 program year PR26 - CDBG Financial Summary Report (submitted during 2014), we noted that the City improperly reported grant expenditures for public service activities incurred in fiscal year 2013, as fiscal year 2014 expenditures. Expenditures reported in the 2012 program year PR26 - CDBG Financial Summary Report, the 2013 Schedule of Expenditures of Federal Awards, and the 2013 expenditures in the City's accounting records were all

understated by \$35,302.

Auditor's Recommendation: We recommended the City implement procedures to ensure amounts recorded in

City's accounting records for federal programs are recorded in the proper period.

Current Status: The Integrated Disbursement Information System did not allow amendments to

previously reported PR26 - CDBG Financial Summary Report data, therefore

finding remains unchanged in fiscal year 2015.

2014-004 <u>U.S. Department of Housing and Urban Development</u>

Community Development Block Grant – Entitlement Grants Cluster: Community Development Block Grants/Entitlement Grants, CFDA 14.218

Significant Deficiency

Criteria: The OMB Circular A-133 Compliance Supplement and 24 CFR, Sections 135.3,

135.90 and 570.607 include provisions for prime recipients who receive grants

over \$200,000 for activities including housing rehabilitation, housing construction, or other public construction to submit an annual performance report, *HUD 60002*, *Section 3 Summary Report*, *Economic Opportunities for*

Low- and Very Low-Income Persons.

Condition and Context: Key line items tested on the Section 3 Summary Report include total dollar

amount of construction contracts awarded on projects and total dollar amount of non-construction contracts awarded on a project or activity. The total dollar amount reported for these line items did not reconcile with the City of Sparks'

accounting records.

Auditor's Recommendation: We recommended the City of Sparks implement procedures to ensure reports

submitted to the federal agency are accurate based on the underlying accounting

records.

Current Status: The HUD 60002, Section 3 Summary Report, Economic Opportunities for Low-

and Very Low-Income Persons was not required to be filed for fiscal year 2015.

2014-005 U.S. Department of Energy

Energy Efficiency and Renewable Energy Grant, CFDA 81.086

Significant Deficiency

Criteria: OMB Circular A-133 prohibits non-Federal entities from contracting with or

making subawards under covered transactions to parties that are suspended or

debarred or whose principals are suspended or debarred.

Condition and Context: We tested the City's procedures for entering into procurement contracts for this

program. The City of Sparks, who administers the grant, relied on another

governmental entity's Purchasing Department for the procurement procedures for

this grant. That entity's procedures include obtaining a suspension and debarment certification as well as including the proper clauses within the bid documentation. The City of Sparks did not verify that the proper clauses were included in the bid documentation nor did the City verify the contracted vendor

was not a suspended or debarred party.

Auditor's Recommendation: We recommended the City of Sparks enhance procedures to ensure the City

obtains certifications from the required parties for all covered contracts and

subawards.

Current Status: Corrective action has been implemented.

Auditor's Comments

To the Honorable Mayor and City Council City of Sparks, Nevada Sparks, Nevada

In connection with our audit of the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Sparks (the City) as of and for the year ended June 30, 2015, and the related notes to the financial statements, nothing came to our attention that caused us to believe that the City failed to comply with the specific requirements of Nevada Revised Statutes cited below other than the violations reported in Note 2 to the financial statements. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the City's noncompliance with the requirements of Nevada Revised Statutes cited below, insofar as they relate to accounting matters.

Statute Compliance

The required disclosure on compliance with Nevada Revised Statutes and the Nevada Administrative Code is contained in Note 2 to the financial statements.

Progress on Prior Year Statute Compliance

Progress was made on prior year violations, however refer to Note 2 to the financial statements for repeat noncompliance for not taking an inventory of all the City's equipment and personal property.

Prior Year Recommendations

See the Summary Schedule of Prior Year Audit Findings and Questioned Costs.

Current Year Recommendations

Our current year recommendations are included in the Schedule of Findings and Questioned Costs.

Nevada Revised Statute 354.6115

A fund was created in accordance with Nevada Revised Statute 354.6115, "Fund to stabilize operations of local government and mitigate effects of natural disaster". Funds deposited and/or accumulated in the Stabilization Special Revenue Fund for budget stabilization can only be used if the conditions described in Note 10 are present.

Reno, Nevada

November 24, 2015

Esde Saelly LLP

APPENDIX B

BOOK-ENTRY ONLY SYSTEM

DTC will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered certificate will be issued for each maturity of the Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized bookentry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the Registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the City as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, interest and redemption proceeds on the Bonds will be made to Cede& Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the City or the Paying Agent on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent or the City, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, interest or redemption proceeds to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the City or the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the City or the Registrar and Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, Bond certificates are required to be printed and delivered.

The City may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the City believes to be reliable, but the City takes no responsibility for the accuracy thereof.

APPENDIX C

FORM OF CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (the "Disclosure Certificate") is executed and delivered by the City of Sparks, Nevada (the "Issuer") in connection with the issuance of the City of Sparks, Nevada, General Obligation (Limited Tax) Medium-Term Flood Control Bonds, Series 2016, in the aggregate principal amount of \$_______ (the "Bonds"). The Bonds are being issued pursuant to the bond ordinance of the City Council of the Issuer adopted on February 8, 2016 (the "Ordinance"). The Issuer covenants and agrees as follows:

SECTION 1. <u>Purpose of the Disclosure Certificate</u>. This Disclosure Certificate is being executed and delivered by the Issuer for the benefit of the holders and beneficial owners of the Bonds and in order to assist the Participating Underwriter in complying with Rule 15c2-12(b)(5) of the Securities and Exchange Commission (the "SEC").

SECTION 2. <u>Definitions</u>. In addition to the definitions set forth in the Ordinance or parenthetically defined herein, which apply to any capitalized terms used in this Disclosure Certificate unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

"Annual Report" shall mean any Annual Report provided by the Issuer pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

"Dissemination Agent" shall mean, initially, the Issuer, or any successor Dissemination Agent designated in writing by the Issuer and which has filed with the Issuer a written acceptance of such designation.

"Material Events" shall mean any of the events listed in Section 5 of this Disclosure Certificate.

"MSRB" shall mean the Municipal Securities Rulemaking Board. As of the date hereof, the MSRB's required method of filing is electronically via its Electronic Municipal Market Access (EMMA) system available on the Internet at http://emma.msrb.org.

"Participating Underwriter" shall mean the original underwriter of the Bonds required to comply with the Rule in connection with an offering of the Bonds.

"Rule" shall mean Rule 15c2-12(b)(5) adopted by the SEC under the Securities Exchange Act of 1934, as the same may be amended from time to time.

SECTION 3. Provision of Annual Reports.

a. The Issuer shall, or shall cause the Dissemination Agent to, not later than March 31 following the end of the Issuer's fiscal year of each year, commencing on March 31 following the end of the Issuer's fiscal year ending June 30, 2016, provide to the MSRB (in an electronic format as prescribed by the MSRB), an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. Not later than five (5) business days prior to said date, the Issuer shall provide the Annual Report to the Dissemination Agent (if other than the Issuer). The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference

other information as provided in Section 4 of this Disclosure Certificate; provided that the audited financial statements of the Issuer may be submitted separately from the balance of the Annual Report.

- b. If the Issuer is unable to provide to the MSRB an Annual Report by the date required in subsection (a), the Issuer shall file or cause to be filed with the MSRB a notice in substantially the form attached as Exhibit "A."
 - c. The Dissemination Agent shall:
 - (1) determine each year prior to the date for providing the Annual Report the appropriate electronic format prescribed by the MSRB;
 - (2) if the Dissemination Agent is other than the Issuer, send written notice to the Issuer at least 45 days prior to the date the Annual Report is due stating that the Annual Report is due as provided in Section 3(a) hereof; and
 - (3) if the Dissemination Agent is other than the Issuer, file a report with the Issuer certifying that the Annual Report has been provided pursuant to this Disclosure Certificate, stating the date it was provided and listing all the entities to which it was provided.

SECTION 4. <u>Content of Annual Reports</u>. The Issuer's Annual Report shall contain or incorporate by reference the following:

- a. A copy of its annual financial statements prepared in accordance with generally accepted accounting principles audited by a firm of certified public accountants. If audited annual financial statements are not available by the time specified in Section 3(a) above, unaudited financial statements will be provided as part of the Annual Report and audited financial statements will be provided when and if available.
- b. An update of the type of information identified in Exhibit "B" hereto, which is contained in the tables in the Official Statement with respect to the Bonds.

Any or all of the items listed above may be incorporated by reference from other documents, including official statements of debt issues of the Issuer or related public entities, which are available to the public on the MSRB's Internet website or filed with the SEC. The Issuer shall clearly identify each such document incorporated by reference.

SECTION 5. <u>Reporting of Material Events</u>. The Issuer shall file or cause to be filed with the MSRB, in a timely manner not in excess of ten business days after the occurrence of the event, notice of any of the events listed below with respect to the Bonds:

- a. Principal and interest payment delinquencies;
- b. Non-payment related defaults, if material;
- c. Unscheduled draws on debt service reserves reflecting financial difficulties;
- d. Unscheduled draws on credit enhancements reflecting financial difficulties;
- e. Substitution of credit or liquidity providers or their failure to perform;

- f. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds:
 - g. Modifications to rights of bondholders, if material;
 - h. Bond calls, if material, and tender offers;
 - i. Defeasances;
 - j. Release, substitution or sale of property securing repayment of the Bonds, if
 - k. Rating changes;
 - 1. Bankruptcy, insolvency, receivership or similar event of the obligated person;¹
- m. The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and
- n. Appointment of a successor or additional trustee or the change of name of a trustee, if material.

SECTION 6. Format; Identifying Information. All documents provided to the MSRB pursuant to this Disclosure Certificate shall be in the format prescribed by the MSRB and accompanied by identifying information as prescribed by the MSRB.

As of the date of this Disclosure Certificate, all documents submitted to the MSRB must be in portable document format (PDF) files configured to permit documents to be saved, viewed, printed and retransmitted by electronic means. In addition, such PDF files must be word-searchable, provided that diagrams, images and other non-textual elements are not required to be word-searchable.

SECTION 7. <u>Termination of Reporting Obligation</u>. The Issuer's obligations under this Disclosure Certificate shall terminate upon the earliest of: (i) the date of legal defeasance, prior redemption or payment in full of all of the Bonds; (ii) the date that the Issuer shall no longer constitute an "obligated person" within the meaning of the Rule; or (iii) the date on which those portions of the Rule

_

material:

¹ For the purposes of the event identified in subparagraph (b)(5)(i)(C)(12) of the Rule, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governing body and official or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

which require this written undertaking are held to be invalid by a court of competent jurisdiction in a non-appealable action, have been repealed retroactively or otherwise do not apply to the Bonds.

SECTION 8. <u>Dissemination Agent</u>. The Issuer may, from time to time, appoint or engage a Dissemination Agent to assist the Issuer in carrying out its obligations under this Disclosure Certificate, and may discharge any such Dissemination Agent, with or without appointing a successor Dissemination Agent.

SECTION 9. <u>Amendment; Waiver</u>. Notwithstanding any other provision of this Disclosure Certificate, the Issuer may amend this Disclosure Certificate and may waive any provision of this Disclosure Certificate, without the consent of the holders and beneficial owners of the Bonds, if such amendment or waiver does not, in and of itself, cause the undertakings herein (or action of any Participating Underwriter in reliance on the undertakings herein) to violate the Rule, but taking into account any subsequent change in or official interpretation of the Rule. The Issuer will provide notice of such amendment or waiver to the MSRB.

SECTION 10. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the Issuer from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Material Event, in addition to that which is required by this Disclosure Certificate. If the Issuer chooses to include any information in any Annual Report or notice of occurrence of a Material Event in addition to that which is specifically required by this Disclosure Certificate, the Issuer shall have no obligation under this Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Material Event.

SECTION 11. <u>Default</u>. In the event of a failure of the Issuer to comply with any provision of this Disclosure Certificate, any holder or beneficial owner of the Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the Issuer to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an event of default under the Ordinance, and the sole remedy under this Disclosure Certificate in the event of any failure of the Issuer to comply with this Disclosure Certificate shall be an action to compel performance.

SECTION 12. <u>Beneficiaries</u>. This Disclosure Certificate shall inure solely to the benefit of the Issuer, the Dissemination Agent, the Participating Underwriter and the holders and beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity.

INDEX OF OFFICIAL STATEMENT TABLES TO BE UPDATED

(See page iii of the Official Statement)

APPENDIX D

FORM OF APPROVING OPINION OF BOND COUNSEL

City of Sparks, Nevada 431 Prater Way Sparks, Nevada 89431

CITY OF SPARKS, NEVADA GENERAL OBLIGATION (LIMITED TAX) MEDIUM-TERM FLOOD CONTROL BONDS SERIES 2016

Ladies and Gentlemen:

We have acted as bond counsel to the City of Sparks, Nevada (the "City"), in connection with its issuance of the above-captioned bonds (the "Bonds") pursuant to an authorizing ordinance of the City Council of the City adopted on February 8, 2016 (the "Bond Ordinance"). In such capacity, we have examined the City's certified proceedings and such other documents and such law of the State of Nevada (the "State") and of the United States of America as we have deemed necessary to render this opinion letter. Capitalized terms not otherwise expressly defined herein shall have the meanings ascribed to them in the Bond Ordinance.

Regarding questions of fact material to our opinions, we have relied upon the City's certified proceedings and other representations and certifications of public officials and others furnished to us without undertaking to verify the same by independent investigation.

Based upon such examination, it is our opinion as bond counsel that:

- 1. The Bonds constitute valid and binding limited tax general obligations of the City.
- 2. The principal of and interest on the Bonds are payable from any monies of the City legally available for the purpose of making such payment and the City has irrevocably pledged its full faith and credit for the purpose of making such payment on the Bonds.
- 3. Ad valorem taxes, if any, levied for the purpose of paying the principal of and interest on the Bonds are subject to the limitations contained in the Constitution and laws of the State.
- 4. Interest on the Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date hereof (the "Tax Code"), and interest on the Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code, except that such interest is required to be included in calculating the adjusted current earnings adjustment applicable to corporations for purposes of computing the alternative minimum taxable income of corporations. The opinions expressed in this paragraph assume continuous compliance with the covenants and continued accuracy of the representations contained in the City's certified proceedings and in certain other documents and certain other certifications furnished to us.

5. Under laws of the State in effect as of the date hereof, the Bonds, their transfer, and the income therefrom are free and exempt from taxation by the State or any subdivision thereof, except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to Chapter 375B of NRS.

The opinions expressed in this opinion letter are subject to the following:

The obligations of the City pursuant to the Bonds and the Bond Ordinance are subject to the application of equitable principles, to the reasonable exercise in the future by the State and its governmental bodies of the police power inherent in the sovereignty of the State and to the exercise by the United States of America of the powers delegated to it by the Federal Constitution, including without limitation, bankruptcy powers.

In this opinion letter rendered in our capacity as bond counsel, we are opining only upon those matters set forth herein, and we are not passing upon the adequacy, accuracy or completeness of the Official Statement relating to the Bonds or any other statements made in connection with any offer or sale of the Bonds or upon any state or federal tax consequences arising from the receipt or accrual of interest on or the ownership or disposition of the Bonds, except those specifically addressed herein.

This opinion letter is rendered as of the date hereof and we assume no obligation to revise or supplement this opinion letter to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Respectfully submitted,

APPENDIX E

ECONOMIC AND DEMOGRAPHIC INFORMATION

This portion of the Official Statement contains general information concerning historic economic and demographic conditions in and surrounding the City. It is intended only to provide prospective investors with general information regarding the City's community. The information was obtained from the sources indicated and is limited to the time periods indicated. The information is historic in nature; it is not possible to predict whether the trends shown will continue in the future. The City makes no representation as to the accuracy or completeness of data obtained from parties other than the City.

Population and Age Distribution

The table below shows the population growth of the City, the County, and the State since 1970. Between 2000 and 2010, the population of the City increased 36.1%, the population of the County increased 24.1%, and the population of the State increased 35.1%.

Population

		Percent		Percent		Percent
Year	City	Change	County	Change	State	Change
1970	24,187		121,068		488,738	
1980	40,780	68.6%	193,623	59.9%	800,493	63.8%
1990	53,367	30.9	254,667	31.5	1,201,833	50.1
2000	66,346	24.3	339,486	33.3	1,998,257	66.3
2010	90,264	36.1	421,407	24.1	2,700,551	35.1
2011	92,302	2.3	421,593	0.0	2,721,794	0.8
2012	90,214	(2.3)	427,704	1.4	2,750,217	1.0
2013	91,551	1.5	432,324	1.1	2,800,967	1.8
2014	92,396	0.9	436,797	1.0	2,843,301	1.5

Sources: United States Department of Commerce, Bureau of Census (1970-2010) and Nevada State Demographer (2011-2014 estimates as of July 1st of each year).

The following table sets forth a comparative age distribution profile for the City, the County, the State, and the United States as of January 1, 2016.

Age Distribution

Age	City	County	State	United States
0-17	24.2%	22.5%	23.3%	23.0%
18-24	8.9	9.4	9.0	9.8
25-34	14.4	14.2	13.8	13.4
35-44	12.9	12.3	13.5	12.6
45-54	13.2	13.1	13.4	13.3
55-64	11.9	13.2	12.3	12.8
65-74	9.0	9.7	9.1	8.8
75 and Older	5.5	5.6	5.6	6.3

Income

The following two tables reflect the Median Household Effective Buying Income ("EBI"), and also the percentage of households by EBI groups. EBI is defined as "money income" (defined below) less personal tax and nontax payments. "Money income" is defined as the aggregate of wages and salaries, net farm and nonfarm self-employment income, interest, dividends, net rental and royalty income, Social Security and railroad retirement income, other retirement and disability income, public assistance income, unemployment compensation, Veterans Administration payments, alimony and child support, military family allotments, net winnings from gambling, and other periodic income. Deductions are made for personal income taxes (federal, state and local), personal contributions to social insurance (Social Security and federal retirement payroll deductions), and taxes on owner-occupied nonbusiness real estate. The resulting figure is known as "disposable" or "after-tax" income.

Median Household Effective Buying Income Estimates⁽¹⁾

Year	City	County	State	United States
2013	\$40,532	\$38,995	\$40,617	\$41,358
2014	44,532	43,623	42,480	43,715
2015	44,685	43,766	44,110	45,448
2016	48,216	48,459	46,230	46,738

⁽¹⁾ The difference between consecutive years is not an estimate of change from one year to the next; separate combinations of data are used each year to identify the estimated mean of income from which the median is computed.

Gaming

The economy of the State is heavily dependent upon a tourist industry based on legalized casino gambling. Gaming has been legal in Nevada since 1931 and is controlled and regulated by the State. Control is vested in a five-member Gaming Commission and a three-member Gaming Control Board. All of the board and commission members are appointed by the Governor. These bodies investigate and approve all licenses, establish operating rules, and collect gaming taxes due the State.

The County's gross taxable 2015 gaming revenue represents 7.3% of the State's total 2015 gaming revenue. The following table presents a five-year record of gross taxable gaming revenues and total gaming taxes collected on a State-wide basis and in the County

Convention Activity

The convention business is also an important factor in the area's economy. The Reno-Sparks Convention & Visitors Authority ("RSCVA") operates the Convention Center, the National Bowling Stadium (which is owned by the City of Reno and managed by RSCVA pursuant to an operating agreement), the Wildcreek Golf Course, the Livestock Events Center and the Reno Events Center. RSCVA also owns the Pioneer Center for the Performing Arts and the Incline Village Visitors Center, which are managed solely by private non-profit corporations. The Convention Center currently has 460,000 square feet of enclosed exhibition space and meeting rooms (approximately 381,000 square feet of exhibit space and more than 75,000 square feet of meeting rooms) plus 55,000 square feet of multipurpose and pre-function space. The Reno-Sparks Livestock Events Center primarily hosts equestrianlivestock events. The main buildings include the 60,000 square-foot Main Arena, the Exhibit Hall and the Livestock Pavilion, facilities for livestock, an outdoor Rodeo Arena, a Cutting Arena, 660 animal stalls, several warm-up areas, and parking facilities. The Reno Events Center is a 118,000 square-foot building, including approximately 55,000 square feet of multipurpose space for concerts, sporting events, large dinners or small conventions and trade shows and approximately 5,000 square feet of flexible space for up to 10 meeting rooms/suites. In addition to the above, area hotels currently offer convention and meeting space.

⁽²⁾ The total of all sums received as winnings less only the total of all sums paid out as losses (before operating expenses).

⁽³⁾ Cash receipts of the State from all sources relating to gaming (General Fund and other revenues) including percentage license fees, quarterly flat license fees, annual license fees, casino entertainment taxes, annual slot machine taxes, penalties, advance fees, and miscellaneous collections. A portion of collections is deposited to the State funds other than the State's General Fund.

Transportation

The Reno/Sparks area is located at a transportation crossroads. Interstate 80, which runs east-west, and U.S. 395, running north-south, provide adequate routes for trucking and personal transportation. The Union Pacific Railroad operates major rail lines through the County and offers connections to other major rail networks, providing both freight and Amtrak passenger service. Intermodal yards and container freight facilities are located in Sparks. Over 65 motor freight companies serve the Reno/Sparks market and approximately 25 licensed common carriers with terminals are in the Reno/Sparks area.

The Reno-Tahoe International Airport (the "Airport") is a medium hub airport owned and operated by the Reno-Tahoe Airport Authority (the "Airport Authority"). The geographical area served by the Airport primarily encompasses the seven Nevada counties of Churchill, Douglas, Humboldt, Lyon, Pershing, Storey, and Washoe and the major cities of Reno, Sparks, and Carson City. The total air trade area for the Airport also includes the Lake Tahoe area and several communities in northeastern California. The Airport generates \$2 billion per year for the region according to an economic impact study released by the University of Nevada's College of Business in February 2012. In addition to the revenue, the study states that the Airport and the Reno-Stead Airport, a general aviation facility, generate 22,138 jobs in the State, making the airports a major economic driver for the region. Accordingly, the Airport Authority continues to plan and accommodate airport facility needs.

For calendar year 2015, the Airport served a total of 3.4 million passengers, an increase of 3.9% over 2014. For the first time since 2005, the Airport is reporting a year-over-year annual passenger growth. The rise in passenger traffic can be attributed to the new flights and the increased seat capacity on certain routes. In addition, the growing regional economy played a role to attract travelers to the region. In December 2015, the Airport was served by eight airlines providing 57 peak daily departures to 17 non-stop destinations. The Airport reported an overall 7.1% increase in air cargo pounds for the 2015 calendar year over 2014; air cargo volume totaled 138.3 million pounds. The growth in industrial development areas such as the Tahoe-Reno Industrial Center continues to help spur cargo growth and economic diversity in Northern Nevada.

⁽²⁾ Includes all show activity (conventions, trade shows, public consumer shows, concerts and meetings).

APPENDIX F

OFFICIAL NOTICE OF BOND SALE

\$18,800,000* CITY OF SPARKS, NEVADA GENERAL OBLIGATION (LIMITED TAX) MEDIUM-TERM FLOOD CONTROL BONDS SERIES 2016

PUBLIC NOTICE IS HEREBY GIVEN that the City Council of Sparks, Nevada (the "Council," the "City," and the "State," respectively), on

THURSDAY, February 18, 2016*

at the hour of 8:30 a.m.*, local time

in the office of the

DIRECTOR OF FINANCIAL SERVICES 431 PRATER WAY SPARKS, NEVADA

will cause to be received and publicly opened sealed bids and receive bids electronically via PARITY, a division of i-Deal LLC ("PARITY") (no bids will be received by mail) for the purchase of the bonds of the City, particularly described below. Bids must be received by the Director of Financial Services, or his designee, on or before 8:30 a.m.*, local time, on such day of sale, or at such other time, date or place as designated via PARITY before the date of sale.

BOND PROVISIONS

THE BONDS: The bonds are designated as the City of Sparks, Nevada, General Obligation (Limited Tax) Medium-Term Flood Control Bonds, Series 2016, in the aggregate principal amount of \$18,800,000* (the "Bonds"). The Bonds will be dated as of the date of delivery (the "Closing Date"), will be issued in fully registered form, and are initially to be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York, as securities depository for the Bonds ("DTC"). The Bonds will be issued by means of a book entry system with no physical distribution of bond certificates to the public (see "BOOK ENTRY/TRANSFER AND EXCHANGE" below). The Bonds will be registrable in book entry form in denominations of \$5,000 and integral multiples thereof.

^{*}Preliminary, subject to change

MATURITIES: The Bonds will mature on the dates and in the amounts designated in the maturity schedule set forth in the preliminary official statement dated February 9, 2016 (the "Preliminary Official Statement") relating to the Bonds (the "Maturity Schedule"), subject to adjustment as provided below in "ADJUSTMENT OF MATURITIES."

ADJUSTMENT OF MATURITIES: The aggregate principal amount and the principal amount of each maturity of the Bonds are subject to adjustment by the City after the determination of the best bid. Changes to be made will be communicated to the successful bidder at the time of award of the Bonds. Such changes will not reduce or increase the aggregate principal amount of the Bonds (or each maturity) by more than ten percent (10%). The price bid (i.e., par plus the premium bid or less the discount, if any) by a successful bidder may be changed as described below, but the interest rates specified by the successful bidder for all maturities will not change. A successful bidder may not withdraw its bid as a result of any changes made within these limits. The price bid will be changed so that the percentage net compensation to the successful bidder (i.e., the percentage resulting from dividing (i) the aggregate difference between the offering price of the Bonds to the public and the price to be paid to the City (excluding accrued interest), less any bond insurance premium, by (ii) the principal amount of the Bonds) does not increase or decrease from what it would have been if no adjustment was made to the principal amounts shown in the Maturity Schedule.

To facilitate any adjustment in the principal amounts and price bid, the successful bidder is required to indicate by email to marty@jnaconsultinggroup.com at JNA Consulting Group, LLC (the "Financial Advisor") on behalf of the City, no later than one-half hour after the bid opening, the amount of any original issue discount or premium on each maturity of the Bonds, the amount received from the sale of the Bonds to the public that will be retained by the successful bidder as its compensation, and in the case of a bid submitted with bond insurance, the cost of the insurance premium. A bidder who intends to insure the Bonds shall also state, in that email, whether the amount of the insurance premium will change as a result of changes in the principal amount of the Bonds or the amount of principal maturing in any year, and the method used to calculate any such change in the insurance premium.

OPTIONAL PRIOR REDEMPTION: The Bonds, or portions thereof (\$5,000 or any integral multiple), maturing on and after March 1, 2022, are subject to redemption prior to their respective maturities, at the option of the City, on and after March 1, 2021, in whole or in part at any time, from any maturities selected by the City and by lot within a maturity (giving proportionate weight to Bonds in denominations larger than \$5,000) at a price equal to the principal amount of each Bond, or portion thereof, so redeemed, plus accrued interest thereon to the redemption date.

MANDATORY SINKING FUND REDEMPTION: A bidder may request that one or more Bonds maturing on and after March 1, 2022, be included in one or more term Bonds ("Term Bonds"). Amounts included in a single Term Bond must consist of consecutive maturities of Bonds, must bear the same rate of interest and must include the entire principal amount between a serial maturity and mandatory sinking fund redemption. Any such Term Bond will be subject to mandatory sinking fund redemption in installments in the same amounts and on the same dates as the Bonds would have matured if they were not included in a Term Bond. Bonds redeemed pursuant to the mandatory sinking fund redemption provisions will be redeemed at a redemption price equal to the principal amount of the Bonds to be redeemed plus accrued interest to the redemption date in the manner and as otherwise provided in the Bond Ordinance (as defined below). Any election to designate Bonds as being included in a Term Bond must be made electronically or in the printed official bid forms (see "BID PROPOSALS" below).

<u>INTEREST RATES AND LIMITATIONS</u>: The following interest rate limitations are applicable to the Bonds:

- A. Interest on the Bonds will be payable on March 1 and September 1 of each year, commencing on September 1, 2016.
- B. The interest rate specified on any Bond and the True Interest Cost for the Bonds (see "BASIS OF AWARD" below) may not exceed by more than 3% the "Index of Twenty Bonds" most recently published in The Bond Buyer before the bids are received.
- C. Each interest rate specified must be stated in a multiple of 1/8th or 1/20th of 1% per annum.
- D. Each Bond as initially issued will bear interest from its date to its stated maturity date at the interest rate stated in the bid. A zero rate of interest may not be named.
- E. Only one interest rate can be stated on any maturity, i.e., all of the Bonds with the same maturity date must bear the same rate of interest.

It is permissible to bid different interest rates for the Bonds, but only as stated in the bid and subject to the above limitations. If any Bond is not paid upon presentation at maturity, it will draw interest at the same rate until principal is paid in full.

DISCOUNT OR PREMIUM PERMITTED: A bidder may offer to purchase the Bonds at a discount of not to exceed one percent (1%) of the principal amount of the Bonds as set forth in the Maturity Schedule or at a premium.

PAYMENT: The principal of and any prior redemption premiums due in connection with the Bonds shall be payable at the corporate trust office of or such other office as may be designated by U.S. Bank National Association, as Paying Agent for the Bonds, to the registered owner thereof (i.e., Cede & Co.) as shown on the registration records of U.S. Bank National Association, as Registrar, upon maturity thereof, or call therefor, and upon presentation and surrender of such Bond at such Paying Agent. Payment of interest on any Bond shall be made to the registered owner thereof (i.e., Cede & Co.) by check or draft mailed by the Paying Agent, on each interest payment date (or, if such date is not a business day, on the next succeeding business day), to the registered owner thereof at his or her address as it appears on the registration records of the Registrar for such Bonds as of the close of business on the 15th day of the calendar month preceding such interest payment date (other than a special interest payment date hereafter fixed for payment of defaulted interest) (the "Regular Record Date"). Alternative arrangements for the payment of interest may be made upon agreement between the Paying Agent and any registered owner. All such payments shall be made in lawful money of the United States of America without deduction for any service charges of the Paying Agent or Registrar.

BOND INSURANCE, RATING LETTERS: The Bonds may be insured at the bidder's option and expense. Regardless of whether any of the Bonds are insured, the City will pay the rating fees for Standard and Poor's Rating Services.

BOOK ENTRY/TRANSFER AND EXCHANGE: The Bonds will be issued in registered form and one bond certificate for each maturity will be issued to DTC, registered in the name of its nominee, Cede & Co., and immobilized in their custody. A book entry system will be employed,

evidencing ownership of the Bonds in principal amounts of \$5,000 or any integral multiple thereof, with transfers of ownership effected on the records of DTC and its participants pursuant to rules and procedures adopted by DTC and its participants. The successful bidder, as a condition to delivery of the Bonds, will be required to deposit the Bond certificates with DTC, registered in the name of Cede & Co. Principal of and interest on the Bonds will be payable by the Paying Agent by wire transfer to DTC or its nominee as registered owner of the Bonds. Transfer of principal and interest payments to participants of DTC will be the responsibility of DTC. Transfer of principal and interest payments to the beneficial owners by participants of DTC will be the responsibility of such participants and other nominees of beneficial owners. Neither the City nor the Paying Agent will be responsible or liable for payments by DTC to its participants or by DTC participants to beneficial owners or for maintaining, supervising or reviewing the records maintained by DTC, its participants or persons acting through such participants.

ENABLING ACTS: The City is operating pursuant to Chapter 470, Statutes of Nevada, 1975, as amended (the "Charter"). The Bonds are authorized to be issued pursuant to the Charter; pursuant to Nevada Revised Statutes ("NRS") 268.672 to 268.740, inclusive (the "City Bond Law"), as well as NRS 350.087 to 350.095, inclusive (the "Act"). The Council will elect to issue the Bonds in accordance with the provisions of Chapter 348 of NRS.

SECURITY AND PAYMENT: The Bonds, in the opinion of Sherman & Howard L.L.C. ("Bond Counsel"), will be direct general obligations of the City, and the full faith and credit of the City will be pledged for the payment of all principal, interest and any prior redemption premiums due thereon (the "Bond Requirements"), subject to State constitutional and statutory limitations on the aggregate amount of ad valorem taxes (see "CONSTITUTIONAL TAX LIMITATION," "STATUTORY TAX LIMITATION" and "ADDITIONAL STATUTORY TAX LIMITATIONS" below). The Bonds will be a debt of the City payable from all legally available funds of the City.

BOND ORDINANCE: The bond ordinance adopted by the Council on February 8, 2016, (the "Bond Ordinance"), set forth, among other matters, the form, terms and conditions of the Bonds, the manner and terms of their issuance, the manner of their execution, the method of their payment, the security therefor and other details concerning the Bonds and the City, including, without limitation, covenants and agreements in connection therewith. Copies of the Bond Ordinance are on file with the City Clerk and are available for public inspection at her office.

FEDERAL TAX EXEMPTION: In the opinion of Bond Counsel, assuming continuous compliance with certain covenants described below, interest on the Bonds is excluded from gross income under federal income tax laws pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date of delivery of the Bonds (the "Tax Code"), and interest on the Bonds is excluded from alternative minimum taxable income as defined in Section 55(b)(2) of the Tax Code except that such interest is required to be included in calculating the "adjusted current earnings" adjustment applicable to corporations for purposes of computing the alternative minimum taxable income of corporations as described in the Preliminary Official Statement.

STATE TAX EXEMPTION: In the opinion of Bond Counsel, under present laws of the State, the Bonds, their transfer and the income therefrom are free and exempt from taxation by the State or any subdivision thereof, except for the tax on estates imposed pursuant to Chapter 375A of NRS and the tax on generation-skipping transfers imposed pursuant to Chapter 375B of NRS.

CONSTITUTIONAL TAX LIMITATION: Section 2, Article 10, State Constitution,

provides:

"The total tax levy for all public purposes including levies for bonds, within the state, or any subdivision thereof, shall not exceed five cents on one dollar of assessed valuation."

STATUTORY TAX LIMITATION: NRS 361.453 provides:

"... the total ad valorem tax levy for all public purposes must not exceed \$3.64 on each \$100 of assessed valuation, or a lesser or greater amount fixed by the State Board of Examiners if the State Board of Examiners is directed by law to fix a lesser or greater amount for that fiscal year."

STATUTORY PRIORITY FOR BONDS: NRS 361.463 provides:

- "1. In any year in which the total taxes levied by all overlapping units within the boundaries of the State exceed the limitation imposed by NRS 361.453, and it becomes necessary for that reason to reduce the levies made by any of those units, the reduction so made must be in taxes levied by those units (including the State) for purposes other than the payment of bonded indebtedness, including interest thereon.
- 2. The taxes levied for the payment of bonded indebtedness and the interest thereon enjoy a priority over taxes levied by each such unit (including the State) for all other purposes where reduction is necessary to comply with the limitation imposed by NRS 361.453."

STATUTORY PROVISION FOR TAX LEVIES: NRS 350.592 provides in relevant

part:

- "1. There must be levied annually in due season a special tax on all property, both real and personal, subject to taxation within the boundaries of the municipality, fully sufficient together with the revenue which will result from application of the rate to the net proceeds of minerals, without regard to any statutory or charter tax limitations other than the limitation set forth in NRS 361.453, to pay the interest on the general obligation municipal securities and to pay and retire the securities as provided in the Local Government Securities Law and in any act supplemental hereto. The amount of money to be raised by the tax must be included in the annual estimate or budget for each county within the state for each year for which the tax is hereby required to be levied. The tax must be levied and collected in the same manner and at the same time as other taxes are levied and collected.
- 2. The proceeds thereof levied to pay interest on the securities must be kept by the treasurer in a special fund, separate and apart from all other funds, and the proceeds of the tax levied to pay the principal of the securities must be kept by the treasurer in a special fund, separate and apart from all other funds. The two special funds must be used for no other purpose than the payment of the interest on the securities and the principal thereof, respectively, when due;"

(Notwithstanding the reference in NRS 350.592, to a required levy "without regard to any statutory... tax limitations other than the limitation set forth in NRS 361.453," the maximum levy thereby permitted for the Bonds is probably subject to the provisions of NRS 354.59811, 354.59813, 354.59815, 354.5982 and 361.453 (see "STATUTORY TAX LIMITATION" above and "ADDITIONAL STATUTORY TAX LIMITATIONS" below)).

TIMES OF LEVIES: NRS 350.594 provides:

"Such tax shall be levied immediately after the issuance of any general obligation securities issued in accordance with the provisions of the Local Government Securities Law, and annually thereafter, at the times and in the manner provided by law, until all of the securities, and the interest thereon, have been fully discharged. Such tax may be first levied after the municipality has contracted to sell any securities but before their issuance."

USE OF GENERAL FUND: NRS 350.596 provides:

"Any sums coming due on any general obligation municipal securities at any time when there are not on hand from such tax levy or levies sufficient funds to pay the same shall be promptly paid when due from the general fund of the municipality, reimbursement to be made to such general fund in the sums thus advanced when the taxes herein provided for have been collected."

USE OF OTHER FUNDS: NRS 350.598 provides:

"Nothing contained in the Local Government Securities Law shall be so construed as to prevent the municipality from applying any funds (other than taxes) that may be available for that purpose to the payment of the interest on or the principal of any general obligation municipal securities as the same respectively mature, and regardless of whether the payment of the general obligation municipal securities is additionally secured by a pledge of revenues, and upon such payments, the levy or levies of taxes provided in the Local Government Securities Law may thereupon to that extent be diminished."

STATUTORY APPROPRIATIONS: NRS 350.602 provides:

"There is by the Local Government Securities Law, and there shall be by ordinance authorizing the issuance of any indebtedness contracted in accordance with the provisions of the Local Government Securities Law, specially appropriated the proceeds of such taxes to the payment of such principal and interest; and such appropriations shall not be repealed nor the taxes postponed or diminished (except as herein otherwise expressly provided) until the principal of and interest on the municipal securities evidencing such debt have been wholly paid."

NO PLEDGE OF PROPERTY: The payment of the Bonds will not be secured by an encumbrance, mortgage or other pledge of property of the City, and no property of the City is liable to be forfeited or taken in payment of the Bonds.

IMMUNITY OF INDIVIDUALS: NRS 350.606 provides:

"No recourse shall be had for the payment of the principal of, any interest on, and any prior redemption premiums due in connection with any bonds or other municipal securities or for any claim based thereon or otherwise upon the ordinance authorizing their issuance or other instrument appertaining thereto, against any individual member of the governing body or any officer or other agent of the municipality, past, present or future, either directly or indirectly through the governing body or the municipality, or otherwise, whether by virtue of any constitution, statute or rule of law, or by the enforcement of any penalty or otherwise, all such liability, if any, being by the acceptance of the securities and as a part of the consideration of their issuance specially waived and released."

ACTS IRREPEALABLE: NRS 350.610 provides:

"The faith of the State is hereby pledged that the Local Government Securities Law, any law supplemental or otherwise appertaining thereto, and any other act concerning the bonds or other municipal securities, taxes or the pledged revenues or any combination of such securities, such taxes and such revenues shall not be repealed nor amended or otherwise directly or indirectly modified in such a manner as to impair adversely any outstanding municipal securities, until all such securities have been discharged in full or provision for their payment and redemption has been fully made, including without limitation the known minimum yield from the investment or reinvestment of moneys pledged therefor in federal securities."

ADDITIONAL STATUTORY TAX LIMITATIONS: The following additional statutory tax limitations apply to the Bonds:

NRS 354.59811 provides:

"1. Except as otherwise provided in NRS 244.377, 278C.260, 354.59813 , 354.59815 , 354.59818 , 354.5982 , 354.5987, 354.705 , 354.723 , 450.425 , 450.760, 540A.265 and 543.600, for each fiscal year beginning on or after July 1, 1989, the maximum amount of money that a local government, except a school district, a district to provide a telephone number for emergencies or a redevelopment agency, may receive from taxes ad valorem, other than those attributable to the net proceeds of minerals or those levied for the payment of bonded indebtedness and interest thereon incurred as general long-term debt of the issuer, or for the payment of obligations issued to pay the cost of a water project pursuant to NRS 349.950, or for the payment of obligations under a capital lease executed before April 30, 1981, must be calculated as follows:

- (a) The rate must be set so that when applied to the current fiscal year's assessed valuation of all property which was on the preceding fiscal year's assessment roll, together with the assessed valuation of property on the central assessment roll which was allocated to the local government, but excluding any assessed valuation attributable to the net proceeds of minerals, assessed valuation attributable to a redevelopment area and assessed valuation of a fire protection district attributable to real property which is transferred from private ownership to public ownership for the purpose of conservation, it will produce 106 percent of the maximum revenue allowable from taxes ad valorem for the preceding fiscal year, except that the rate so determined must not be less than the rate allowed for the previous fiscal year, except for any decrease attributable to the imposition of a tax pursuant to NRS 354.59813 in the previous year.
- (b) This rate must then be applied to the total assessed valuation, excluding the assessed valuation attributable to the net proceeds of minerals and the assessed valuation of a fire protection district attributable to real property which is transferred from private ownership to public ownership for the purpose of conservation, but including new real property, possessory interests and mobile homes, for the current fiscal year to determine the allowed revenue from taxes ad valorem for the local government.
- 2. As used in this section, 'general long-term debt' does not include debt created for medium-term obligations pursuant to NRS 350.087 to 350.095, inclusive."

NRS 354.59813 provides:

- "1. In addition to the allowed revenue from taxes ad valorem determined pursuant to NRS 354.59811, if the estimate of the revenue available from the supplemental city-county relief tax to the county as determined by the Executive Director of the Department of Taxation pursuant to the provisions of subsection 10 of NRS 360.690 is less than the amount of money that would be generated by applying a tax rate of \$1.15 per \$100 of assessed valuation to the assessed valuation of the county, except any assessed valuation attributable to the net proceeds of minerals, the governing body of each local government may levy an additional tax ad valorem for operating purposes. The total tax levied by the governing body of a local government pursuant to this section must not exceed a rate calculated to produce revenue equal to the difference between the:
- (a) Amount of revenue from supplemental city-county relief tax estimated to be received by the county pursuant to subsection 10 of NRS 360.690; and
- (b) The tax that the county would have been estimated to receive if the estimate for the total revenue available from the tax was equal to the amount of money that would be generated by applying a tax rate of \$1.15 per \$100 of assessed valuation to the assessed valuation of the county, multiplied by the proportion determined for the local government pursuant to subparagraph (2) of paragraph (a) of subsection 4 of NRS 360.690, subparagraph (2) of paragraph (a) of

subsection 5 of NRS 360.690 or subparagraph (2) of paragraph (a) of subsection 6 of NRS 360.690, as appropriate.

- 2. Any additional taxes ad valorem levied as a result of the application of this section must not be included in the base from which the allowed revenue from taxes ad valorem for the next subsequent year is computed.
- 3. As used in this section, 'local government' has the meaning ascribed to it in NRS 360.640."

NRS 354.59815 provides, in relevant part:

- "1. In addition to the allowed revenue from taxes ad valorem determined pursuant to NRS 354.59811, the board of county commissioners may levy a tax ad valorem on all taxable property in the county at a rate not to exceed 5 cents per \$100 of the assessed valuation of the county.
 - 2. If a tax is levied pursuant to subsection 1 in:

* * *

- (b) county whose population is 100,000 or more but less than 700,000, the board of county commissioners shall direct the county treasurer to distribute quarterly, from the proceeds of the tax for:
 - (1) The fiscal year beginning on July 1,

(I) Eighty-eight percent of those proceeds among the county and the cities and towns within that county in the proportion that the supplemental city-county relief tax distribution factor of each of those local governments for the 1990-1991 Fiscal Year bears to the sum of the supplemental city-county relief tax distribution factors of all the local governments in the county for the 1990-1991 Fiscal Year; and

(II) Twelve percent of those proceeds to the State Treasurer for deposit in the State Highway Fund for administration pursuant to subsection 7 of NRS 408.235.

(2) The fiscal year beginning on July 1,

2009:

2011:

2008:

(I) Seventy-six percent of those proceeds to the State Treasurer for deposit in the State General Fund; and (II) Twenty-four percent of those proceeds to the State Treasurer for deposit in the State Highway Fund for administration pursuant to subsection 7 of NRS 408.235.

(3) The fiscal year beginning on July 1, 2010:

(I) Sixty-four percent of those proceeds to the State Treasurer for deposit in the State General Fund; and (II) Thirty-six percent of those proceeds to the State Treasurer for deposit in the State Highway Fund for administration pursuant to subsection 7 of NRS 408.235.

(4) The fiscal year beginning on July 1,

- (I) Fifty-two percent of those proceeds among the county and the cities and towns within that county in the proportion that the supplemental city-county relief tax distribution factor of each of those local governments for the 1990-1991 Fiscal Year bears to the sum of the supplemental city-county relief tax distribution factors of all the local governments in the county for the 1990-1991 Fiscal Year; and
- (II) Forty-eight percent of those proceeds to the State Treasurer for deposit in the State Highway Fund for administration pursuant to subsection 7 of NRS 408.235.
- (5) Each fiscal year beginning on or after July 1, 2012:
- (I) Forty percent of those proceeds among the county and the cities and towns within that county in the proportion that the supplemental city-county relief tax distribution factor of each of those local governments for the 1990-1991 Fiscal Year bears to the sum of the supplemental city-county relief tax distribution factors of all the local governments in the county for the 1990-1991 Fiscal Year; and
- (II) Sixty percent of those proceeds to the State Treasurer for deposit in the State Highway Fund for administration pursuant to subsection 7 of NRS 408.235.

* * *

3. The board of county commissioners shall not reduce the rate of any tax levied pursuant to the provisions of subsection 1 without the approval of the State Board of Finance and each of the local governments that receives a portion of the tax, except that, if a local government declines to receive its portion of the tax in a particular year the levy may be reduced by the amount that local government would have received."

NRS 354.5982 provides:

The local government may exceed the limit imposed by NRS 354.59811 upon the calculated receipts from taxes ad valorem only if its governing body proposes to its registered voters an additional property tax, and the proposal is approved by a majority of the voters voting on the question at a general election, a general city election or a special election called for that purpose. The question submitted to the voters must contain the rate of the proposed additional property tax stated in dollars and cents per \$100 assessed valuation, the purpose of the proposed additional property tax, the duration of the proposed additional property tax and an estimate established by the governing body of the increase in the amount of property taxes that an owner of a new home with a fair market value of \$100,000 will pay per year as a result of the passage of the question. The duration of the levy must not exceed 30 years. The governing body may discontinue the levy before it expires and may not thereafter reimpose it in whole or in part without following the procedure required for its original imposition.

- 2. A special election may be held:
- (a) At any time, including, without limitation, on the date of a primary city election or a primary state election, if the governing body of the local government determines, by a unanimous vote, that an emergency exists; or
- (b) On the first Tuesday after the first Monday in June of an odd-numbered year.
- 3. The determination made by the governing body pursuant to subsection 2 that an emergency exists is conclusive unless it is shown that the governing body acted with fraud or a gross abuse of discretion. An action to challenge the determination made by the governing body must be commenced within 15 days after the governing body's determination is final. As used in this subsection, 'emergency' means any unexpected occurrence or combination of occurrences which requires immediate action by the governing body of the local government to prevent or mitigate a substantial financial loss to the local government or to enable the governing body to provide an essential service to the residents of the local government.
- 4. To the allowed revenue from taxes ad valorem determined pursuant to NRS 354.59811 for a local government, the Executive Director of the Department of Taxation shall add any amount approved by the Legislature for the cost to that local government of any substantial program or expense required by legislative enactment."

TERMS OF SALE

BID PROPOSALS: Bids may be submitted on the official bid form in a sealed envelope or electronically via PARITY as provided below. If an official bid form is used, such form must be completely filled out without any change. Any written bid in a form other than the official bid form may be disregarded. Any bidder is required to submit an unconditional bid for all of the Bonds specifying:

1. The lowest rate or rates of interest on the Bonds and any premium or discount at which the bidder will purchase the Bonds.

It is also requested for informational purposes only, but is not required, that each bid disclose:

2. The true interest cost (i.e, actuarial yield) on the Bonds stated as a nominal annual percentage rate (See "BASIS OF AWARD" below).

Bids submitted on an official bid form must be enclosed in a sealed envelope marked on the outside:

"Proposal for Bonds"

and addressed to

Director of Financial Services City of Sparks **ELECTRONIC BIDDING**: Unless submitted by official printed bid form as set forth above, bids must be submitted electronically for the purchase of the Bonds by means of PARITY by 8:30 a.m.*, local time, on February 18, 2016. Once the bids are communicated electronically via PARITY, each bid will constitute an irrevocable offer to purchase the Bonds on the terms therein provided. By utilizing PARITY, a prospective electronic bidder represents and warrants to the City that such bidder's bid for the purchase of the Bonds is submitted for and on behalf of such prospective bidder by an officer or agent who is duly authorized to bind the prospective bidder to a legal, valid and enforceable contract for the purchase of the Bonds.

Each prospective electronic bidder shall be solely responsible to register to bid via PARITY. Each qualified prospective electronic bidder shall be solely responsible to make necessary arrangements to access PARITY for purposes of submitting its bid in a timely manner and in compliance with the requirements of this Official Notice of Bond Sale. Neither the City nor the Financial Advisor shall have any duty or be obligated to provide or assure such access to any qualified prospective bidder, and neither the City nor the Financial Advisor shall be responsible for proper operation of, or have any liability for any delays or interruptions of, or any damages caused by PARITY. The City is using PARITY as a communication mechanism, and not as the City's agent, to conduct the electronic bidding for the Bonds.

Each electronic bidder is required to transmit electronically via PARITY an unconditional bid specifying the lowest rate or rates of interest and the premium at which the bidder will purchase the Bonds. Each bid must be for all the Bonds herein offered for sale. If any provision in this Official Notice of Bond Sale conflicts with information or terms provided or represented by PARITY, the Official Notice of Bond Sale, including any amendments issued by public wire, shall control.

For informational purposes only, the electronic bid will show the effective interest rate for the Bonds represented on a TIC basis, as described under "BASIS OF AWARD" below, represented by the rate or rates of interest and the bid price specified in the bid. No bid will be received after the time for receiving such bids specified above.

GOOD FAITH DEPOSIT: Except as otherwise provided below, a good faith deposit (the "Deposit") in the form of a certified or cashier's check drawn on a solvent commercial bank or trust company in the United States of America, made payable to:

Sparks, Nevada

in the amount of

\$150,000

must accompany each bid. If the apparent winning bidder on the Bonds is determined to be a bidder who has not submitted a Deposit in the form of a check, as provided above, the Financial Advisor will request the apparent winning bidder to immediately wire the Deposit to the City and provide the Federal wire reference number of such Deposit within 90 minutes of such request by the Financial Advisor. The Bonds will not be officially awarded to a bidder who has not submitted a Deposit in the form of a check, as provided above, until such time as the bidder has provided a Federal wire reference number for the Deposit to the Financial Advisor.

^{*}Preliminary, subject to change

No interest on the Deposit will accrue to any bidder. The Deposit of the winning bidder for the Bonds will be applied to the purchase price of the Bonds. In the event the winning bidder fails to honor its accepted bid, the Deposit, plus any interest accrued on the Deposit, will be retained by the City. Any investment income earned on the Deposit will not be credited to the successful bidder on the purchase price of the Bonds but will be paid to the successful bidder in the event the City is unable to deliver the Bonds as provided under "MANNER AND TIME OF DELIVERY" below. Deposits accompanying bids other than the bid which is accepted will be returned promptly upon the determination of the best bidder.

<u>CUSIP NUMBERS</u>: It is anticipated that CUSIP identification numbers will be printed on the Bonds, but neither the failure to print such number on any Bond nor any error with respect thereto shall constitute cause for a failure or refusal by the purchaser to accept delivery of and pay for the Bonds in accordance with the terms of the purchase contract. All expenses relating to printing the CUSIP numbers on the Bonds and the CUSIP Service Bureau charge for the assignment of the numbers will be the responsibility of and must be paid by the purchaser.

<u>METHOD OF EXERCISING BIDDER'S OPTIONS</u>: Any option granted a bidder may be exercised only as expressly provided herein.

SALES RESERVATIONS: The City reserves the privilege of waiving any irregularity or informality in any bid, of rejecting any and all bids and of reoffering the Bonds for public or private sale, as provided by law.

In addition, the City reserves the privilege of changing the date and/or time of sale of the Bonds. Any change in the date and/or time of sale of the Bonds will be communicated via Munifacts wire service before the time of the sale.

BASIS OF AWARD: The Bonds, subject to such sale reservations, will be sold by the City to the responsible bidder making the best bid for all of the Bonds. The best bid will be determined by computing the True interest cost on the Bonds (i.e. using an actuarial or TIC method) for each bid received and an award will be made (if any is made) to the responsible bidder submitting the bid which results in the lowest true interest cost on the Bonds. "True interest cost" on the Bonds as used herein means that yield which if used to compute the present worth as of the date of the Bonds of all payments of principal and interest to be made on the Bonds, from their date to their respective maturity dates (or mandatory sinking fund redemption dates), using the interest rates specified in the bids and principal amounts specified in the Maturity Schedule, produces an amount equal to the principal amount of the Bonds, plus any premium or less any discount, as the case may be. Such calculation and the determination of the best bid will be based on the principal amounts submitted by the bidder, notwithstanding any change in maturities as described under "ADJUSTMENT OF MATURITIES" above. Such calculation shall be based on a 360 day year and a semiannual compounding interval. If there are two or more equal bids and such equal bids are the best bids received, the City's Director of Financial Services will determine which bid will be accepted.

REOFFERING PRICES: Within one-half hour of the bid opening, the successful bidder (or manager of the purchasing account) shall notify by email to the City's Financial Advisor marty@jnaconsultinggroup.com of the initial offering prices of the Bonds to the public (excluding bond houses, brokers or similar persons acting in the capacity of underwriters or wholesalers) at which prices a substantial amount of each maturity of the Bonds were sold. **The information about the initial offering prices shall be based on the successful bidder's expectations as of the date of sale.** The email notification must be confirmed in writing in the form and substance satisfactory to Bond Counsel prior to the delivery of the Bonds, which shall be in substantially the following form: "A bona fide public offering

was made for all of the Bonds on this sale date at the initial public offering prices (or yields) shown on the cover page of the Official Statement. As of such sale date (i) based upon our assessment of market conditions, investor demand, sale and offering prices for comparable bonds, and the recent behavior of interest rates, we reasonably expected that the first prices (or yields) at which at least 10% of each maturity of the Bonds would be sold to the public (excluding such bond houses, brokers or similar persons or organizations acting in the capacity of underwriters or wholesalers) would be those prices (or yields) and that none of the Bonds would be sold to the public at prices higher than or at yields less than those prices (or yields), and (ii) such initial offering prices (or yields) represented a fair market value for the Bonds."

PLACE AND TIME OF AWARD: The City's Director of Financial Services, or his designee, will open bids on behalf of the City at the time and place stated. The Director of Financial Services will take action awarding the Bonds or rejecting all bids not later than 36 hours after the time stated for opening bids. A bidder may not withdraw its bid during such 36-hour period. An award may be made after the stated period if the bidder shall not have given to the Director of Financial Services notice in writing of the withdrawal of its bid.

MANNER AND TIME OF DELIVERY: The Deposit will be credited to the purchaser at the time of delivery of the Bonds (without accruing interest). If the successful bidder for the Bonds fails, neglects or refuses to complete the purchase of such Bonds on the date on which such Bonds are made ready and are tendered by the City for delivery, the amount of its Deposit will be forfeited (as liquidated damages for noncompliance with the bid) to the City. In that event, the City may reoffer such Bonds for sale, as provided by law. The purchaser of the Bonds will not be required to accept delivery of any of such Bonds if they are not made ready and are not tendered by the City for delivery within 60 days from the date for opening bids; and if such Bonds are not so tendered as a result of the inability of the City to tender the Bonds within such period of time, the Deposit (with the interest earned by the City thereon) will be returned to the purchaser upon request. The Bonds, registered in the name of Cede & Co., will be made available for delivery by the City to the purchaser of the Bonds as soon as reasonably possible after the date of the sale. The City contemplates delivering the Bonds on or about March 3, 2016. The purchaser of the Bonds will be given 72 hours' notice of the time fixed by the City for tendering the Bonds for delivery.

PAYMENT AT AND PLACE OF DELIVERY: The successful bidder will be required to accept delivery of the Bonds at DTC or at the Paying Agent on behalf of DTC, pursuant to the FAST System. Payment of the balance of the purchase price due for the Bonds at the time of their delivery must be made in Federal Reserve Bank funds or other funds acceptable to the City for immediate and unconditional credit to the account of the City, at a bank designated by the Director of Financial Services, so that such Bond proceeds may be deposited or invested, as the City may determine, simultaneously with the delivery of such Bonds. The balance of the purchase price of the Bonds must be paid in such funds and not by any waiver of interest, and not by any other concession as a substitution for such funds.

OFFICIAL STATEMENT: The City has prepared the Preliminary Official Statement which is deemed by the City to be final as of its date for purposes of allowing bidders to comply with Rule 15c2-12(b)(1) of the Securities Exchange Commission (the "Rule"), except for the omission of certain information as permitted by the Rule. The Preliminary Official Statement is subject to revision, amendment and completion in a "Final Official Statement."

The City will prepare a Final Official Statement, dated as of the date of its delivery to the winning bidder as soon as practicable after the date of award to the winning bidder. The City will electronically provide to the winning bidder of the Bonds copies of the Final Official Statement on or

before seven business days following the date of the award to the winning bidder. The winning bidder may obtain printed copies of the Final Official Statement at the expense of the winning bidder.

The City authorizes the winning bidder to distribute the Final Official Statement in connection with the offering of the Bonds.

For a period beginning on the date of the Final Official Statement and ending twenty-five days following the date a winning bidder shall no longer hold for sale any of the Bonds (which date shall be the Closing Date unless the purchaser notifies the City in writing otherwise), if any event concerning the affairs, properties or financial condition of the City shall occur as a result of which it is necessary to supplement the Final Official Statement in order to make the statements therein, in light of the circumstances existing at such time, not misleading, at the request of the winning bidder, the City shall forthwith notify the winning bidder of any such event of which it has knowledge and shall cooperate fully in the preparation and furnishing of any supplement to the Final Official Statement necessary, in the reasonable opinion of the City and the winning bidder so that the statements therein as so supplemented will not be misleading in light of the circumstances existing at such time.

INFORMATION: This Official Notice of Bond Sale, a Preliminary Official Statement and other information concerning the City and the Bonds may be obtained prior to the sale from:

The City's Financial Advisor:

JNA Consulting Group, LLC 410 Nevada Way, Suite 200 Boulder City, Nevada 89005 (702) 294-5100

marty@jnaconsultinggroup.com

or

The City's Director of Financial Services:

Jeff Cronk 431 Prater Way Sparks, Nevada 89431 (775) 353-2301

LEGAL OPINION, BONDS AND TRANSCRIPT: The validity and enforceability of the Bonds will be approved by:

Sherman & Howard L.L.C. 50 W. Liberty Street, Suite 1000 Reno, Nevada 89501 (775) 323-1980

whose final, approving opinion, together with the printed Bonds, a certified transcript of the legal proceedings, including a certificate stating that there is no litigation pending affecting the validity of the Bonds as of the Closing Date, and other closing documents, will be furnished to the purchaser of the Bonds without charge by the City. The form of the approving opinion will be substantially in the form set forth in Appendix E to the Preliminary Official Statement.

CONTINUING DISCLOSURE UNDERTAKING: Pursuant to the Rule, the City will undertake in a continuing disclosure certificate which is authorized in the Bond Ordinance to provide certain ongoing disclosure, including annual operating data and financial information, audited financial statements and notices of the occurrences of certain material events. A copy of the continuing disclosure certificate is included as Appendix D to the Preliminary Official Statement.

<u>DISCLOSURE CERTIFICATES</u>: The final certificates included in the transcript of legal proceedings will include:

- A certificate, dated as of the Closing Date and signed by the Mayor of the City, the Director of Financial Services of the City, the City Clerk and the City Attorney or a deputy thereof, in which each of them states, after reasonable investigation, that to the best of his or her knowledge (a) no action, suit, proceeding, inquiry, or investigation, at law or in equity, before or by any court, public board, or body, is pending, or, to the best of the knowledge of each of them, threatened, in any way contesting the completeness or accuracy of the Final Official Statement, (b) the Final Official Statement as it pertains to the City and the Bonds does not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements made therein, in the light of the circumstances under which they were made, not misleading; and (c) no event affecting the City has occurred since the date of the Final Official Statement which should be disclosed therein for the purpose for which it is to be used or which it is necessary to disclose therein in order to make the statements and information therein not misleading in any respect; provided, however that the City does not make any representation concerning the pricing information contained in the Final Official Statement.
- 2. A certificate, dated as of the Closing Date and signed by the Director of Financial Services of the City, stating after reasonable investigation that, to the best of his knowledge, as of the date of the Final Official Statement and on the date of such certificate, the information contained in the Final Official Statement relating to revenues and expenditures of the City is true and correct and does not contain any untrue statement of a material fact or omit any information necessary to be included therein in order that the Final Official Statement be not misleading for the purposes for which it is to be used.

CONSENT TO JURISDICTION: A bid submitted by sealed bid or electronic bidding, if accepted by the Director of Financial Services on behalf of the City, forms a contract between the winning bidder and the City subject to the terms of this Official Notice of Bond Sale. By submitting a bid, the bidder consents to the exclusive jurisdiction of any court of the State of Nevada located in Washoe County or the United States District Court for the State of Nevada for the purpose of any suit, action or other proceeding arising as a result of the submittal of the bid, and the bidder irrevocably agrees that all claims in respect to any such suit, action or proceeding may be heard and determined by such court. The bidder further agrees that service of process in any such action commenced in such State or Federal court shall be effective on such bidder by deposit of the same as registered mail addressed to the bidder at the address set forth in the bid.

Dated February 9, 2016.

CITY OF SPARKS, NEVADA

/s/ Jeff Cronk

Director of Financial Services
