

A-Battery

Fall 2025, Vol. 1, No. 1

Howdy, Noblemen!

Check out what our cadets have been up to, and see what exciting things we have coming up!

A New Year Awaits

We are excited to be back on the Quad and begin FOW on August 13! Our Noblemen have been working all summer, preparing to welcome the fish class of 2029. Cadets have traveled abroad, completed summer PT, worked internships, continued coursework, held leadership meetings, and so much more. Though the Corps may be on an operational pause, we are doing all we can to remain Tough, Tops, Tenacious.

Alumni Mentorship Program

We deeply value the wisdom you have gained through your experience in the Corps of Cadets and A-Battery. Many current cadets have participated and continue to show interest in our Alumni Mentorship Program, but we need more mentors to pour into our current and future leaders! If you or a buddy you know are interested in mentoring our cadets, please [click this link](#) to get connected. We will pair you with a cadet that is eager to learn and grow from the advice you have to share. Thank you in advance for your participation.
