"Why We Baptize" Sermon Questions

1.The core idea behind "baptism" is to identify with something. Based on **Matthew 28:19**, **Romans 6:3-4**, and **Galatians 3:27**, what is a person identifying with during public baptism in water?

2.What passages from the Bible might you use to prove that water baptism is not required for our salvation from sin?

3.If you haven't yet been baptized as a believer, what has held you back?
