

GRACE BIBLE CHURCH CREEKSIDE | Spring 2023

CONNECT

Community Groups | Community Groups are a great way to make deep, long-term connections in a similar life stage. We wish that everyone could join a community group from day one! Unfortunately, groups take time to form and being on a waiting list is no way for you to start building community. We want to invite you to begin making connections immediately through serving and/or joining a small group Bible study. These are great ways to quickly develop wonderful friendships. Fill out the community group interest form online at grace-bible.org/groups.
