

# Testimonials

I am so thankful we chose to enroll our children in Kingdom Kids all four years. The love, intentional care and partnership we received helped to lay a positive foundation for many years to come. Our children were more than ready for Kindergarten, and I loved having that time with them during such formative years.

KK Former Parent

Among the staff, Kingdom Kids fosters an incredible atmosphere of encouragement, respect, and fun. I can always count on my coworkers for support during a difficult situation and for ideas on how to best tackle a challenging one. Through my time with Kingdom Kids, I have learned what it means to work in a Christ-centered environment that holds children's development, care, and safety as precious as the children are themselves. God is truly doing amazing things through Kingdom Kids!

# Testimonials

It means so much to have a teacher and school that encourage and spur {our child} on to love the Lord alongside mom and dad saying it! Thanks for all you do!

Emily Seith

I loooove the ministry of Kingdom Kids!!! Beyond thrilled my grandchildren get to be a part of such a special place!!(sure wish I still lived in town and could be a part!!)

# Testimonials

Kingdom Kids Weekday Preschool has been both a ministry to me personally and one that allows me to serve the children the Lord brings each year. It is a privilege and a joy to see children begin to apply the biblical truths they have been learning about at home and at school. It is wholeheartedly a partnership ministry in which the Lord has blessed our community.

Ann Loyd

Being able to work at Kingdom Kids was a gift from God that came at just the right time. To be surrounded with women who truly love the Lord, from management to subs, lead teachers, assistant teachers, and floaters in between, has been the biggest blessing to me. The priority of Kingdom Kids administration is to honor God and serve the families we are able to work with. This attitude bleeds out to bless staff as well. I'm so thankful for this Christ centered work environment and blessed to be part of little kiddo's lives!
