

For the week of September 26, 2021
Preacher: Paul Taylor

Remember Who You Are

Second week in the series: Return & Rebuild

Ezra 2

After hearing about how God stirred up people to return to Jerusalem from Persia, in this chapter we meet them. Along with over 100 names of people, we learn who they were, what had happened to them, and some of what they were hoping for with a new start. As the issue of their identity takes center stage, we are invited to ask questions of our own identity. What identity has God given us? How do we remember who we are?

Discussion Questions:

1. What trauma or challenge have you dealt with in your past?
2. How do you think about your identity? What part of you seems most central to who you are?
3. What aspects of your identity do you tend to focus on instead of God's promise in your life?
4. How can you contribute to cultivating the presence of God in our community?
