# The Stuff of Generosity

**Second week in the Advent series: Things of Earth**

During the Advent season, we are reflecting on God's purposes for the things of this earth. After considering the place we find ourselves, we move on to thinking about the stuff we surround ourselves with. What do we do with the plenty of stuff that we have? What does generous giving look like? What does it accomplish? How are we changed when we give away our stuff?

## **Discussion Questions:**

1. What is your mindset: one of scarcity or plenty?
2. Do you ever feel like you're enslaved to your stuff?
3. How do you view God? Taskmaster or loving father?
4. How have you been blessed by God?
5. How has giving helped grow your own sense of dependence on God?
