GENERAL NOTES FOR PAVING

1. All grading, pavement work and any other miscellaneous work shall be performed in accordance with The Illinois Department of Transportation "Standard Specifications for Road and Bridge Construction" (current edition) and the current City of Champaign New Street and Subdivision Ordinances. In case of conflict, the most stringent shall hold.

2. The Contractor is responsible to maintain the vertical grades and the horizontal alignment of all street pavement work, and all other site improvements.

3. Utility locations shown on plans are approximate and as supplied by respective utility companies. The Contractor shall contact J.U.L.I.E. System (800–892–0123) for precise field verification of underground lines prior to any excavation work.

4. Contractors are advised to visit the site prior to submitting bids in order to be familiar with all conditions pertaining to work being bid.
