a. 3-inch Spatial Resolution Multispectral True-Color (RGB) Composite Aerial Imagery

i. Contains Extra 4th Band which has no Physical Values

ii. Contour Lines

1. Updated:

a. Early 2021 (from LiDAR Sensor)

2. Interval:

a. 1-Foot

iii. Current Edge of Pavement & Parking Lot Transportation Data

1. Updated:

a. 2015

2. Consists of:

a. GIS Polygon: Impervious Features: Roadways & Parking Lots

iv. Current Hydrography features

1. Updated:

a. 2015

2. Consists of:

a. GIS Line: Streams/Rivers

b. Data Format:

i. GIS or CADD (Except Imagery)

1. Imagery files are GeoTIFF's

ii. Provided to customer on GIS-FTP Site, can be shipped upon request. *

c. Price: *

i. **\$100.00 per (5000 x 5000 ft) file**

ii. All County imagery files & base data: TIFF format: **\$47,800.00**

2) Cobb County Mosaic Image File

a. Updated:

i. Annually (Early part of every year)

b. Consists of:

i. 3-inch Spatial Resolution Multispectral True-Color (RGB) Composite Aerial Imagery

1. Contains Extra 4th Band which has no Physical Values

c. Data Format:

i. Single mosaic image format

ii. Provided to customer on a Flash drive or GIS-FTP Site

d. Price: *

i. **\$8,410.00 Countywide Mosaic***

3) Cobb County Digital Tax Assessor GIS Parcel Polygon Data (Updated Annually)

a. Updated:

i. Quarterly

b. Consists of:

i. GIS Polygon: Parcels

ii. GIS Polygon: Subdivisions

- c. Data Format:
 - i. GIS or CADD
 - ii. Provided to customer on GIS-FTP Site, can be shipped upon request. *
- d. Geography & Price: *
 - i. **\$54.00 per (5000 x 5000 ft) tile**
 - 1. District 1: **\$900.00**
 - 2. Districts 15 and 16: **\$5,000.00**
 - 3. District 17: **\$4,300.00**
 - 4. District 18: **\$1,700.00**
 - 5. District 19: **\$4,600.00**
 - 6. Districts 20 and 21: **\$5,500.00**
 - 7. All County: Cost: **\$22,000.00 (8.2 cents per parcel)**

4) Cobb County Tax Assessor Tabular Parcel Data

- a. Updated:
 - i. Quarterly
- b. Consists of:
 - i. County-wide Tabular ownership, appraisal, tax bill, etc. data for parcels
- c. Data format:
 - i. Spreadsheet
 - ii. Provided to customer on GIS-FTP Site, can be shipped upon request.
- d. Price: *
 - i. No-Cost if accessed on FTP Site

5) Cobb County DOT Road Centerline Data

- a. Updated:
 - i. Quarterly
- b. Consists of:
 - i. GIS Line Features: County-wide Street Centerline data with full attribute data (type, address range, speed limit, etc...)
- c. Data Format:
 - i. GIS or CADD
 - ii. Provided to customer on GIS-FTP Site, can be shipped upon request. *
- d. Price: *
 - i. \$500: County-wide Dataset

6) County CAR (Cobb Address Repository), Address Point Data

- a. Updated:
 - i. Quarterly
- b. Consists of:
 - i. County-wide Point feature, with active county addresses
- c. Data Format:
 - i. GIS or CADD
 - ii. Provided to customer on GIS-FTP Site, can be shipped upon request. *
- d. Price: *
 - i. \$500 County-wide Dataset

7) Cobb County Voting Precincts

- a. Updated:
 - i. As Needed
- b. Consists of:
 - i. GIS Polygon Features: Cobb County Voting Precincts

- c. Data Format:
 - i. GIS or CADD
 - ii. Provided to customer on GIS-FTP Site, can be shipped upon request. *
- d. Price: *
 - i. \$50: Countywide Dataset with Attributes

8) Urban Planimetric Features (original data creation 2014 & 2015, updated every 2 years)

- a. Updated:
 - i. Last updated in 2014/2015
- b. Consists of:
 - i. GIS polygon features: Airports, Athletic tracks, building footprints (with decks), sidewalks, walkways, parking lots, driveways, paved roads, paved trails, and pools.

- d. Price: *
 - i. \$30 per tile: Cobb County Tile Index (5000 x 5000 ft)
 - ii. \$1,000 County-wide dataset

***Price with Shipping:**

If you prefer, data can be shipped rather than sent through GIS-FTP Site through additional costs of shipping, handling, and CD/DVD.

Cobb County Data Distribution Policy:

Cobb County Digital Base Map Data, Tax Assessor GIS Parcel data, and all other for-purchase data sets noted above, will be licensed for a fee for each of the above geographies. The same pricing structure is used for all customers whether private companies or public organizations (ex: universities, counties, etc...).

For companies or organizations that have a contract or an agreement to do work for Cobb County then the county will provide that company or organization the GIS data files for the required project area, for no fee.

- Request for data must come from the county department, authorizing the company or organization agreement to complete work for Cobb County.
- The company or organization will be provided a limited use license for the data for the duration or the contract or agreement.
- A copy of the contract or agreement must be provided to the Cobb County GIS Office to receive the base map data.

The county provides its "Basic Data Set" at no charge. It is available for download from the Cobb County GIS webpage or by request.

All licensing fees collected for the Cobb County Digital Base Map and GIS Parcel data should be returned to the GIS program for use in maintaining, developing, distributing the GIS digital data and maintenance of the county Enterprise GIS system.

All GIS base map and GIS parcel data licensing, distribution, and fee collection will be administered by Information Services.

You are hereby notified that Cobb County GIS data and digital imagery are protected by United States copyright laws and international treaty provisions.

- A) You may not loan, rent, lease, sub-license or pledge Cobb County GIS data and digital imagery.*
- B) You may not sell, trade, or bargain any computer files containing any of the GIS data and digital imagery provided to you by Cobb County Government.*
- C) You may not reverse engineer, decompile, disassemble, or create derivative works without the express written permission of Cobb County Government.*
- D) You may not reproduce the GIS data and digital imagery for distribution outside your organization.*
