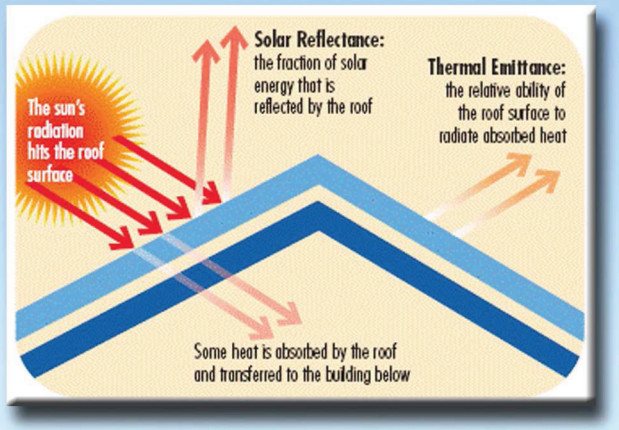
The Cobb County Safety Village utilizes "Cool Roof" technology.



LEADING THE WAY TO A SAFER FUTURE

Advantages of Energy Star Qualified Cool Roof Products:

- Saves Money and Energy- can reduce energy bills 12 to 15%
- Downsizes Cooling Equipment- Can reduce peak cooling demands by 10-15%
- Decreases Pollution in Urban Areas- Buildings require less burning of fossil fuels.
- Increases Roof Product Life- Energy Star Roofs maintain constant temperature reducing thermal shock.
