Carpooling

With the rising cost of gas and smog season upon us, now is great time to consider alternative transportation methods such as carpooling.

Looking for a carpooling partner who works for the county? You can post a request to find a carpool match and/or [view postings from other employees](#) who are looking for carpoolers.

Making contact and carpooling arrangements is entirely left up to the employees (the CobbWeb only provides the postings and cannot arrange for the matches). Please allow up to two days for postings to appear.

To remove a posting, please send an email to: cobbwebmaster. with ***Carpool Posting*** in the subject line. Note: posts will remain on the site until such email is received.
