

## **Green Building**

### **Measure 8 – Government Energy Star Partner**

**5 Points**

Become a local government EnergyStar® Partner

#### Discussion:

The Cobb County Board of Commissioners approved partnering in the US Environmental Protection Agency's EnergyStar® program as an EnergyStar Buildings Partner in 1997. The County formally signed the Memorandum of Understanding April 16, 1997. We have remained an active partner since.

In addition, the county has a staff member accepted as a Survey Ally in the EPA Green Lights Ally Program.

#### Documentation:

The following documentation is enclosed with this application:

- The Memorandum of Understanding signed in 1997 between the Cobb County Board of Commissioners and the Environmental Protection Agency designating Cobb County as an EnergyStar® Buildings Partner.
- A current printout from [www.energystar.com](http://www.energystar.com) confirming the on-going status of Cobb County as a Local Government Partner.
