Thank you for allowing us to visit the Superior Court of Cobb County. I learned many new things on Friday. Let me tell you a few. I learned that a court session can take a long time, maybe even a week! And if you drop out and if they find you then you go to prison. And trust me if I was in jail I would cry all day! My favorite job that I might be interested in would have to be a bailiff. I like speaking up, and also I just like to be a main attraction! Thank you for letting us come to the court house!

Thank you for taking your time to have a fun field trip. My favorite part was the holding cell because I'm not hoping to go to jail to see one or to live in there. I learned you should look at pictures and videos for evidence. That was my favorite field trip ever. I'm not lying. Now you figured out what I learned at the Cobb County Superior Court.

Thank you for allowing us to visit the Superior court of Cobb County. I learned many new and exciting things on Friday. Let me tell you about a few. I learned that a Jury group is made up of twelve Jurors and they do a lot of hard work. I also learned where defendants go if they are guilty. I had fun watching the mock trial and going into all the different rooms there are. I Loved being there.

Thankyou so much for allowing us to visit the courts. I never new what a defendant was but now I know! I also enjoyed the keeping cell. And thanks for the pencils, there so cool! But the best part was that I met you! I can't name a single friend that went in a court house. Plus you thought me that the a Jury decides if the defendant was guilty or not, I thought the Judge would. would do that. And I never new what a Jury even was! Thankyou for making this the best field trip ever!!!!

Dear Judge Bell,

You taught me lots of different things that were very helpful to me. When we started the Mock Trial it was really cool cause it felt as if I was in a real court listening to a real trial. During the Mock trial I also learned what everyone did and how everyone would act in a real trial. I also learned that prisoners were treated with respect instead of being ordered to do things and eat sloppy stuff. Thank you for teaching me about what everyone does. Now I want to be a prosecutor because of what I learned.

Thank you
