

FLEX provides transportation for passengers within **three zones** located in southwestern Cobb County. All three zones connect to CobbLinc Route 30 at the Transfer Point. From here, passengers can transfer to the Route 30 (*inbound or outbound*) to travel outside of the FLEX zones free of charge. All FLEX buses are equipped with wheelchair lifts.

Passengers have two ways to access FLEX bus service:

1. Passengers can board FLEX at the **Transfer Points** or at a **Collection Point** within each FLEX Zone. FLEX buses from all Zones service the **Transfer Points (Route 30 inbound and outbound stops)** at the top of each hour (i.e., 7:00 am) and each FLEX bus services one **Collection Point** within its designated zone at the bottom of the hour (i.e., 7:30 am). The service runs continuously from 7:00 am to 7:00 pm, Monday through Friday.
2. FLEX also operates curb-to-curb service with advanced reservations. Passengers can call a FLEX reservationist at **770-528-1053** to arrange for this service.

FLEX will drop you off at your requested location within the Zone or at one of the Transfer Points.
