

District 4 Construction Projects

January 19 - January 25, 2019

Paid for with SPLOST Funding

Click on project name for updated lane closure and traffic information.

Macedonia Road over Noses Creek

This project consists of a complete replacement of the bridge crossing over Noses Creek. This project is scheduled to be completed in May 2019.

Macedonia Road over Noses Creek - Road Closure

Macedonia Road is closed to through traffic between Barrett Parkway and Hopkins Road through Sunday, March 3, 2019, weather permitting.

Westside Drive

This project consists of constructing a roundabout at the intersection of Westside Drive and Sandtown Road, to include a new two-lane roadway with curb and gutter and sidewalk extending to South Cobb Drive. At the intersection of Westside Drive and South Cobb Drive, the Westside Drive approach will include dual left turn lanes and a right turn lane. The existing traffic signal at Beech Road and South Cobb Drive will be removed, and a new traffic signal will be installed at South Cobb Drive and Westside Drive. This project is scheduled to be completed late Summer 2019.

Westside Drive- Road Closure

Westside Drive is closed to through traffic between Sandtown Road and South Cobb Drive through Friday, March 1, 2019, weather permitting.

GDOT PROJECTS

GDOT Resurfacing I-75 & I-285

This GDOT project consists of resurfacing I-75 from the Chattahoochee River to just north of Allgood Road; I-285 eastbound from Cobb Parkway to just west of the Chattahoochee River Bridge; and all ramps and CD Lanes not included in the Northwest Corridor project. Expect lane closures from 9:00 p.m. to 5:00 a.m. This work is weather and temperature dependent.

www.cobbcommute.org

Cobb County has launched this easy-to-use web tool to help users navigate traffic. Available on both desktop and mobile devices, www.cobbcommute.org shows users color-coded traffic speeds on major

roads and highways and offers a look at LIVE traffic camera feeds around the county. Users have access to construction updates for major construction projects and can use filters to focus on a construction area of interest. The information comes directly from Cobb County's Department of Transportation's Transportation Management Center. Give it a try!

Cobb County

See a gnarly pothole? Backed up storm drain? Busted sidewalk? Since 2013, CCDOT's smart phone and web app, YourGOV, has enabled citizens to put their work order request in and track it along the way! Earlier this year, YourGOV received a more user-friendly mapping upgrade! NOTE: ALL users must register to login, including prior users. Simply use the same email connected to your old account to see your request history in the new system. To use YourGOV, go to www.cobbdot.org and click on WORK REQUEST.
