		39,329,202.91	36,471,725.23	2,857,477.68	7.83%

As of the month ended March 2019, General Fund revenues are \$2.1M more than March 2018. Other taxes had the largest positive variance of \$3.6M, this variance was caused by an increase in the insurance premium tax and an increase in title ad valorem tax collections. Property taxes revenue also had a positive variance of \$2.6M, which was the result of increased tax collections from public utilities and prior year property tax. In addition, there is a \$2.2M increase in licenses and permits, which is the result of increase in commercial permits and business licenses. Interest earnings also had a positive variance of \$1.4M because of the increased cash balance from the 2018 property tax collections and rising interest rates.

Despite the overall increase in revenue, there are a few revenue sources that are under performing. Transfers in had a negative variance of \$8.4M, but this is a timing issue. Through March of 2018 the Cumberland Special Service Districts I & II had transferred over \$8.0M to the General Fund to for annual debt service, which is paid in July. Those transfers will not take place until late spring of 2019.

The fines and forfeitures category consist of nine different revenue sources and five of the nine have a negative variance compared to March of 2018. The largest negative variance is school bus safety camera fines, which are down by \$396K.

Cobb County – Monthly Report March 2019

GENERAL FUND YTD EXPENDITURES						
Classification	March 2019	March 2018	Inc/(Dec)	% Change	FY19 % of Total	FY18 % of Total
Personnel services	141,814,194	136,886,362	4,927,831.60	3.60%	66.83%	69.45%
Operating exp	42,066,945	40,637,561	1,429,384.14	3.52%	19.82%	20.62%
Capital	5,316,875	2,426,486	2,890,388.58	119.12%	2.51%	1.23%
Debt service	11,434,094	11,282,841	151,252.70	1.34%	5.39%	5.72%
Transfers out	11,578,635	5,874,989	5,703,645.77	97.08%	5.46%	2.98%
Total	212,210,743	197,108,240	15,102,502.79	7.66%		

As of the month-ended March 29, 2019, General Fund expenditures were approximately \$15.0 million more than the same period last year. Nearly all expenditure classifications contributed to the increase with personnel services, capital, and transfers out being the largest contributors at \$4.9 million, \$2.8 million, and \$5.7 million, respectively.

Personnel services increased \$4.9 million when compared to the same period last year. Salaries, including part-time hourly and per day positions, were \$1.7 million higher than in March FY18. Much of the variance comes from part-time and over-time pay which were \$925,000 and \$625,000 over March FY18, respectively. Regular full-time salaries remain flat year over year.

Full-time salaries can be affected by the number of vacancies on the roster. The General Fund had 342 vacant positions on March 29, 2019 which represents a significant increase from January's monthly report. The increase reflects, in part, the 59 General Fund positions (30 Public Safety, 20 D.O.T, 5 Elections, and 4 Fleet) included in the FY19 adopted budget that were added to the roster in October 2018, but not reflected on the vacancy report. A vacancy report from the last payroll dated March 29, 2019 to August 29, 2017 can be found below:

	3/29/2019	1/18/2019	9/28/2018	7/22/2018	4/24/2018	3/27/2018	1/30/2018	8/29/2017
General Fund	342	277	278	297	280	283	274	254

Personnel services were also affected by a \$3.1 million increase in various benefit expenditure accounts with the largest increase coming from the County's pension contribution. The County's pension contribution is trending higher by \$2.1 million as the contribution rate stepped up from 20.14% to 22.58% in FY19 to reach the Annual Required Contribution. In addition, the cost of employee health benefits (medical interfund transfers) are up \$670,000 year to date compared to the previous fiscal year. The increases in both medical Interfund transfers and pension contributions in FY19 were expected and budgeted accordingly.

Capital expenditures increased \$2.8 million when compared to the March FY18. The variance comes mainly from the purchase of police vehicles. To date, the County has purchased nearly \$3.1 million in vehicles compared to \$1.2 million at the same time last year. The FY19 adopted budget included nearly \$8.6 million for replacement vehicles with \$5 million dedicated to the Police fleet. The increase was anticipated and budgeted accordingly. The FY18 current budget included \$3.4 for vehicles; therefore, this variance will continue throughout the year.

Cobb County – Monthly Report March 2019

Transfers out increased \$5.7 million when compared to March of 2018. The General Fund's FY19 budget for transfers out includes a multitude of transfers to several funds including, but not limited to the Capital Projects Fund, the Transit Fund, and the Grant Fund. To date, the Transit Fund subsidy accounts for most the variance with nearly \$9.6 million having already been transferred. This compares to approximately \$5.7 million at the same time last year. The variance may be a result of a timing difference of invoices or a lack of federal reimbursements tied to the recent federal government shutdown. The transit subsidy will continue to be monitored throughout the course of the year.

Operating expenditures increased \$1.4 million from the same period last year. The largest operating expenditure increase comes from annual maintenance and support contracts which increased \$1.0 million. The budget for annual maintenance and support contracts remains relatively flat year over year. In all likelihood, the variance relates to a timing difference in the payment of invoices. Annual maintenance and support contracts were nearly \$2.0 million over FY18 in the February Monthly Report which supports this assumption. Nevertheless, this object, along with all others, will continue to be monitored in future reports.

Fire District Fund Analysis

Through March 2019, the Fire District Fund's net loss was \$4.7M more than the previous year. The total revenues for this fund are in line with the previous year. All expenditure categories have increased over the previous year. The March analysis indicates the Fire District Fund is stable and will finish the year within budget assuming a property tax collection rate of 97% from March through November.

Debt Service Fund Analysis

The Debt Service Fund's 2019 operating results are very similar to the previous year's. The debt service expenditures decreased by \$2.1M from 2018 because the County paid off the previous park bonds. The County only has the 2017 Park Bonds outstanding, and their last payment will be in January 1, 2023. Based on the March 2019 analysis, the Debt Service Fund will have a fund balance at the end of fiscal year 2019 that will exceed the 2020 debt service requirements for the County's General Obligation Debt.

Transit Analysis

The Transit Fund's operating results through March of 2019 have generated a positive change in fund balance of \$3.5M. The variance is due to the timing of service operator invoices, General Fund subsidy, and grant revenue. The March analysis indicates the Transit Fund is stable and will finish the year within its budget.

Water Operations Fund Analysis

The Water Operations Fund's change in fund balance through March 2019 was \$6.3 higher than in 2018. The increase in charges for service of \$7.3M was due to the rate increase approved last fall. All of the expense categories except transfers out are all down from the previous year. The transfer out increased by \$1.0M from the previous year, of that increase \$550K was related to the purchase of the Powder Springs Water System.

Health Fund Analysis

Although the Health Fund's Total Revenues have increased by \$1.7M compared to March of 2018, the medical and dental claims increase by \$3.0M. The increase in other Financing Sources and Uses was caused an increase in the County's contribution for medical benefits. The County elected to absorb the increase on employee contributions, so we would expect to see a net loss of fiscal year 2019. This was done to bring the fund balance down slightly in the Health Fund, but the fund's activity will be closely monitored throughout the year.

Parking Deck Fund Analysis

The Parking Deck Fund has been placed on the watch list because in fiscal years 2013 and 2014 it had generated a negative change in fund balance and that decreased its fund balance to a concerning level. To help address the losses the Parking Deck Fund required General Fund subsidy. In March of 2018, the County began charging on evenings and Saturdays. The Board of Commission has approved a contract with LAZ Parking to manage the decks. LA will begin managing the decks in May. No General Fund subsidy has been sent in 2019 as the County is waiting to see how the operational changes impact the revenues.
