Our Highlights

Students Educated

55,723

K, 2nd , 4th grade

Car Seats

2601

Inspected by Safe Kids

Corporate Cobb

4,655

Residents trained

The Cobb County Safety Village has become an exemplary training facility for many safety professionals across the country, giving more than 80 tours and helping over 168 public safety educators to develop their own interactive injury prevention education campus. We hosted our second International Safety Village Conference in May 2018 with 19 participants from US and Canada.

38% less dog bites

for 18 and younger reported in 2018 vs. 2016 since our Bite Prevention program was implemented

More highlights...

- **518 smoke alarms** distributed
- **80+ events** hosted annually
- **538 scouts safety programs** provided
- **287 special needs students** educated

OUR Vision

Our vision is a sustainable Cobb County Safety Village that builds a safer community through advocacy and education.

Education is the key to reducing risk and protecting the community at the Cobb County Safety Village. Through cutting-edge design and replicas of familiar community attractions, the comprehensive training facility makes learning about injury prevention interactive and fun.

Sparky's Asthma-Friendly Apartment at Cobb County Safety Village

Cobb & Douglas Public Health (CDPH) helped sponsor Sparky's home with the requirement that it meet specific asthma-friendly standards. Asthma is the most common chronic disease impacting children. It is also a leading cause of missed school days.

To keep the asthma-friendly message alive and prominent, CDPH recently provided the Cobb County Safety Village Foundation, Inc. with a trophy to display in Sparky's home. Trophy to display in Sparky's home along with educational materials and recognition through state public health networks.

THANK YOU
