District 1 Construction Projects
August 29 – September 4, 2020

Paid for with SPLOST Funding

Click on project name for updated lane closure and traffic information.

**Acworth Due West Road at Jim Owens/Mars Hill Church Roads and Jim Owens Road (Lewis Elementary School) [image]**

This project consists of the construction of a roundabout at the intersection of Acworth Due West Road and Jim Owens Road/Mars Hill Church Road. Also included is the installation of sidewalks, as well as construction of a deceleration lane and driveway improvements at Lewis Elementary School.

Once intersection traffic is shifted to the new roundabout traffic configuration, Mars Hill Church Road at Acworth Due West Road will reopen and final project construction activities will continue. This project is scheduled to be complete in the spring of 2021.

**Cherokee Street Improvements [image]**

This project consists of safety and operational improvements between Jiles Road and I-75 including addition of a third travel lane on Cherokee Street in the eastbound direction, the addition of a right turn lane at the intersection of Shiloh Road, and access improvements within the project limits. This project is scheduled to be completed Summer 2021.

**Gordon Combs Road [image]**

This project is Substantially Complete. This project consisted of constructing a five-foot wide sidewalk with curb and gutter on the east side of Gordon Combs Road, from Burnt Hickory Road to Madison Grove Lane.

**Lost Mountain Road at Midway Road/Mirror Lake Drive [image]**

This project consists of the realignment of the intersection of Lost Mountain Road and Midway Road to create a four-way signalized intersection with Lost Mountain Road and Mirror Lake Drive. Additional turn lanes will be added to support the increase in turning movements. This project is scheduled to be completed December 2020.
**New Macland Road**

This project includes roadway safety and traffic operational improvements on New Macland Road, beginning at Arapaho Drive and ending at Macland Road. Improvements will include construction of turn lanes and sidewalks. Also included are drainage improvements, which consist of the replacement of two culverts. Project limits encompass McEachern High School frontage on New Macland Road. This project is scheduled to be complete Fall 2021.

**Old Hwy 41 Bridge over CSX Railroad**

This project consists of a complete bridge replacement of the existing bridge located on Old 41 Highway over the CSX Railroad, near the intersection of Bells Ferry Road. This project is scheduled to be completed in summer 2021.

**Westside Drive**

This project is substantially complete with the exception of the new traffic signal and related work on South Cobb Drive. CCDOT is coordinating with GDOT on revisions to the traffic signal as well as revisions to the entrance to Hellbender Harley-Davidson. Completion is on hold pending approval of re-design and issuance of encroachment permit by GDOT.

The project constructed a roundabout at the intersection of Westside Drive and Sandtown Road, to include a new two-lane roadway with curb and gutter and sidewalk extending to South Cobb Drive. At the intersection of Westside Drive and South Cobb Drive, the Westside Drive approach will include dual left turn lanes and a right turn lane. The existing traffic signal at Beech Road and South Cobb Drive will be removed, and a new traffic signal will be installed at South Cobb Drive and Westside Drive.

**Road Resurfacing**

**DAYTIME** Resurfacing Operations – are scheduled Monday through Friday, Weather Permitting. Expect lane closures between 9 a.m. and 4 p.m. with one lane remaining open at all times on the following road(s): **EXPECT DELAYS**

- Bullard Road from Lost Mountain Road to Villa Rica Road**

**The above scheduled work is subject to change due to weather or construction progress.**

**Upcoming Projects**

**Road Resurfacing Beginning September**

**NIGHTTIME** Resurfacing Operations are scheduled to begin early September. Expect lane closures between 7 p.m. and 5 a.m. with one lane remaining open at all times on the following road(s): **EXPECT DELAYS**

- Mars Hill Road from Dallas Highway to Burnt Hickory Road**

**The above scheduled work is subject to change due to weather or construction progress.**
**GDOT Projects**

**GDOT Bridge Repair Projects (I-75 Corridor)**

This GDOT project consists of cleaning and painting the steel superstructure on nine (9) bridges, and joint replacement and application of a two-part polymer bridge deck overlay of eight (8) of the bridges in Cobb County. The location of the bridges include Allgood Road over I-75, Canton Road over I-75, Delk Road over I-75, I-75 over Bells Ferry Road, I-75 over Banberry Road, I-75 over Dickson Road, I-75 over Noonday Creek, South Marietta Parkway over I-75, and Wade Green Road over I-75. This project will include shoulder closures on I-75 and lane closures from 9:00 pm to 5:00 am. All interstate ramps will remain open. This project is scheduled to be completed Summer 2021.

**GDOT Signal Upgrades**

This upcoming GDOT project consists of a complete signal upgrade with pedestrian accommodation for ten (10) intersections in Cobb County. This will bring these intersections up to ADA requirements and replace old signal parts in place. The District 1 locations are SR 120 at Home Depot/Villa Rica Way, SR 120 at John Ward Road, SR 3/US 41 at Mack Dobbs/Rutledge Road, and SR 120 at Midway Road.

**Macland Road Widening and Reconstruction**

This GDOT project will widen SR 360/Macland Road between SR 120/Charles Hardy Parkway and SR 176/Lost Mountain Road SW from the existing two lanes to four lanes with a center grassed median and add dedicated turn lanes at key intersections with 5-foot sidewalks on both sides of this east-west corridor. This work will require lane closures to ensure the safety of drivers and workers. Motorists can expect daytime and nighttime lane closures Monday through Friday between 9 a.m. and 4 p.m. and 9 p.m. and 5 a.m. In addition, contractors will work daytime and nighttime hours during the weekend. This project is scheduled to be completed November 2023.

**Mars Hill Intersection Improvements**

This GDOT project will extend EB and WB left turn lanes on SR 120 to Mars Hill Road. This project is scheduled to be completed November 2020.
Cobb County has launched this easy-to-use web tool to help users navigate traffic. Available on both desktop and mobile devices, www.cobbcommute.org shows users color-coded traffic speeds on major roads and highways and offers a look at LIVE traffic camera feeds around the county. Users have access to construction updates for major construction projects and can use filters to focus on a construction area of interest. The information comes directly from Cobb County's Department of Transportation's Transportation Management Center. Give it a try!

See a gnarly pothole? Backed up storm drain? Busted sidewalk? Since 2013, CCDOT's smart phone and web app, YourGOV, has enabled citizens to put their work order request in and track it along the way! Earlier this year, YourGOV received a more user-friendly mapping upgrade! NOTE: ALL users must register to login, including prior users. Simply use the same email connected to your old account to see your request history in the new system. To use YourGOV, go to www.cobbdot.org and click on WORK REQUEST.
District 2 Construction Projects
August 29 – September 4, 2020

Click on project name for updated lane closure and traffic information.

**Windy Hill Road/Terrell Mill Road Connector**

This project consists of construction of a new roadway between Windy Hill Road and Terrell Mill Road. The project will begin at the intersection of Windy Hill Road and Spectrum Circle, and continue north to the intersection of Terrell Mill Road and Bentley Road. This will be a new four-lane road with a raised center median, and will include sidewalk and a multi-use trail. This project is scheduled to be completed Fall 2022.

**Woodland Brook Drive**

This project consists of replacing the existing two-lane bridge on Woodland Brook Drive over Gilmore Creek with a double 10’x11’ reinforced concrete box culvert. This project is scheduled to be completed in September 2020.

**Road Resurfacing**

**NIGHTTIME** Resurfacing Operations are scheduled Sunday through Thursday, Weather Permitting. Expect lane closures between 7 p.m. and 5 a.m. with one lane remaining open at all times on the following road(s): **EXPECT DELAYS**

- Paces Mill Road from Paces Ferry Road to South Cobb Drive**

**The above scheduled work is subject to change due to weather or construction progress.**

**CITY OF SMYRNA PROJECTS**

**Windy Hill Road from South Cobb Drive to Atlanta Road**

This joint project with the City of Smyrna consists of the reconstruction of the existing 5-lane roadway between South Cobb Drive and Atlanta Road with a boulevard section consisting of 4 express lanes, frontage roads, bicycle lanes, and pedestrian paths. This project is scheduled to be completed in Summer 2023.
**GDOT PROJECTS**

**GDOT Bridge Repair Projects (I-75 Corridor)**

This GDOT project consists of cleaning and painting the steel superstructure on nine (9) bridges, and joint replacement and application of a two-part polymer bridge deck overlay of eight (8) of the bridges in Cobb County. The location of the bridges include Allgood Road over I-75, Canton Road over I-75, Delk Road over I-75, I-75 over Bells Ferry Road, I-75 over Banberry Road, I-75 over Dickson Road, I-75 over Noonday Creek, South Marietta Parkway over I-75, and Wade Green Road over I-75. This project will include shoulder closures on I-75 and lane closures from 9:00 pm to 5:00 am. All interstate ramps will remain open. This project is scheduled to be completed Summer 2021.

**GDOT I-285 Slab Repair from Fulton County to Paces Ferry Road**

This GDOT project consists rehabilitation of concrete pavement on I-285 between the Fulton County line and Paces Ferry Road. Expect lane closure from 10:00 p.m. to 5:00 a.m. This project is scheduled to be completed October 2020.

**SR 120 at Old Canton Road**

This GDOT project will extend the SR 120 Westbound left turn lane by 450 feet for a total of 775 feet left turn storage. This would be accomplished through removal of some of the existing raised grassed median and replacing it with a narrow concrete median. This project is scheduled to be completed October 2020.

**GDOT Signal Upgrades**

This upcoming GDOT project consists of a complete signal upgrade with pedestrian accommodation for ten (10) intersections in Cobb County. This will bring these intersections up to ADA requirements and replace old signal parts in place. The District 2 location is SR3/US 41 at Lake Drive.
Cobb County has launched this easy-to-use web tool to help users navigate traffic. District 3 Construction Projects
August 29 – September 4, 2020

Paid for with SPLOST Funding

Click on project name for updated lane closure and traffic information.

**Cherokee Street Improvements**

This project consists of safety and operational improvements between Jiles Road and I-75 including addition of a third travel lane on Cherokee Street in the eastbound direction, the addition of a right turn lane at the intersection of Shiloh Road, and access improvements within the project limits. This project is scheduled to be completed Summer 2021.

**Ebenezer Road Sidewalk**

This project consists of adding curb and gutter with a five-foot wide sidewalk on the east side of Ebenezer Road, from Hampton Oaks Bend to Maybreeze Road. In addition, curb and gutter with a five-foot wide sidewalk will also be installed on the south side of Maybreeze Road, between Ebenezer Road and Corye Lane, to close gaps and connect missing segments with existing sidewalk. This project is scheduled to be completed Summer 2021.

**McCollum Parkway at Ben King Road/Big Shanty Road**

The project consists of construction of a roundabout at the intersection of McCollum Parkway at Ben King Road, with the addition of turn lanes and road realignment of Lockhart Drive and McCollum Parkway. Also included is the installation of sidewalk along the north side of Big Shanty Road, from McCollum Parkway to Chastain Road, and the construction of a multi-use trail along the west side of McCollum Parkway, from Ben King Road to Olympic Lane. This project is scheduled to be completed in Fall 2021.

**Old Hwy 41 Bridge over CSX Railroad**

This project consists of a complete bridge replacement of the existing bridge located on Old 41 Highway over the CSX Railroad, near the intersection of Bells Ferry Road. This project is scheduled to be completed in summer 2021.
**Westside Drive**

This project is substantially complete with the exception of the new traffic signal and related work on South Cobb Drive. CCDOT is coordinating with GDOT on revisions to the traffic signal as well as revisions to the entrance to Hellbender Harley-Davidson. Completion is on hold pending approval of re-design and issuance of encroachment permit by GDOT.

The project constructed a roundabout at the intersection of Westside Drive and Sandtown Road, to include a new two-lane roadway with curb and gutter and sidewalk extending to South Cobb Drive. At the intersection of Westside Drive and South Cobb Drive, the Westside Drive approach will include dual left turn lanes and a right turn lane. The existing traffic signal at Beech Road and South Cobb Drive will be removed, and a new traffic signal will be installed at South Cobb Drive and Westside Drive.

**Road Resurfacing**

**NIGHTTIME** Resurfacing Operations are scheduled Sunday through Thursday, Weather Permitting. Expect lane closures between 7 p.m. and 5 a.m. with one lane remaining open at all times on the following road(s): **EXPECT DELAYS**

- **Piedmont Road** from Canton Road to Sandy Plains Road**

**The above scheduled work is subject to change due to weather or construction progress.**

**Upcoming Projects**

**Bells Ferry Road at Turner Road/Dickson Road**

The upcoming project consists of intersection improvements, to include the addition of turn lanes to allow for future signalization at the intersection of Bells Ferry Road and Turner Road/Dickson Road. This project is scheduled to begin September 2020.

**Hickory Grove Place Sidewalk**

This upcoming project consists of adding curb and gutter with a five-foot wide sidewalk along the south side of Hickory Grove Place, from Hickory Grove Road to Wade Green Road. This project is scheduled to begin October 2020.

**Kinjac Drive Sidewalk**

This upcoming project consists of adding curb and gutter with a five-foot wide sidewalk along the east side of Kinjac Drive, from Sandy Plains Road to Macby Drive. This project is scheduled to begin September 2020.
GDOT PROJECTS

Road Resurfacing

**NIGHTTIME** Resurfacing Operations – are scheduled **Sunday through Friday, Weather Permitting.** Expect lane closures between 7 p.m. and 6 a.m. with one lane remaining open at all times on the following road(s): **EXPECT DELAYS**

- SR120 – Whitlock Avenue to 41 North of Roswell Street
- SR120 – Whitlock Avenue to 41 South of Roswell Street
- SR 5 – I-75 to Kurtz Road**

**The above scheduled work is subject to change due to weather or construction progress.**

GDOT Bridge Repair Projects (I-75 Corridor)

This GDOT project consists of cleaning and painting the steel superstructure on nine (9) bridges, and joint replacement and application of a two-part polymer bridge deck overlay of eight (8) of the bridges in Cobb County. The location of the bridges include Allgood Road over I-75, Canton Road over I-75, Delk Road over I-75, I-75 over Bells Ferry Road, I-75 over Banberry Road, I-75 over Dickson Road, I-75 over Noonday Creek, South Marietta Parkway over I-75, and Wade Green Road over I-75. This project will include shoulder closures on I-75 and lane closures from 9:00 pm to 5:00 am. All interstate ramps will remain open. This project is scheduled to be completed Summer 2021.

GDOT I-75 SB & NB at SR 5 Connector (Barrett Parkway) Bridge Repair

This GDOT project consists of bridge repair on I-75 at SR 5 Connector (Barrett Parkway). Expect single lane closures on Barrett Parkway and I-75 from 9:00 p.m. to 5:00 a.m. with possible double lane closures on Barrett Parkway beginning at 11:00 p.m. This project is scheduled to be completed March 2020.

GDOT Signal Upgrades

This upcoming GDOT project consists of a complete signal upgrade with pedestrian accommodation for ten (10) intersections in Cobb County. This will bring these intersections up to ADA requirements and replace old signal parts in place. The District 3 locations are SR 5 Conn at I-75 NB Ramp and SR 5 Conn at I-75 SB Ramp.
Cobb County has launched this easy-to-use web tool to help users navigate traffic. Available on both desktop and mobile devices, www.cobbcommute.org shows users color-coded traffic speeds on major roads and highways and offers a look at LIVE traffic camera feeds around the county. District 4 Construction Projects
August 29 – September 4, 2020

Paid for with SPLOST Funding

**Click on project name for updated lane closure and traffic information.**

**I-20 EB Ramps at Riverside Parkway - ROAD CLOSURE**

South Service Road will be closed to through traffic beginning Monday, August 31 through Friday, September 4 between Wendy's Entrance and Roadway Inn Entrance.

This project includes construction of an additional right turn lane from I-20 eastbound off-ramp onto Riverside Parkway, and realignment of the South Service Drive intersection with Riverside Parkway from the existing location to 360 feet south, to tie into the existing Riverside EpiCenter driveway access point. Improvements within the project limits include installation of new traffic signals, raised medians, sidewalks, resurfacing and other pedestrian improvements. In addition, the project will provide directional way-finding signage both overhead and roadside along both I-20 eastbound and westbound lanes, the I-20 eastbound off-ramp, Riverside Parkway and South Service Drive to direct traffic to Six Flags Over Georgia. This project is scheduled to be completed Spring 2021.

**Janet Lane – ROAD CLOSURE**

Janet Lane will be closed to through traffic beginning Monday, August 24 through Friday, September 25 between Beth Drive and Mark Lee Drive.

This project includes replacement of a 48-inch storm drain crossing on Janet Lane, to include surrounding curb and gutter. Existing catch basins will also be replaced, along with construction of new headwalls and placement of new pavement. This project is scheduled to be complete September 2020.

**Factory Shoals Road at Mableton Parkway**

This project consists of school zone safety and operational improvements associated with the CCSD Harmony Leland and Clay Elementary Schools relocation project. This phase of the project consists of improvements at the intersection of Factory Shoals Road and Mableton Parkway, including the addition of a right turn lane onto Mableton Parkway. This project is scheduled to be completed Spring 2021.

**Factory Shoals Road at Riverside Parkway**

This intersection improvement project consists of the addition of a right turn lane from NB Factory Shoals Road onto EB Riverside Parkway. Also included is the installation of a new traffic signal and pedestrian improvements. This project is scheduled to be completed Spring 2021.
**Hicks Road at Concord Road**

This project includes intersection improvements on Hicks Road at Concord Road. Improvements will include turn lanes, sidewalks, drainage improvements, and a signal upgrade. This project is scheduled to be completed Summer 2021.

**New Macland Road**

This project includes roadway safety and traffic operational improvements on New Macland Road, beginning at Arapahoe Drive and ending at Macland Road. Improvements will include construction of turn lanes and sidewalks. Also included are drainage improvements, which consist of the replacement of two culverts. Project limits encompass McEachern High School frontage on New Macland Road. This project is scheduled to be complete Fall 2021.

**RiverView Road**

This project consists of safety and operational improvements along River View Road, from Veterans Memorial Highway to the Smyrna City Limit boundary line near Nichols Drive. The project will realign the intersection at River View Road with Veterans Memorial Highway. This project is scheduled to be complete Summer 2021.

**Road Resurfacing**

**DAYTIME** Resurfacing Operations – are scheduled Monday through Friday, Weather Permitting. Expect lane closures between 9 a.m. and 4 p.m. with one lane remaining open at all times on the following road(s): **EXPECT DELAYS**

*Hopkins Road* from Macland Road to Macedonia Road**

**The above scheduled work is subject to change due to weather or construction progress.**
CCWMA PROJECT

South Gordon Road – Road Closure

Cardell Road will be closed to through traffic between Old Alabama Road and South Gordon Road from Thursday, August 27 through Saturday, October 31.

Cobb County Marietta Water Authority (CCMWA) is conducting a project to replace approximately four miles of a 36-inch Water Main along Cardell Road and South Gordon Road between Mableton Parkway and Old Alabama Road. The construction will require lane and road closures at various times during construction.

Lane Shift – Factory Shoals Road near Wade Farm Drive  The two existing Northbound lanes have been merged to one lane going in the northbound direction. The two Southbound lanes have been merged into one lane heading in the southbound direction. The southbound travel lane has been shifted over one lane in order to allow travel around the construction zone. During construction, one lane of travel will be kept open for both northbound and southbound traffic. Vehicle access to Wade Farms Drive will be maintained during this work.

GDOT PROJECTS

GDOT I-285 Slab Repair from Fulton County to Paces Ferry Road

This GDOT project consists rehabilitation of concrete pavement on I-285 between the Fulton County line and Paces Ferry Road. Expect lane closure from 10:00 p.m. to 5:00 a.m. This project is scheduled to be completed Summer 2020.

GDOT Bridge Repair Projects (I-75 Corridor)

This GDOT project consists of cleaning and painting the steel superstructure on nine (9) bridges, and joint replacement and application of a two-part polymer bridge deck overlay of eight (8) of the bridges in Cobb County. The location of the bridges include Allgood Road over I-75, Canton Road over I-75, Delk Road over I-75, I-75 over Bells Ferry Road, I-75 over Banberry Road, I-75 over Dickson Road, I-75 over Noonday Creek, South Marietta Parkway over I-75, and Wade Green Road over I-75. This project will include shoulder closures on I-75 and lane closures from 9:00 pm to 5:00 am. All interstate ramps will remain open. This project is scheduled to be completed Summer 2021.

GDOT Signal Upgrades

This upcoming GDOT project consists of a complete signal upgrade with pedestrian accommodation for ten (10) intersections in Cobb County. This will bring these intersections up to ADA requirements and replace old signal parts in place. The District 4 locations are SR 5 at Anderson Mill Road, SR 5 at Seayes Road, SR 5 @ Amy Lane.
Macland Road Widening and Reconstruction

This GDOT project will widen SR 360/Macland Road between SR 120/Charles Hardy Parkway and SR 176/Lost Mountain Road SW from the existing two lanes to four lanes with a center grassed median and add dedicated turn lanes at key intersections with 5-foot sidewalks on both sides of this east-west corridor. This work will require lane closures to ensure the safety of drivers and workers. Motorists can expect daytime and nighttime lane closures Monday through Friday between 9 a.m. and 4 p.m. and 9 p.m. and 5 a.m. In addition, contractors will work daytime and nighttime hours during the weekend. This project is scheduled to be completed November 2023.

Veterans Memorial Highway at Lindley Middle School

This GDOT project will add a pedestrian hybrid beacon with island on Veterans Memorial Highway at Lindley Middle School. The project is scheduled to be completed April 2021.
