##### TIE-BREAKER

The following procedures will be used to determine the first-place finisher or to break ties for other places.

**TWO-WAY TIE:** If two teams are tied with identical records, the winner is the team that won the game when the two teams played. If the teams split their games, the team that allowed the fewest points during the entire season will be declared the winner. If the teams are still tied, the team scoring the most points during the season will be declared the winner. If a tie remains, the team that allowed the fewest points when they played each other will be declared the winner.

**THREE-WAY OR MORE TIE:** If three teams or more are tied, the winner will be determined by the team that allowed the fewest points, unless one team has defeated each of the other two during the season. If two of the teams still have the same total of points allowed, the winner will be the team that won the game played between the two teams during the season. If the teams split their games, the team that scored the most points during the season will win.
