Subject: Limiting Inspections on Construction Projects

Effective immediately, the Cobb County Fire Marshal's Office (FMO) will be limiting the number of scheduled inspections allocated per day for construction projects. The maximum number of FMO inspections that can be requested for any single project is 6 per day. Each sub-trade will further be limited to a maximum number of 2 inspections per day.

Additional inspections may be authorized on a case by case basis at the discretion of the supervising Captain. Expedited inspections can be requested in advance, and standard associated fees apply.
