**Step 3: Scroll down to “Permanent Process Servers. Click on the List link.**

## Permanent Process Servers

A process server must have an order from the court each time he or she is to serve papers. Beginning in 1998, Cobb County Superior Court judges elected to start a program enabling process servers to receive a standing order for a whole year instead of requiring a new order each time. To become a permanent process server in Cobb County a person must fill out an application and have it endorsed by a Cobb attorney. After a criminal background check is done, he or she may be awarded permanent status and be allowed to serve any papers dealing with a Superior Court case for one year.
