## *Volunteer Code of Conduct*

While serving as a Cobb County Water System Volunteer, I agree to represent Cobb County by observing a dress code appropriate for the event. I will refrain from self-promotion or political statements; and, will not use the title "Cobb County Volunteer" as part of my signature on letters or editorials. If I am asked questions by the public, I will provide information, rather than debate issues. Politically sensitive questions or questions about topics for which I have no training and/or knowledge will be referred to Cobb County staff. I will refrain from smoking and consuming alcoholic beverages at public outreach events, education events, and during volunteer service projects when representing the County. I will abide by all safety rules and guidelines at events and follow Cobb County staff directives.

I have read and understand the standards and I agree to comply with the Volunteer Code of Conduct.
