- Cobb County School District
 - March 19-20, 26-27
- **currently working on details*

CDC Update – Individuals fully vaccinated are excused from quarantine for up to 3 months

However, vaccinated persons with an exposure to someone with suspected or confirmed COVID-19 are not required to quarantine if they meet all of the following criteria:

- Are fully vaccinated (i.e., ≥ 2 weeks following receipt of the second dose in a 2-dose series, or ≥ 2 weeks following receipt of one dose of a single-dose vaccine)
- Are within 3 months following receipt of the last dose in the series
- Have remained asymptomatic since the current COVID-19 exposure

Persons who do not meet all 3 of the above criteria should continue to follow current quarantine guidance after exposure to someone with suspected or confirmed COVID-19.

<https://www.cdc.gov/vaccines/covid-19/info-by-product/clinical-considerations.html>

- Vaccinated persons should still watch for symptoms during quarantine
- Get tested if they develop symptoms
- Continue to follow all other prevention guidance-Wear Masks, Maintain 6 feet, Do not gather with groups of people, Wash hands frequently

Takeaways...

- Hope for more vaccines on the horizon in the next few months
- Prevention must be adhered to:
 - Wearing masks
 - Physical distancing
 - Washing hands
 - Limit gathering outside of households
