The new My Active Center website is an easy and convenient way for you to sign up online for the Cobb Senior Services activities you are interested in. This guide will walk you through the process of getting registered and signing up for your activities.

Before you register on My Active Center, you need the three things listed below. If you have never participated at a Cobb Senior Center, call a center to start the process (see previous page for the center contact information).

1 – A current email address. Please have your current email address ready, or create an email before attempting registration.

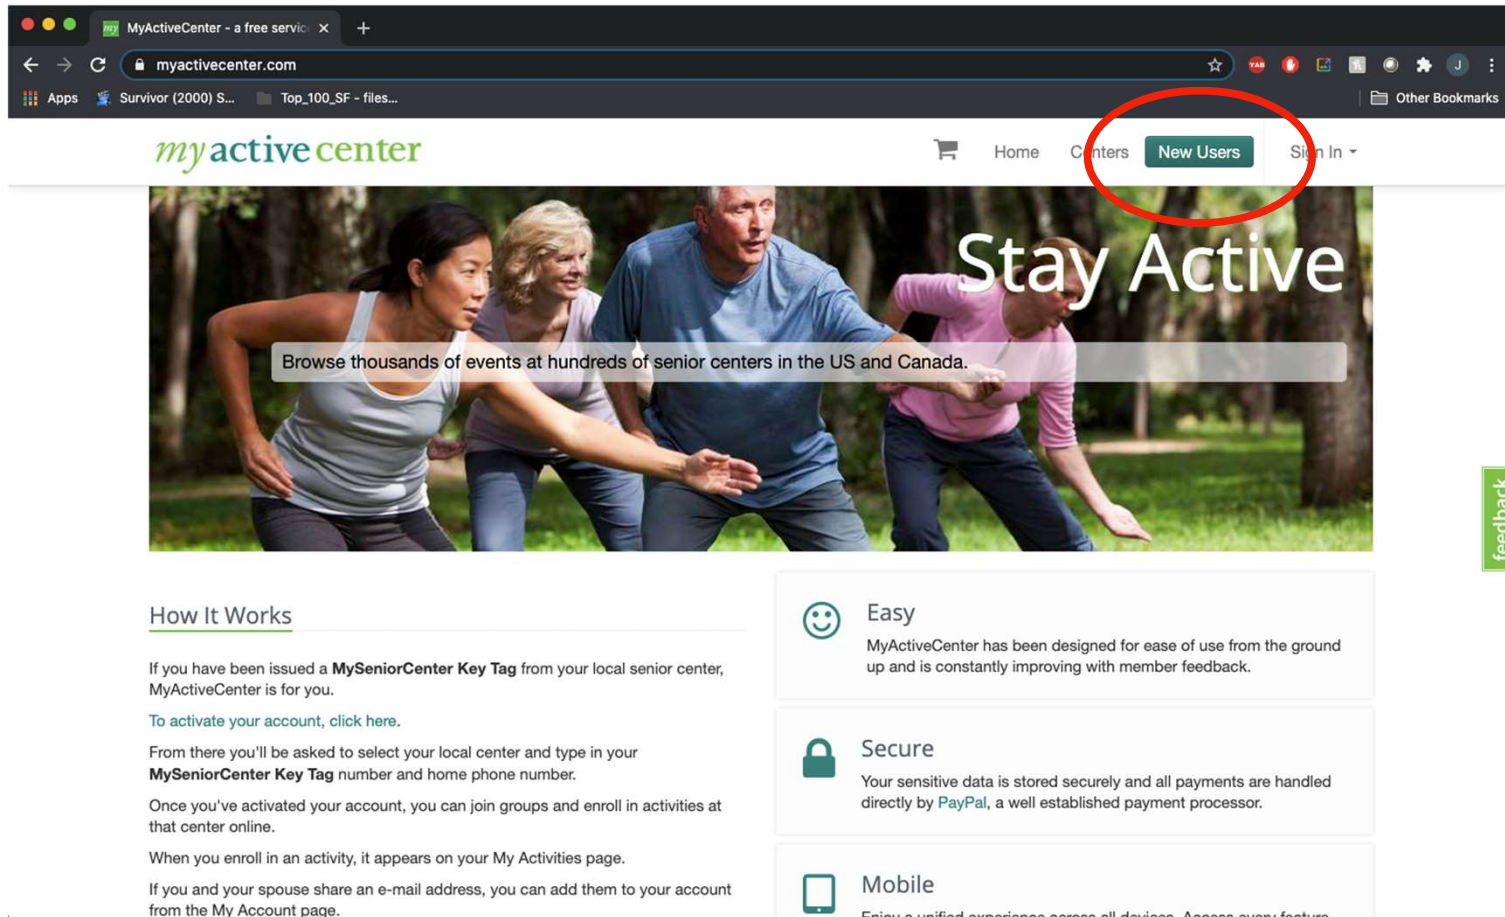

2—Your key tag number. This is a fourteen digit number on the back of your Cobb Senior Services Perks Card. If you have a Perks Card, you will need to first call a center so they can input your card number into our new system. If you don't have one, call a center to begin the process of creating an account.

3—The phone number that is on file with Cobb Senior Services. If you are unsure what number we have on file for you, confirm with a center.

Now that you have all of your information handy, the first step is to register in the system so that you can log on and use it anytime.

CREATING YOUR ONLINE ACCOUNT

1. Go to the website www.myactivecenter.com. Click the “New User” button at the top right side of the screen.

The screenshot shows a web browser window with the URL myactivecenter.com. The browser's address bar and tabs are visible at the top. The website's header features the 'myactivecenter' logo on the left and navigation links for 'Home', 'Centers', 'New Users', and 'Sign In' on the right. The 'New Users' button is highlighted with a red circle. Below the header is a large banner image of four people (three women and one man) in athletic wear, with the text 'Stay Active' overlaid. A semi-transparent text box over the banner reads: 'Browse thousands of events at hundreds of senior centers in the US and Canada.' To the right of the banner is a vertical green 'feedback' button. Below the banner, the page is divided into two columns. The left column is titled 'How It Works' and contains text explaining the account creation process: 'If you have been issued a **MySeniorCenter Key Tag** from your local senior center, MyActiveCenter is for you. To activate your account, click [here](#). From there you'll be asked to select your local center and type in your **MySeniorCenter Key Tag** number and home phone number. Once you've activated your account, you can join groups and enroll in activities at that center online. When you enroll in an activity, it appears on your My Activities page. If you and your spouse share an e-mail address, you can add them to your account from the My Account page.' The right column contains three feature highlights: 'Easy' (with a smiley face icon), 'Secure' (with a lock icon), and 'Mobile' (with a smartphone icon). Each highlight includes a brief description of the feature.
