# LED Movie Screen Rental

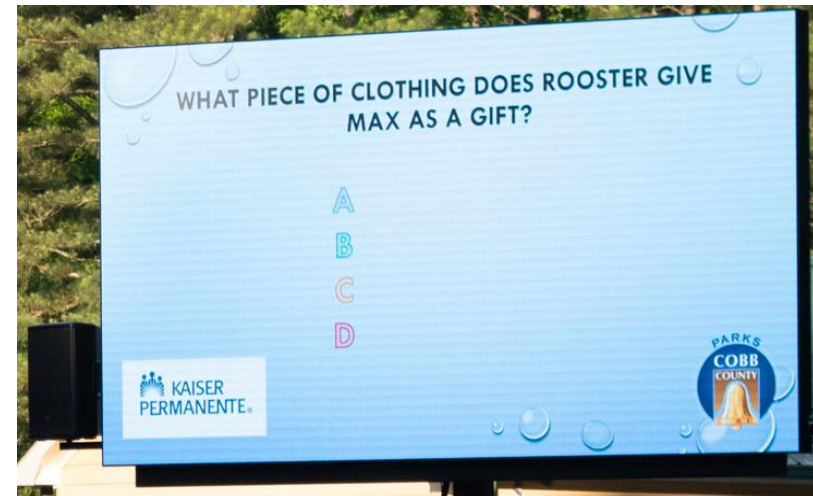

Cobb County PARKS has a mobile entertainment LED Screen available for community festivals, events and outdoor programs.

# ABOUT MAX 158

The MAX 158 is an excellent medium-sized option for mid to large scale events. With a screen size of 15 feet wide by 8 feet tall, it can be seen from up to 250 feet away.

**Compact design, fast setup,** and **easy 1-person operation** are popular options for events ranging from park movie nights all the way up to giant festivals.

## MAX 158 SPECS

**Pixel Pitch:** Pixel pitch is the distance, in millimeters, between two pixels. The lower the number, the higher the relative level of image detail (resolution).

**Resolution:** Resolution is the number of pixels contained on the display, written as WxH. The higher the number, the higher the image detail.

**Nits:** Nits measures a screen's brightness. The higher the number, the higher the brightness. A minimum of 5,000 nits is recommended for viewing under direct sunlight.
