Press Release

Information on Sewer Overflow

Cobb County, GA - May 21, 2021

Pursuant to the rules and Regulations for Water Quality Control, Chapter 391-3-6-05, the Georgia Environmental Protection Division now requires all publicly owned wastewater treatment works that discharge to the waters of the State to provide information on sewer overflows to local media contacts as part of ongoing, comprehensive public education and awareness efforts.

A wastewater overflow occurred on: May 20, 2021
Location of overflow: 248 ROBBIE LN., MARIETTA, GA 30060
This overflow resulted from: RAGS
Resulting in a wastewater discharge into: TRIBUTARY TO FAVOR CREEK
The volume of the overflow was estimated at: 210 Gallons
The Water System was notified at: May 20, 2021, 8:48 AM
The overflow was stopped at: May 20, 2021, 10:32 AM

Corrective action taken to reduce effects of the overflow include the following:

Used a pressure jetting machine to clear blockage from the main line. Washed the road with water and spread lime around the affected area.

Field Observation:

Upon arrival, crew observed clear liquids coming from manhole 208-X013C. The sewage left a 2' x 7' spill area around the manhole, which flowed into a storm drain and then into the waterway.

For more information on this notification, contact our System Maintenance Division Monday - Friday, 7:00 a.m. to 3:30 p.m. at 770-419-6351.
