Tier 1							As of 1st Wednesday of Current Month		February 2022	
Project	Project Number	District	SPLOST Description	Project Activity Status	Status	Phase	Project Budget*	Funds Expended to Date*	Estimated Completion	Annual M & O
Data Center Build and Technology Modernization	X0010	ALL	Provide a secure facility and reliable, modern technology infrastructure for all County data and systems. Ensure for continued growth of business applications and associated data. Provide redundancy/survivability for County systems in the event of a natural or manmade disaster.	<u>Construction and technology for new Data Center</u> 1. Data Center Build – The physical build phase of the Data Center Build is complete. The second phase of the project is the installation and configuration of the technology in preparation for live operations. The Network, Compute, Storage and Virtualization hardware and software has been installed and configured with the exception of the main storage device. That has been delayed due to global supply chain issues. The data center network is operational. Virtual servers are able to be spun up in the new data center. Configuration activities are underway so the data center network communicates with the county's wide area network. A proof of concept is being implemented to test the ability to move virtual server workloads from the old data center to the new data center. 2. Disaster Recovery - Future	Y		\$ 9,178,771.00	\$ 7,253,267.75	2022	
Business Technology Transformation	X0020	ALL	Expand online services for 24/7 access allows government to focus more attention on the aspects of customer service that are most challenging. Upgrade or replace legacy hardware and applications where needed most. Ensure technical currency and provide systems and solutions that allow employees to focus on mission-critical activities.	Business technology projects In-Progress: - Unified Court Case Management System - Community Development Business License System; Community Development Suite - GIS - ELM Trail Markers & Park People Counters - ESRI Indoors - System Upgrades for: Fleet & Fueling; Finance/HR - New Police HQ Building - technology installs, enterprise access control & video surveillance 8 business technology projects Completed	Y		\$ 23,358,000.00	\$ 10,742,602.47		
TOTAL							\$ 32,536,771.00	\$ 17,995,870.22		

Information Services & Property Management

Building Security, Emergency/Life Safety Upgrades	X0920	ALL	Modernize life safety systems in county facilities to ensure safety of employees and the public, and provide protection of physical assets. Update building access controls. Ensure compliance with codes and HB60.	<u>Projects managed and implemented by Information Services:</u> Completed: Enterprise Access Control and Video Surveillance system installed in multiple facilities throughout the county for various agencies, departments and elected offices. In progress: Police - Crimes Against Children <i>newly completed</i> - Probate Court Cameras, New Data Center Cameras, Gates for New Police HQ, Cumberland Superstation Gate, Building A Security Cameras <u>Security projects approved for the new data center:</u> Completed : roof renovations; install of emergency generator; installation of electrical power feed for redundancy increased load capability; installation of internal power equipment; exterior walls renovations	Y	C	\$ 11,860,101.00	\$ 4,052,242.83	Dec-2021	\$ 8,000
