**RECERTIFICATION REPORT**

- Director Eveler explained the reason for recertification. Eleven precincts were given 2 scanners due to their large number of voters. They all returned memory cards from both scanners, but on election night the second scanner card was not uploaded for seven of those precincts. A precinct-level report that Director Eveler reviewed after the initial certification revealed the mistake. In the past, the staff member uploading memory cards used a checklist to identify precincts where there were two memory cards expected to be returned. Unfortunately, that practice did not get passed on from the previous person to the new staff member taking over that duty. In the future, Director Eveler said that the checklist will be used and also the precinct-level report will be reviewed earlier in the process.
- Ms. Mosbacher also suggested that we could have two sealed bags for those precincts with two scanners.

Mr. Bruning moved to recertify the election results as presented on the new Election Summary report with the corrected count. Ms. Mosbacher seconded.  
Approved 2-1. Mr. Gartland voted against.

Ms. Mosbacher adjourned the meeting at 8:44 a.m.
