5G Football

## Bonded 5G Bandwidth In a Box

The 5G Football by Trade Show Internet is the perfect portable bandwidth solution for back-of-house video streaming and AV team connectivity. Small but unbelievably powerful, this versatile solution can be deployed as a stand-alone bandwidth source in any hotel, convention center, or venue environment. The router bonds multiple 5G connections from Verizon, AT&T, and T-Mobile, with built-in bandwidth redundancy to keep you always connected. The kit's bonded speeds of 20-100 Mbps download and 10-80 Mbps upload will satisfy all of your connectivity needs including live video streaming, demos, point-of-sale, email, social media, and general web surfing. Rent by the day. Drop-ship anywhere in the U.S. with FedEx. Simply plug & play and skip the in-house "exclusive" vendor.
