

5G MEGA INTERNET KIT

5G Mega Internet Kit

POP-UP WIFI HOTSPOT FOR 300 DEVICES

Our 5G Mega Internet Kit is built for events with 50-300 WiFi devices. Simply plug the kit into any standard electric outlet for instant Internet access with our bonded 5G-to-WiFi technology. This product is the most flexible, reliable, portable WiFi rental solution in the marketplace. We designed it to satisfy the connectivity needs of hotel meetings, large exhibit booths, pavilions, and pop-up events. Our mesh WiFi access points seamlessly extend coverage to adjacent breakout rooms. Supports secure web browsing, live video streaming, demos, presentations, VoIP, social media, email, credit card processing, Zoom, and more. Take matters into your own hands -- no venue permission, IT expertise, ethernet drops, or DSL/T1 lines needed.

Features

- Connects up to 300 WiFi devices
- Custom WiFi network name (SSID) and password
- WiFi expansion options for covering multiple rooms
- 2 hard-wired ethernet connections, expandable to 24
- Carrier redundancy: Verizon, AT&T, T-Mobile
- Bonded speeds: 20-100 Mbps down; 10-80 Mbps up
- No existing Internet/DSL connection required
- Plug & play - deploy anywhere in the U.S.
- FCC Part 15 compliant - no venue permission needed
- 100% money back guarantee on performance
