

AA2666D4SR8S/8G

JEDEC Standard 8GB DDR4-2666MHz Unbuffered Single Rank x8 1.2V 260-pin CL15 SODIMM

Features:

- Standard Power Supply 1.2V
- 260-pin CL15 SODIMM
- Memory Size: 8GB
- Single rank
- RoHS Compliant and Halogen-Free
- Application: Server

Product Description

This Industry Standard 8GB DDR4-2666MHz Single Rank Unbuffered 1.2V 260-pin CL15 SODIMM is 100% guaranteed to be compatible with your system and to work right the first time. Adding additional memory is the best way to increase the performance of your system. All our memory is built to strict JEDEC standards to meet or exceed the Tier 1 OEM's factory requirements. Our products are also guaranteed by federal law to not affect or void OEM warranties.

Specifications

Parameter	Specifications
Form Factor	SODIMM
Technology	DDR4
Memory Size	8GB
Speed	2666MHz
Speed Specification	PC4 19200
Pins	260
Memory Voltage	1.2V
Chip By Value	X8
CAS Latency	CL15
DIMM Type	Unbuffered
Rank	Single

Error Correction	No
Timings	
tCL	19
tRCD	19
tRP	19
tRAS	43
Cooling Technology	
Heatsink	None

About AddOn Networks

In 1999, AddOn Networks entered the market with a single product. Our founders fulfilled a severe shortage for compatible, cost-effective optical transceivers that compete at the same performance levels as leading OEM manufacturers. Adhering to the idea of redefining service and product quality not previously had in the fiber optic networking industry, AddOn invested resources in solution design, production, fulfillment, and global support.

Combining one of the most extensive and stringent testing processes in the industry, an exceptional free tech support center, and a consistent roll-out of innovative technologies, AddOn has continually set industry standards of quality and reliability throughout its history.

Reliability is the cornerstone of any optical fiber network and is engrained in AddOn's DNA. It has played a key role in nurturing the long-term relationships developed over the years with customers. AddOn remains committed to exceeding industry standards with certifications from ranging from NEBS Level 3 to ISO 9001:2005 with every new development while maintaining the signature reliability of its products.
