

ADD-ATTN-LCPCMM3-3DB

2-Pack of 3dB fixed LC Male to LC Female OM3 MMF Simplex Fiber Attenuators

Features

- 2-Pack of Attenuators
- Attenuation: 3dB
- Connectors: LC Male and LC Female
- Operating Temperature: -40°C ~ +75°C

Product Description:

This is a simplex MMF OM3 fiber optic attenuator, used in fiber optic links to reduce or attenuate optical power. This fixed value attenuator will reduce optical power by 3dB. It uses male to female LC connection and is used in multi-mode (MMF) applications. This attenuator comes as a 2-pack. Our attenuators are cost effective and 100% compliant for all of your networking needs. Our products are guaranteed by federal law to not affect or void OEM warranties.

Technical Specifications

Parameter	Specification
Cable Mode	Simplex
Connector	LC (Male) to LC (Female)
Attenuation	3dB
Media	MMF
Standard	OM3
Return Loss	RL \geq 35dB
Attenuation Tolerance	\pm 0.5dB
Operating Temperature	-40°C ~ +75°C
Cap Color	White
Housing Color	Beige

Mechanical Specifications

About AddOn Networks

In 1999, AddOn Networks entered the market with a single product. Our founders fulfilled a severe shortage for compatible, cost-effective optical transceivers that compete at the same performance levels as leading OEM manufacturers. Adhering to the idea of redefining service and product quality not previously had in the fiber optic networking industry, AddOn invested resources in solution design, production, fulfillment, and global support.

Combining one of the most extensive and stringent testing processes in the industry, an exceptional free tech support center, and a consistent roll-out of innovative technologies, AddOn has continually set industry standards of quality and reliability throughout its history.

Reliability is the cornerstone of any optical fiber network and is engrained in AddOn's DNA. It has played a key role in nurturing the long-term relationships developed over the years with customers. AddOn remains committed to exceeding industry standards with certifications from ranging from NEBS Level 3 to ISO 9001:2005 with every new development while maintaining the signature reliability of its products.
