

SCK-SS-MPO-AO

MPO Fiber Connector Cleaner for 12, 24, 48, and 72 strand fiber connectors including most cassettes, loopbacks, and ports. Works with Pinned, Pinless, Flat, and Angled connectors

Features

- Self aligning using a push engagement
- RoHS and REACH Compliant
- 600 Cleanings using a micro woven fabric cleaning ribbon
- Effective for wiping away dust and residues
- Cleaning pinned (Male) and unpinned (Female) MPO connectors
- Cleans in adapter and unmated MPO Connectors
- Cleans flat (Multi-mode) and angled (Single-mode) MT end faces
- Center Orientation Key for proper wiping of angled polished end faces.
- Clear Housing for easy viewing of remaining cleaning ribbon

Specifications

Parameter	Specification
Length	197mm (7.75")
Width	15mm (0.6")
Height	51mm (2")
Weight	43g (0.1lb)
Applicable Connectors	8, 12, 24, 48 and 72 Fiber MPO IP Series Connectors with MPO
Cleaning Capacity	600 Cleanings
Orientation Key	Centered
Cleaning Medium	Micro Woven Fabric Ribbon

Caution

- This product is intended for use as a cleaner for MPO connector ferrule end face
- Do not use for any other purposes
- Do not use this product for cleaning lens type optical ports (such as transceivers, reception ports for optical measurement equipment, etc.)

About AddOn Networks

In 1999, AddOn Networks entered the market with a single product. Our founders fulfilled a severe shortage for compatible, cost-effective optical transceivers that compete at the same performance levels as leading OEM manufacturers. Adhering to the idea of redefining service and product quality not previously had in the fiber optic networking industry, AddOn invested resources in solution design, production, fulfillment, and global support.

Combining one of the most extensive and stringent testing processes in the industry, an exceptional free tech support center, and a consistent roll-out of innovative technologies, AddOn has continually set industry standards of quality and reliability throughout its history.

Reliability is the cornerstone of any optical fiber network and is engrained in AddOn's DNA. It has played a key role in nurturing the long-term relationships developed over the years with customers. AddOn remains committed to exceeding industry standards with certifications from ranging from NEBS Level 3 to ISO 9001:2005 with every new development while maintaining the signature reliability of its products.
