

## ADD-LC-LC-COUPLER

OS1, OS2, OM4 LC (Female) to LC (Female) Inline Coupler Duplex

### Features

- LC/LC coupler
- Performance of up to 250MHz
- Color: clear
- Riser Jacket

### Product Description

This is an LC female to female duplex coupler. Our connectors are 100% compliant for all of your networking needs. Our products are guaranteed by federal law to not affect or void OEM warranties. The OS1/2/ OM4 cable is a standardized twisted pair cable for Ethernet or other physical network layers. OS1/2/ OM4 standards specify performance of up to 250MHz. Our patch cables are 100% compliant for all of your networking needs. Our products are guaranteed by federal law to not affect or void OEM warranties.

### Specifications

Parameter	Specifications
Application	Coupler
Cable Mode	Duplex
Color	Clear
Connector	LC (Female) to LC (Female)
Core/Cladding	9/125μm
Jacket Type	Riser
Standard	OS1, OS2, OM4
Termination Type	Straight

Mechanical Specifications

## About AddOn Networks

In 1999, AddOn Networks entered the market with a single product. Our founders fulfilled a severe shortage for compatible, cost-effective optical transceivers that compete at the same performance levels as leading OEM manufacturers. Adhering to the idea of redefining service and product quality not previously had in the fiber optic networking industry, AddOn invested resources in solution design, production, fulfillment, and global support.

Combining one of the most extensive and stringent testing processes in the industry, an exceptional free tech support center, and a consistent roll-out of innovative technologies, AddOn has continually set industry standards of quality and reliability throughout its history.

Reliability is the cornerstone of any optical fiber network and is ingrained in AddOn's DNA. It has played a key role in nurturing the long-term relationships developed over the years with customers. AddOn remains committed to exceeding industry standards with certifications from ranging from NEBS Level 3 to ISO 9001:2005 with every new development while maintaining the signature reliability of its products.
