

## **SYLLABUS**

### **Course Title:**

Helping Your Patients Navigate Cancer-Related Sexual Dysfunction

### **Course Description:**

This 2.75-hour online course is designed for pelvic health rehab providers to improve their knowledge of cancer-related sexual dysfunction and how to manage it. This self-paced course focuses on sexual health, the impact of different cancer treatments on sexual health, types of cancer-related sexual dysfunction, appropriate examination and evaluation, and interventions the rehab provider can provide for their patients.

### **Learning Objectives:**

By the end of this course, the learner will be able to:

1. Describe sexual health and the sexual response cycle
2. Understand sexual health side effects from cancer treatment
3. Discuss interventions for addressing cancer-related sexual dysfunction
4. Identify appropriate healthcare provider referrals

### **Modules:**

Module 1: Pelvic Anatomy and Function

Module 2: Introduction to Sexual Health

Module 3: Cancer-Related Sexual Dysfunction

Module 4: Cancer Treatments and Side Effects

Module 5: Pelvic Health Rehab Evaluation and Examination

Module 6: Management of Cancer-Related Sexual Dysfunction

### **Post-Professional Learning Level:**

Intermediate
