CLIENT SUCCESS STORY

Company X: An organization that
**manufactures injection molds tailored to the
plastics industry in the Midwest**

Sector: Manufacturing

Business Challenge

Being in a position that is prone to burnout combined with increasingly demanding timelines, this Midwest Manufacturing organization was dealing with both internal and external challenges which resulted in a **need for annual business-wide realignment** to meet current organizational needs and promote strong company culture. More specifically, the organization's staff was looking to identify their accomplishments & opportunities, clarify and promote their desired culture, and maintain high levels of drive for consistent results across all departments.

The Outcomes

After the program, substantial positive feedback was received regarding the content, pace of the program, and facilitation style. The following testimonial was provided by the organization's Chief Operating Officer.

Our Approach

The Catching Leadership team focused on providing the following as their solution:

**1.5 Day Strategic Planning
Session Facilitated Onsite**

**A Customized Experience
Focused Heavily on Cultural
Improvement**

**Presentations, Custom
Simulations, Group
Discussions, & Activities**

"Michael did a great job leading our organization in its strategic planning meetings. He took the time to understand our company and taught us a lot about developing our culture." - *Chief Operating Officer*
